**The Whole Death Catalog** Harold Schechter, 2009-06-02 In the tradition of Mary Roach s bestselling *Stiff* and Jessica Mitford s classic expos *The American Way of Death* comes this meticulously researched refreshingly irreverent and lavishly illustrated look at death from acclaimed author Harold Schechter With his trademark fearlessness and bracing sense of humor Schechter digs deep into a wealth of sources to unearth a treasure trove of surprising facts amusing anecdotes practical information and timeless wisdom about that undiscovered country to which we will all one day travel Topics include Death anxiety is your fear of death normal or off the scale You can t take it with you or can you Wacky wills and bizarre bequests The hospice experience going out in comfort and style Deathbed and funeral etiquette how to help the dying and mourn the dead with dignity Death on demand why the right to die movement may be the next big thing Good bye everybody famous last words The embalmer s art all dressed up and nowhere to go Behind the scenes at your local funeral home Alternative burial choices from coral reefs to outer space From the cold hard facts of death to lessons in the art of dying well from what happens in the body s last living moments to what transpires in the ground or in the furnace from near death experiences to speculation on the afterlife *The Whole Death Catalog* leaves no gravestone unturned *Death of the Phoenix* Ernest Meeder, 2009-04 DEATH OF THE PHOENIX is the first volume of the trilogy SPIRIT OF THE SHARK The story takes place in the East Indies during and after the Japanese occupation of the islands It tells the story of Kees a five year old boys journey through the brutal world of Japanese operated prisons and his final escape into a new and civilized world This new world proves to be more hurtful than the life he has just left behind Not wanting to live with people any longer and having heard about the dangers of the sea he dreams of meeting the tiger shark at the far horizon With the help of an old fisherman they repairs a derelict canoe Out at sea he meets the shark and discovers that he is not his enemy and later becomes his friend and savior During the early weeks of the occupation Beth Kees mother fends off the advances of a Japanese Kenpeitai officer and in the process nearly kills him She and two small children have to flee for their lives struggling their way through mountain canyons and snake ridden swamps The story displays a delicate balance between humor and horror compassion and evil courage and fear It highlights peoples extraordinary potential when confronted with nearly insurmountable obstacles and their willingness to risk their lives not only for their friends but also their enemies An old servant woman Nanektua

teaches him to see the world not only from his own perspective but also to except the views of different cultures and religions The SPIRIT OF THE SHARK is a multi cultural adventure story that touches on subjects such as terrorism perceived ownership and other issues which are as pertinent today as they were then This trilogy covers a part of history that has been adamantly denied by the Japanese and conveniently forgotten by the Allies **Water, Rhetoric, and Social Justice**
