Recasting Women Ebays In Colonial Histo:

Recasting Women Kumkum Sangari, Sudesh Vaid, 1997 **Recasting Women** Kumkum Sangari, Sudesh Vaid, 1990 The political and social life of India in the last decade has given rise to a variety of questions concerning the nature and resilience of patriarchal systems in a transitional and post colonial society The contributors to this interdisciplinary volume recognize that every aspect of reality is gendered and that such a recognition involves a dismantling of the ideological presuppositions of the so called gender neutral ideologies as well as the boundaries of individual disciplines **Recasting Women Essays in Colonial Histroy** ,2015 **Colonialism as Civilizing Mission** Harald Fischer-Tiné, Michael Mann, 2004 Inherent in colonialism was the idea of self legitimation the most powerful tool of which was the colonizer s claim to bring the fruits of progress and modernity to the subject people In colonial logic people who were different because they were inferior had to be made similar and hence equal by civilizing them However once this equality had been attained the very basis for colonial rule would vanish Colonialism as Civilizing Mission explores British colonial ideology at work in South Asia Ranging from studies on sport and national education and pulp fiction to infanticide psychiatric therapy and religion these essays on the various forms expressions and consequences of the British civilizing mission in South Asia shed light on a topic that even today continues to be an important factor in South Asian politics *Women Writing in India: 600 B.C. to the early twentieth century* Susie J. Tharu, Ke Lalita, 1991 Includes songs by Buddhist nuns testimonies of medieval rebel poets and court historians and the voices of more than 60 other writers of the 18th and 19th centuries Among the diverse selections are a rare early essay by an untouchable woman an account by the first feminist historian and a selection from the first novel written in English by an Indian woman *Making Women's Histories* Pamela S. Nadell, Kate Haulman, 2013-01-07 Examines how women s histories are explored and explained around the world Making Women s Histories showcases the transformations that the intellectual and political production of women s history has engendered across time and space It considers the difference women s and gender history has made to and within national fields of study and to what extent the wider historiography has integrated this new knowledge What are the accomplishments of women s and gender history What are its shortcomings What is its future The contributors discuss their discovery of women s histories the multiple turns the field has taken and how place affected the course of this scholarship Noted scholars of women s and gender history they stand atop such historiographically defined vantage points as Tsarist Russia the British Empire in Egypt and India Qing dynasty China and the U S roiling through the 1960s From these and other peaks they gaze out at the world around them surveying trajectories in the creation of women s histories in recent and distant pasts and envisioning their futures **Makeshift Migrants and Law** Ratna Kapur, 2012-03-12 This book unmaskes the cultural and gender stereotypes that inform the legal regulation of the migrant It critiques the postcolonial perspective on how belonging and non belonging are determined by the sexual cultural and familial norms on which law is based as well as the historical backdrop of the colonial

encounter which differentiated overtly between the legitimate and illegitimate subject The complexities and layering of the migrant s existence are seen in the book to be obscured by the apparatus of the law The author elaborates on how law can both advance and impede the rights of the migrant subject and how legal interventions are constructed around frameworks rooted in the boundaries of difference protection of the sovereignty of the nation state and the myth of the all embracing liberal subject This produces the Other and reinforces essentialised assumptions about gender and cultural difference The author foregrounds the perspective of the subaltern migrant subject exposing the deeper issues implicated in the debates over migration and the rights claims of migrants primarily in the context of women and religious minorities in India Men and Development ,2012-09-13 A wide ranging volume featuring contributions from some of today s leading thinkers and practitioners in the field of men masculinities and development Together contributors challenge the neglect of the structural dimensions of patriarchal power relations in current development policy and practice and the failure to adequately engage with the effects of inequitable sex and gender orders on both men s and women s lives The book calls for renewed engagement in efforts to challenge and change stereotypes of men to dismantle the structural barriers to gender equality and to mobilize men to build new alliances with women s movements and other movements for social and gender justice

Images of Women in Maharashtrian Society Anne Feldhaus,1998-01-29 This volume a companion to *Images of Women in Maharashtrian Literature and Religion* SUNY Press 1996 approaches more closely the realities of women s lives Using historical documents from the eighteenth and nineteenth centuries and photographs interviews and conversations from the twentieth the book constructs images of the conditions of women s lives in the modern state and traditional region of Maharashtra over the past three hundred years The authors search for the ideas understandings and judgments that have shaped those conditions for the conscious and unconscious images that have made women s lives what they have been The contributors examine ways femininity and the power status and potential of women have been viewed actual women emphasizing ideas about women Understanding ideas of this kind is a necessary first step toward understanding and perhaps eventually affecting the actualities of women s lives This book is divided into three parts Part I is based on documentary sources from the eighteenth century Part II explores the subjects and terms of the conservatism versus reform debate in Maharashtra and thus complements recent studies on images of women in Bengal and other parts of North India during the colonial period Part III which presents contemporary images of women in Maharashtra includes an examination of village women s work a photo essay an oral life history and a bibliographical essay Women at War Vera Hildebrand,2018-03-15 Among the more improbable events of the Asia Pacific Theater in World War II was the creation in Singapore of a corps of female Indian combat soldiers the Rani of Jhansi Regiment RJR They served under Indian freedom fighter Subhas Chandra Bose in the Indian National Army Because the creation of an Indian all female regiment of combat soldiers was a radical military innovation in 1943 and because the role of women in today s broader context of Indian culture has become a

prevalent and pressing issue the extensive testimony of the surviving veterans of this unit is timely and urgent The history of these brave women soldiers is little known their extraordinary service and the role played by Bose remains largely unexplored In the years since the RJR surrender in 1945 the story of Subhas Chandra Bose and the Rani Regiment of female combatants as signature symbols of both the national fight for independence and of Indian women's struggle for gender equality has taken on aspects of myth Lengthy interviews with the veteran Ranis together with archival research comprise the evidence that separates the myth of the Bengali hero and his jungle warrior maidens from historical fact and this resulting book presents an accurate narrative of the Ranis The facts are nearly as impressive as the legend
