*Sampling and Site-Specific Practice in Contemporary Art* Margot Bouman,2025-05-15 In the early 20th century copying cutting and pasting entered the Western European avant garde through collage and readymades as artists employed found objects and ephemera to create new meaning from existing materials This book explores how this practice has evolved in contemporary art today looking at its important and distinct outcomes in the practice of artists such as Andrea Fraser Douglas Gordon Isaac Julien Christian Marclay Amie Siegel and Christopher Williams It analyses the pivotal consequences of the interrelationships these artists establish between fragments of culture from television and film to internet culture and their artwork s site where the verb to sample has become deeply tied to digital music editing writing image production database searches and social media Samples take many forms quotations of other cultural works replicas of other objects reenactments of works by other artists or fragments that are quite literally cut or removed from other works of art design or media Via Bouman s analysis we visualise the shared frameworks of meaning that underpin these multifaceted multidimensional and medium fluid works Focussing on action and form the book discusses the relationship between the referent and reference and the citational labor that any sample performs The distributive sense of authorship that emerges places the audience in a new position of significance Concepts and themes discussed include queer and race theory postproduction and mirroring mobile site specificity now time and dragging and gender fluidity and Drag King performance centring sampling as a key form of 21st century art With novel insights into the conceptual material and aesthetic dimensions of sampling in contemporary culture the book provides a new critical

Addresses literary theory and criticism comparative studies in terms of theme genre movement and influence and interdisciplinary perspectives      Film Consciousness Spencer Shaw, 2015-03-10 The notion of film consciousness is one that has played around various film and philosophical discourses without ever really surfacing as a cogent theory Representing the first major expression of film consciousness as a tangible concept this critical study revisits notions of memory retentional consciousness narrative expectation and spatio temporal perception while also analyzing several major films The first half of the book focuses on understanding the elements of the film experience and its associated consciousness through the descriptive tools of phenomenology The second part develops the idea of film consciousness as a unique vision of the world and as a large element in the human understanding of reality Throughout the work the author combines the ideas of philosophers and film theorists from phenomenology such as Husserl Merleau Ponty Bazin and Kracauer with the postmodernist work of Deleuze and transitional theorists Bergson and Benjamin      **Salaam Bollywood** Vikrant Kishore, Amit Sarwal, Parichay Patra, 2016-03-31 This book traces the journey of popular Hindi cinema from 1913 to contemporary times when Bollywood has evolved as a part of India's cultural diplomacy Avoiding a linear developmental narrative the book re-examines the developments through the ruptures in the course of cinematic history The essays in the volume critically consider transformations of the Hindi film industry from its early days to its present self-referential mode issues of gender dance and choreography Bombay cinema's negotiations with the changing cityscape and urbanisms and concentrate on its multifarious regional national and transnational implications in the 21st century One of the most comprehensive volumes on Bollywood this work presents an analytical overview of the multiple histories of popular cinema in India and will be useful to scholars and researchers interested in film and media studies South Asian popular culture and modern India as well as to cinephiles and general readers alike      **Hollywood Studio Musicians** Robert R.

Faulkner, 2017-07-05 When originally published in 1971 *Hollywood Studio Musicians* was the first detailed analysis of the work and careers of production personnel in an industry devoted to mass culture Previously most researchers overlooked mass culture industries as work settings preferring to focus on content rather than the artists who created it This lucid and insightful book looks under the hood of the Hollywood film scoring and recording industry focusing upon the careers and work of top flight musicians A new preface by Howard S Becker highlights the study's historical context and importance Based upon in-depth interviews with freelance musicians Faulkner provides original insights into how we conceptualize occupations as well as the highly stratified system of professional prestige that results in what we now call the A List Faulkner develops a framework for discovering and exploring how rapidly changing and demanding freelance work induces status hierarchies sustains and updates collegial reputations tightens social networks between contractors and musicians and

restricts access to upward career paths This volume is a gem a masterpiece of field research combined with probing theoretically informed analysis Aside from the value of its own findings the volume offers students of sociology film and other creative industries a prime example of how to do good social science research In short it is a model for investigators to turn to when their own research needs help an exemplar of how research is done when it is done well The Incredibly Strange Features of Ray Dennis Steckler Christopher Wayne Curry, 2023-02-17 American filmmaker Ray Dennis Steckler may forever be remembered for his cult classic The Incredibly Strange Creatures Who Stopped Living and Became Mixed Up Zombies but his career path is even more fascinating than his strange signature film Between 1962 and 1986 Steckler wrote directed edited and occasionally acted in nine more underground feature films After his live oddities roadshows helped propel the director to even greater cult infamy Steckler turned his camera towards the adult film world Between 1970 and 1984 Steckler directed no fewer than three dozen of these explicit genre pieces This book covers Steckler's nearly 50 movies including several lost incomplete or experimental films Each entry includes a full list of cast and crew credits along with a plot synopsis plenty of images and behind the scenes anecdotes Transcriptions of the author's interviews with Steckler's ex wife Carolyn Brandt his daughter Laura H Steckler actor Ron Jason and stuntman and actor Gary Kent are included along with an homage chapter and an overview of the director's collectable memorabilia
