

# Types of anaphoric relations

- Identity of REFERENCE
  - Ross bought {a radiometer | three kilograms of after-dinner mints} and gave {it | them} to Nadia for her birthday.
- Identity of SENSE
  - Sally admired Sue's jacket, so she got one for Christmas. (Garnham, 2001)
  - (PAYCHECK PRONOUNS): The man who gave his paycheck to his wife is wiser than the man who gave it to his mistress. (Karttunen, 1976?)
- BOUND anaphora
  - No Italian believes that World Cup referees treated his team fairly
- ASSOCIATIVE / indirect anaphoric relations ('bridging')
  - The house .... the kitchen

# Reference And Anaphoric Relations

**Dan I. Slobin, Karl Zimmer**

## **Reference And Anaphoric Relations:**

**Reference and Anaphoric Relations** H.K. von Heusinger, U. Egli, 2001-11-30 The notions of reference and anaphoric relations have been discussed since antiquity and they are still one of the most challenging subjects in linguistics, logics and philosophy of language. The quest for a satisfying account of anaphoric reference has initiated a wide range of new and interesting approaches in formal semantics and recent research confirms the old insight that reference and anaphoricity are closely interrelated issues. This volume brings together fifteen original research articles on the representation and interpretation of indefinite and definite noun phrases, anaphoric pronouns and closely related issues such as scope and quantifier movement. The analyses are worked out within discourse representation theory, file change semantics and dynamic logic, a family of recent frameworks developed for the formal analysis of discourse semantics. Particular attention is paid to E-type theories of pronouns and to the use of choice functions in the semantics of noun phrases. The papers collected in this volume shed light on the question of how linguistic expressions establish reference and anaphoric relations. The use of choice function approaches within dynamic semantics opens new research perspectives on these questions. Audience: This book will be of interest to scholars and students of linguistics, logicians, philosophers of language, computational linguists and computer scientists with an interest in the semantics of natural language.

**The Oxford Handbook of Reference** Jeanette Gundel, Barbara Abbott, 2019-02-07 This handbook presents an overview of the phenomenon of reference, the ability to refer to and pick out entities, which is an essential part of human language and cognition. In the volume's 21 chapters, international experts in the field offer a critical account of all aspects of reference from a range of theoretical perspectives. Chapters in the first part of the book are concerned with basic questions related to different types of referring expression and their interpretation. They address questions about the role of the speaker, including speaker intentions and of the addressee as well as the role played by the semantics of the linguistic forms themselves in establishing reference. This part also explores the nature of such concepts as definite and indefinite reference and specificity and the conditions under which reference may fail. The second part of the volume looks at implications and applications with chapters covering such topics as the acquisition of reference by children, the processing of reference both in the human brain and by machines. The volume will be of interest to linguists in a wide range of subfields including semantics, pragmatics, computational linguistics and psycho and neurolinguistics as well as scholars in related fields such as philosophy and computer science.

**Reference to Abstract Objects in Discourse** Nicholas Asher, 2012-12-06 Reference to Abstract Objects in Discourse presents a novel framework and analysis of the ways we refer to abstract objects in natural language discourse. The book begins with a typology of abstract objects and related entities like eventualities. After an introduction to bottom-up compositional discourse representation theory (DRT) and to previous work on abstract objects in DRT, notably work on the semantics of the attitudes, the book turns to a semantic analysis of eventuality and abstract object denoting nominals in English. The book then substantially revises and

extends the dynamic semantic framework of DRT to develop an analysis of anaphoric reference to abstract objects and eventualities that exploits discourse structure and the discourse relations that obtain between elements of the structure A dynamic semantically based theory of discourse structure SDRT is proposed along with many illustrative examples Two further chapters then provide the analysis of anaphoric reference to propositions VP ellipsis The abstract entity anaphoric antecedents are elements of the discourse structures that SDRT develops The final chapter discusses some logical and philosophical difficulties for a semantic analysis of reference to abstract objects For semanticists philosophers of language computer scientists interested in natural language applications and discourse philosophical logicians graduate students in linguistics philosophy cognitive science and artificial intelligence

#### **Switch-Reference and Discourse Representation**

Lesley Stirling,1993-03-11 This book argues that types of anaphoric linkage across clause boundaries cannot be adequately accounted for by Binding Theory proposing instead an account for them which is formalised in Discourse Representation Theory

*Connectionist, Statistical and Symbolic Approaches to Learning for Natural Language Processing* Stefan

Wermter, Ellen Riloff, Gabriele Scheler,1996-03-15 This book is based on the workshop on New Approaches to Learning for Natural Language Processing held in conjunction with the International Joint Conference on Artificial Intelligence IJCAI 95 in Montreal Canada in August 1995 Most of the 32 papers included in the book are revised selected workshop presentations some papers were individually solicited from members of the workshop program committee to give the book an overall completeness Also included and written with the novice reader in mind is a comprehensive introductory survey by the volume editors The volume presents the state of the art in the most promising current approaches to learning for NLP and is thus compulsory reading for researchers in the field or for anyone applying the new techniques to challenging real world NLP problems

#### **The Bloomsbury Companion to the Philosophy of Language** Manuel Garcia-Carpintero, Max

Kölbel,2014-09-25 Beginning with works of Frege Russell and Wittgenstein The Bloomsbury Companion to the Philosophy of Language provides a critical history of the core concepts in the area From generative syntax and formal semantics to broader philosophical issues such as intentional contexts theories of meaning and context dependence a well known team of experts offer insightful analysis into some of the fundamental questions asked by the philosophy of language The result is a comprehensive introduction featuring a series of research tools including an A to Z of key terms and concepts a detailed list of resources and a fully annotated bibliography For students and scholars looking to better understand the questions and debates informing the subject this is an essential study tool

#### **Language and Reality from a Naturalistic Perspective**

Andrea Bianchi,2020-10-19 This book celebrates the many important contributions to philosophy by one of the leading philosophers in the analytic field Michael Devitt It collects seventeen original essays by renowned philosophers from all over the world They all develop themes from Devitt's work thus discussing many fundamental issues in philosophy of linguistics theory of reference theory of meaning methodology and metaphysics In a long final chapter Devitt himself replies to the

contributors In so doing he further elaborates his views on various of these issues for example defending his claim in opposition to Chomskyan orthodoxy that languages are external rather than internal his well known causal theory of reference his shocking idea that meanings can be causal non descriptive modes of presentation his methodological naturalism his commitment to scientific realism and his version of biological essentialism The volume will appeal to all scholars and students interested in contemporary theoretical analytic philosophy and will be a must read for any serious researcher in philosophy of language It provides a deep insight into the work of one of the most important living philosophers and will help readers to better understand language and reality from a naturalistic perspective **Reference and Referent**

**Accessibility** Thorstein Fretheim, Jeanette K. Gundel, 1996-01-01 The papers in this volume are concerned with the question of how a speaker's intended referent is interpreted by the addressee Topics include the interpretation of coreferential vs disjoint reference the role of intonation syntactic form and animacy in reference understanding and the way in which general principles of utterance interpretation constrain possible interpretations of referring expressions The collection arises from a workshop on reference and referent accessibility which was held at the 4th International Pragmatics Conference in Kobe Japan July 25-30 1993 **The Processing and Acquisition of Reference** Edward Gibson, Neal J. Pearlmutter, 2011 This book brings together contributions by prominent researchers in the fields of language processing and language acquisition on topics of common interest how people refer to objects in the world how people comprehend such referential expressions and how children acquire the ability to refer and to understand reference **Generative Grammar** Robert

Freidin, 2007-05-07 Generative Grammar presents a substantial contribution to the field of linguistics in drawing together for the first time the author's most significant work on the theory of generative grammar The essays collected here display Freidin's role in moving the theory forward in terms of new proposals and analyse the efforts to understand the evolution and history of the theory by careful investigation of how and why it has changed over the years *Studies in Turkish Linguistics*

Dan I. Slobin, Karl Zimmer, 1986-01-01 Turkish is a member of the Turkic family of languages which extends over a vast area in southern and eastern Siberia and adjacent portions of Iran Afghanistan and China Turkic in turn belongs to the Altaic family of languages This book deals with the morphological and syntactic semantic and discourse based synchronic and diachronic aspects of the Turkish language Although an interest in morphosyntactic issues pervades the entire collection the contributions can be grouped in terms of relative attention to syntax semantics and discourse and acquisition **Accessing**

**Noun-Phrase Antecedents (RLE Linguistics B: Grammar)** Mira Ariel, 2014-02-03 Accessing Noun Phrase Antecedents offers a radical shift in the analysis of discourse anaphora from a purely pragmatic account to a cognitive account in terms of processing procedures Mira Ariel defines referring expressions as markers signalling the degree of Accessibility in memory of the antecedent The notion of Accessibility is explicitly defined the crucial factors being the Salience of the antecedent and the Unity between the antecedent and the anaphor This analysis yields an astonishing array of new results The precise

distribution of referring expressions in actual discourse is directly predicted Several universals of anaphoric relations are stated Thus although not all languages necessarily have the same markers and nor do they assign them precisely the same function Ariel shows that they all obey the same Accessibility marking hierarchy This book will be compulsory reading for anyone with an interest in the semantics and pragmatics of referring expressions in the interaction of semantics and pragmatics and more generally in the interaction between peripheral and central cognitive systems **Routledge Library**

**Editions: Linguistics** Various,2021-12-02 Routledge Library Editions Linguistics brings together as one set mini sets or individual volumes a series of previously out of print classics from a variety of academic imprints With titles ranging from Applied Linguistics and Language Learning to Experimental Psycholinguistics and Sociolinguistics Today International Perspectives this set provides in one place a wealth of important reference sources from a wide range of authors expert in the field **Words and Meaning in Metasemantics** Juan José Colomina-Almiñana,2024-04-08 In Words and Meaning in

Metasemantics Juan Jos Colomina Almi ana puts forward a new way of understanding the linguistic and philosophical foundations of the study of language the Interactive Theory This theory states that the meaning of our sentences is much more than the truth values their components clauses carry Since language is a human artifact Words and Meaning in Metasemantics also explains the role that our reasons dispositions inferences acts and awareness have in the content fixing of the sentences speakers employ to refer to the world in which they belong **An Introduction to the Study of**

**Language** Leonard Bloomfield,1914 **From Language To Communication** Donald G. Ellis,1999-08-01 From Language to Communication focuses on the structure of texts and on the social and psychological aspects of language Utilizing current thinking and research this volume provides an overview of issues in linguistics sociolinguistics cognition pragmatics discourse and semantics as they coalesce to create the communicative experience As a unique examination of the relationship between language and communication key features of the second edition include material on the biological bases of language models of the mind and information processing discussions of semantics and the creation of new words conversation analysis with practical applications and a chapter on sociolinguistics including language and groups dialects and personal styles Designed as an introduction to language and communication study this text is appropriate for use in undergraduate and graduate courses in discourse and related courses in language meaning and messages It also makes an excellent companion volume for courses in theory or interpersonal communication ADDITIONAL COPY FOR MAILER More readable and practical than its predecessor this second edition contains major additions A more general introduction to language and communication including new material on the biological bases of language as well as a table of species comparisons and brain comparisons New models of the mind and how you process information including more on the role of short and long term memory It also includes a section on the features of messages that aid in comprehension in other words how people use the messages of another to build meaning and comprehension A new section on semantics new words and

how they come about and a more interesting treatment of meaning and how it works The section on new words details the many ways that new words come into being The examples are interesting and engaging for the student A new focus on pragmatics with a major new section on conversation analysis which includes very practical ways to apply the principles with numerous examples A new chapter on sociolinguistics includes material on language and groups including gender African American English and social class dialects personal styles and related issues

**The Continuum Companion to the Philosophy of Language** Manuel Garcia-Carpintero, Max Kölbel, 2012-01-12 The Continuum Companion to Philosophy of Language offers the definitive guide to contemporary philosophy of language The book covers all the fundamental questions asked by the philosophy of language areas that have continued to attract interest historically as well as topics that have emerged more recently as active areas of research Ten specially commissioned essays from an international team of experts reveal where important work continues to be done in the area and most valuably the exciting new directions the field is taking The Companion explores issues pertaining to the nature of language form semantics theories of meaning reference intensional contexts context dependence pragmatics the normativity of language analyticity a priority and modality Featuring a series of indispensable research tools including an A to Z of key terms and concepts a detailed list of resources and a fully annotated bibliography this is the essential reference tool for anyone working in the philosophy of language

**Word-Order Based Grammar** Eva Koktova, 2011-06-24 TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language The series publishes state of the art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science TRENDS IN LINGUISTICS considers itself a forum for cutting edge research based on solid empirical data on language in its various manifestations including sign languages It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints High quality standards are ensured through anonymous reviewing

**Binding Theory** Daniel Büring, 2005-01-27 Binding Theory explores how different kinds of nominal expressions such as names noun phrases and pronouns come to have anaphoric relations amongst one another and how they come to have reference to things in the world This textbook provides a thorough and comprehensive introduction to modern binding theory introducing a huge variety of nominal and especially pronominal expressions from the world's languages Written in a clear and accessible style and with numerous exercises and examples this textbook will be invaluable to graduate and advanced undergraduate students of syntax and semantics

**English Corpora under Japanese Eyes**, 2016-08-09 English Corpora under Japanese Eyes is a fine collection of papers written in commemoration of the 10th anniversary of the Japan Association of English

Corpus Studies JAECS Beginning with the overview of the field by Stig Johansson an honorary member of the JAECS the present volume shows the state of art in English corpus studies in Japan and demonstrates the creative uses of corpora in a wide range of research topics from studies drawing on large scale general corpora such as British National Corpus and the Bank of English to studies based on more specific historical literary learner and parallel corpora The papers incorporated in this anthology are grouped into five sections 1 Overview of corpus based studies 2 Corpus based studies of contemporary English 3 Historical and diachronic studies of English 4 Corpus based studies in English literature 5 Corpus and English language teaching This volume will inspire still further corpus exploitation in the broader field of the humanities

## Decoding **Reference And Anaphoric Relations**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Reference And Anaphoric Relations**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

## Reference And Anaphoric Relations Introduction

In the digital age, access to information has become easier than ever before. The ability to download Reference And Anaphoric Relations has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reference And Anaphoric Relations has opened up a world of possibilities. Downloading Reference And Anaphoric Relations provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reference And Anaphoric Relations has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reference And Anaphoric Relations. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reference And Anaphoric Relations. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reference And Anaphoric Relations, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability

to download Reference And Anaphoric Relations has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### FAQs About Reference And Anaphoric Relations Books

1. Where can I buy Reference And Anaphoric Relations books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Reference And Anaphoric Relations book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Reference And Anaphoric Relations books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Reference And Anaphoric Relations audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores.

Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Reference And Anaphoric Relations books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
