Rediscovering Magical Realism In The Americas:

Rediscovering Magical Realism in the Americas Shannin Schroeder, 2004-10-30 Drawing from a variety of contemporary literature including such works as *One Hundred Years of Solitude*, *Beloved* and *Like Water for Chocolate* Schroeder explores magical realism as one of many common denominators in the literature of the Americas challenging the notion that magical realism should be defined merely in terms of geography or Latin American history By relying on an all encompassing vision of this unique mode of writing the author argues that the Americas share a literary tradition and validates the North American strain of the mode In addition she points to fundamentally similar approaches to fiction that illustrate the ways in which the Americas share a common literature and calls for increased Pan American scholarship Counteracting the critical tendency to label anything unreal or supernatural in literature as magical realism Schroeder traces the mode through a variety of contemporary works including well known and lesser known examples Through a carefully articulated history and description of the mode itself she is able to show that while Latin American and North American fiction share in common certain features of magical realism their distinctive approaches to it reflect Latin America's third world concerns and North America's preoccupation with popular culture and capitalism Tracing the forces of change at work on the mode in an effort to counter the tendency among scholars to apply the label without justification this book reclaims magical realism as a current and significant term for use in its application to literary works Moments of Magical Realism in US Ethnic Literatures R.

Moving Forward, Looking Back Sarah M. Misemer, 2010 Many critical shifts in concepts of time and society's consciousness of modernity were derived from the railway and World Standard Time in the nineteenth century These innovations restructured the way people viewed the world and dealt with public and private time The forward projectile motion along a linear track mimicked the passage of public chronological time Conversely the train also invoked a private nostalgic view of time as the traveler was yanked from his/her traditional view of the space-time continuum via the train's velocity Travelers observed the landscape disappear in their backward glance from the window although the landscape and interior compartment's space remained stagnant This optical illusion caused passengers to perceive the world in new ways Thus the train unveils a conflictive blend of nostalgia and progress in the River Plate as these countries move forward but look back

Magical Realism in Postcolonial British Fiction Taner Can, 2014-06-01 This study aims at delineating the cultural work of magical realism as a dominant narrative mode in postcolonial British fiction through a detailed analysis of four magical realist novels Salman Rushdie's *Midnight's Children* 1981 Shashi Tharoor's *The Great Indian Novel* 1989 Ben Okri's *The Famished Road* 1991 and Syl Cheney Coker's *The Last Harmattan of Alusine Dunbar* 1990 The main focus of attention lies on the ways in which the novelists in question have exploited the potentials of magical realism to represent their hybrid cultural and national identities To provide the necessary historical context for the discussion the author first traces the development of magical realism from its origins in European Painting to its appropriation into literature by European and Latin American writers and explores the contested definitions of magical realism and the critical questions surrounding them He then proceeds to analyze the relationship between the paradigmatic turn that took place in postcolonial literatures in the 1980s and the concomitant rise of magical realism as the literary expression of Third World countries
