Sisson,2011-05-05 Have you ever wondered what the American Continent was like before the Native Americans discovered that Columbus was lost A time before alcohol guns and other mechanized New World inventions The horse came onto the scene with the arrival of the Spanish Explorers in the Sixteenth Century Before the Natives were introduced to the horse all travel was by walking Though many Native tribes were highly sophisticated societies technology was still very primitive This story takes the reader to a time of scant historical traces left by a people who believed it was honorable to leave no footprints upon the Mother during ones lifetime The story itself is an obscure legend that has had reality interwoven with folklore so as to duplicate as closely as possibly the life and times of these people whose culture was wonderfully rich and colorful This story tells of how the ancient peoples upon the Continent lived before recorded history What they ate What they believed in How they survived Their politics and social life My goal is to create a feeling in my readers of having traveled to this interesting and intriguing time and place To have met the characters in their own environment where they are dealing with their personal concerns and survival

Eagle Voice Remembers John G. Neihardt,2021-02 Eagle Voice Remembers is John Neihardt s mature and reflective interpretation of the old Sioux way of life He served as a translator of the Sioux past whose audience has proved not to be limited by space or time Through Neihardt s writings Black Elk Eagle Elk and other old men who were of that last generation of Sioux to have participated in the old buffalo hunting life and the disorienting period of strife with the U S Army found a literary voice What they say chronicles a dramatic transition in the life of the Plains Indians the record of their thoughts interpreted by Neihardt is a legacy preserved for the future It transcends the specifics of this one tragic case of cultural misunderstanding and conflict and speaks to universal human concerns It is a story worth contemplating both for itself and for the lessons it teaches all humanity from the

[Quaternity](#) Kenneth Mark Hoover,2015-03-17 A poetic doom laden Western soaked in blood and frenzy This Cormac McCarthy-esque terror fantasia of a prequel both frames and outstrips Hoover s Haxan Gemma Files author of *Spectral Evidence* Before he became a US federal marshal in Haxan John Marwood rode with a band of killers up and down the Texas Mexico border Led by Abram Botis an apostate from the Old Country this gang of thirteen killers searches for the fabled golden city of Cibola even riding through the barren blood soaked plains of Comancheria In this violent crucible of blood dust and wind Marwood discovers a nightmarish truth about himself and conquers the silent wintry thing coiled inside him After 2014 s brilliantly brutal Haxan Hoover revisits his nightmarish American West A western of blood and violence with a marked lack of redemption tinged with hints of the fantastic this is a pitch black western that resonates Publishers Weekly With a voice both sparse and poetic Hoover takes on the hoary cliches of Western fiction and dismantles them one by one In *Quaternity* Hoover s unflinching look at evil will challenge everything you know about yourself and the world we live in Melissa Lenhardt author of *Heresy* Hoover does it again *Quaternity* starts with a bang and doesn t quit until a satisfying conclusion This is my kind of weird west Love it Jennifer Brozek author of *The Last Days of Salton Academy* **Entangling**

Alliances Susan Zeiger, 2010-03-01 Throughout the twentieth century American male soldiers returned home from wars with foreign born wives in tow often from allied but at times from enemy nations resulting in a new official category of immigrant the allied war bride These brides began to appear en masse after World War I peaked after World War II and persisted through the Korean and Vietnam Wars GIs also met and married former enemy women under conditions of postwar occupation although at times the US government banned such unions In this comprehensive complex history of war brides in 20th century American history Susan Zeiger uses relationships between American male soldiers and foreign women as a lens to view larger issues of sexuality race and gender in United States foreign relations Entangling Alliances draws on a rich array of sources to trace how war and postwar anxieties about power and national identity have long been projected onto war brides and how these anxieties translate into public policies particularly immigration
