they offer something different from dry field guides and will appeal to the interested layman as much as the wildlife devotee. Ideal as a lightweight companion to any wildlife trip, they also make a handsome souvenir. The Pantanal of Brazil, Bolivia, and Paraguay is South America's Serengeti; its wetlands are the largest on earth; they're half the size of France, and in the dry season crocodiles and storks jostle to gobble the last of the dying fish. Here the continent's largest cat, the jaguar, lives alongside giant otters, anacondas, and the world's largest parrot. A comprehensive introduction to the best place to watch wildlife in South America, and beautifully illustrated throughout, Bradt's Pantanal Wildlife is the only portable book to cover all the main wildlife groups while focussing exclusively on the Pantanal. Based in Argentina, James Lowen is a wildlife writer, editor, photographer, and lecturer. He is editor of the only magazine to focus on birdwatching in Latin America.
