Reel Plastic Magic Laurence Kardish, 1972-01-01 **Hollywood As Historian** Peter C. Rollins, 2014-07-11 Motion picture images have influenced the American mind since the earliest days of film and many thoughtful people are becoming ever more concerned about that influence as about the pervasive influence of television In eras of economic instability and international conflict the film industry has not hesitated to use motion pictures for definite propaganda purposes During less troubled times the American citizen s ability to deal with political and social issues has been enhanced or thwarted by images absorbed in the nation s theatres *Hollywood As Historian* tracks the interaction of Americans with important motion picture productions Considered are such topics as racial and sexual stereotyping censorship of films comedy as a tool for social criticism the influence of great men and their screen images and the use of film to interpret history Opportunities for future study are suggested for those who wish to conduct their own examinations of American film in a cultural context *Hollywood As Historian* benefits from a variety of approaches Literary and historical influences are carefully related to *The Birth of a Nation* 1915 and *Apocalypse Now* 1979 two highly tendentious epics of war and cultural change How political beliefs of filmmakers affected cinematic styles is illuminated in a short survey of documentary films made during the Great Depression Historical distance has helped analysts to decode messages unintended by filmmakers in the study of *The Snake Pit* 1948 and *Dr Strangelove* 1964 While pluralism of approach has been encouraged balance has also been a goal a concern for institutional and thematic considerations never obscures matters of film aesthetics In twelve chapters dealing with more than sixteen films *Hollywood As Historian* offers a versatile text for classes in popular culture American studies film history or film as history The visual awareness promoted by this text has immediate application in that students can begin to consider the impact of motion pictures and television on their own lives The films considered *The Birth of a Nation* 1915 *The Plow that Broke the Plains* 1936 *The River* 1937 *March of Time* 1935 1953 *City Lights* 1931 *Modern Times* 1936 *The Great Dictator* 1940 *The Grapes of Wrath* 1940 *Native Land* 1942 *Wilson* 1944 *The Negro Soldier* 1944 *The Snake Pit* 1948 *On the Waterfront* 1954 *Dr Strangelove* 1964 *Who s Afraid of Virginia Woolf* 1966 and *Apocalypse Now* 1979 **Plastic Magic** Carroll Burleigh Colby, 1959 The different kinds of plastics their special uses how they are made and the research and testing of new forms of the material Grades 5 8 *Film* Ben Lawton, Janet Staiger, 1977 First Published in 1977 Routledge is an imprint of Taylor Francis an informa company *Censoring Hollywood* Aubrey Malone, 2011-10-10 Censorship has been an ongoing issue from the early days of filmmaking One hundred years of film censorship encompassing the entire 20th century are chronicled in this work The freewheeling nature of films in the early decades was profoundly affected by Prohibition the Depression and the formation of the Legion of Decency culminating in a new age of restrictiveness in the movies Such powerful arbiters of public taste as Will H Hays of the Motion Picture Producers and Distributors of America and Joseph Breen of the Production Code Association fomented an era whereby films with contentious material were severely censored

or even condemned This held sway until rebellious filmmakers like Otto Preminger challenged the system in the 1950s eventually resulting in the abandonment of the old regime in favor of the contemporary G through NC 17 ratings system

Clair recalled and I preferred Hollywood just a little In Movie Anecdotes Peter Hay treats us to a delightful ride through the world that has captivated audiences for almost a century with stories that are often hilarious sometimes tragic and always entertaining He takes us from the rough and tumble early days when one studio paid Pancho Villa 25 000 to launch his attacks only in daylight after a film crew had set up to the studio era when Joan Crawford refused to cross the street on the MGM lot except in a chauffeured limousine to the shenanigans of today s global industry Here are stories about all the legends Charlie Chaplin Greta Garbo John Barrymore Mae West Lucille Ball Marilyn Monroe Errol Flynn Humphrey Bogart Bette Davis Judy Garland Sophia Loren John Wayne and of course Ronald Reagan There are the great directors from D W Griffith Hitchcock and Eisenstein to Kurosawa Bergman Visconti Huston Ford and Woody Allen And Hay has selected tales of the writers the wits and the grand moguls including perhaps the largest collection of Goldwynisms both genuine and apocryphal Along with the laughter this volume recreates the conflicts that have torn the movie world from battles over money and contracts to discrimination divorces and scandals Colorful incredible bitter funny the stories about moviemaking are as fantastic as the pictures themselves Now they have been gathered together in an irresistible bouquet that is certain to delight every movie buff and provide fascinating insights for serious students of film

Movies and Methods Bill Nichols, 1976 VOLUME 2 Movies and Methods Volume II captures the developments that have given history and genre studies imaginative new models and indicates how feminist structuralist and psychoanalytic approaches to film have achieved fresh valuable insights In his thoughtful introduction Nichols provides a context for the paradoxes that confront film studies today He shows how shared methods and approaches continue to stimulate much of the best writing about film points to common problems most critics and theorists have tried to resolve and describes the internal contradictions that have restricted the usefulness of post structuralism Mini introductions place each essay in a larger context and suggest its linkages with other essays in the volume A great variety of approaches and methods characterize film writing today and the final part conveys their diversity from statistical style analysis to phenomenology and from gay criticisms to neoformalism This concluding part also shows how the rigorous use of a broad range of approaches has helped remove post
