will forever be recognized and remembered for his goal with 34 seconds remaining in the 8th game of the 1972 Summit Series. This goal gave Canada the lead and won them the series and with that the team became known as the Team of the Century. And Paul's goal as the Goal of the Century. But there is more to Paul Henderson than just that one goal and in *The Goal of My Life* Henderson opens up about scoring both on and off the ice. A family man and a man with deep faith, Henderson lives each day with tremendous appreciation for the gifts life has rewarded him and has not allowed his recent diagnosis with cancer to alter his positive demeanor. Henderson takes fans back to the moment 1972 when Canada won the Summit Series though additionally shares memories from his entire life and his early days playing hockey through to his retirement from the game and his personal challenges with Leukemia. Henderson is a hero and his book is one that all fans of hockey and life will enjoy. *Hockey 365* Mike Commito, 2018-09-08. A hockey history moment for every day of the year. Family-oriented stories from everyday hockey players and fans, as well as revealing personal stories from NHLers and hockey insiders, will captivate readers. *Vampires, Dragons, and Egyptian Kings* Eric C. Schneider, 2021-01-12. They called themselves Vampires, Dragons, and Egyptian Kings. They were divided by race, ethnicity, and neighborhood boundaries but united by common styles, slang, and codes of honor. They fought and sometimes killed to protect and expand their territories. In postwar New York, youth gangs were a colorful and controversial part of the urban landscape made famous by *West Side Story* and infamous by the media. This is the first historical study to explore fully the culture of these gangs. Eric Schneider takes us into a world of switchblades and slums, zoot suits and bebop music to explain why youth gangs emerged, how they evolved, and why young men found membership and the violence it involved so attractive. Schneider begins by describing how postwar urban renewal, slum clearances, and ethnic migration pitted African American, Puerto Rican, and Euro American youths against each other in battles to dominate changing neighborhoods. But he argues that young men ultimately joined gangs less because of ethnicity than because membership and gang violence offered rare opportunities for adolescents alienated from school work or the family to win prestige, power, adulation from girls, and a masculine identity. In the course of the book, Schneider paints a rich

and detailed portrait of everyday life in gangs drawing on personal interviews with former members to re create for us their language music clothing and social mores We learn what it meant to be a down bopper or a jive stud to fish with a beautiful deb to the sounds of the Jesters and to wear gang sweaters wildly colored zoot suits or the Ivy League look He outlines the unwritten rules of gang behavior the paths members followed to adulthood and the effects of gang intervention programs while also providing detailed analyses of such notorious gang related crimes as the murders committed by the Capeman Salvador Agron Schneider focuses on the years from 1940 to 1975 but takes us up to the present in his conclusion showing how youth gangs are no longer social organizations but economic units tied to the underground economy Written with a profound understanding of adolescent culture and the street life of New York this is a powerful work of history and a compelling story for a general audience **Giftwares** ,1927 **Audubon** ,1909 **You Should Have Been There**

Richard Norton,2016-01-15 So many people have told me I should write a book because I almost always could come up with a true story for most any situation happening So I am succumbing to all the prompting and writing down the many stories I have stored in me It s impossible to just sit down and write everything at once I have to wait until an event happens that triggers my memory For instance when I was in the army I recorded many of the happenings of army life that I thought funny or unusual Stories I write will mostly be about other people that happened into my life and not necessarily about me but I was there an observer as much as a participant I ve relied on the opinions of generous friends who think my stories are worthwhile I m fortunate to have crossed paths with many luminaries and have been exposed to lots of humanity both good and bad I went from high school into army intelligence for three years during the Korean War After being discharged I attended Wayne State University for one year and sold cars for a short while Then I went to the Chrysler Engineering Institute I graduated from Chrysler and became a body design engineer After a while big layoffs got me looking for employment again and I went to work as a mechanical engineer for several years at companies that were into the space programs I drifted into acting and modeling and was one of the most working models around Detroit I was in over one hundred movies and TV commercials in that career for nineteen years and worked all over the country In 1980 I moved to the Palm Beach area in Florida and after a short time engineering again was hired as a salesman at one of the largest art galleries in the world I spent sixteen years at the gallery and then retired as part owner In retirement now I occupy my time painting golfing and cruising around the waters in my boat This book is about the unusual happenings in my varied life and of the many famous people I met and worked with Every story is true and written as best I can recollect Bird Lore ,1934
