

A small blue boat is positioned in the lower center of the frame, floating on a calm body of water. The water's surface is perfectly still, creating a clear reflection of the boat and the sky above. The sky is a vibrant mix of purple, pink, and orange, with scattered clouds catching the low light of the setting or rising sun. A dark, semi-transparent rectangular box is centered in the upper half of the image, containing the quote in white text. The overall mood is peaceful and contemplative.

Reflected glory is just as  
good as the real thing.

## Reflected Glory:

**The Works of Jonathan Edwards** Jonathan Edwards, 1839      **The Masters Speak** Seymour B. Ginsburg, Madhava Ashish, 2010-03-30 If you want to pursue in a Western way the path that we follow here at Mirtola you need to study and work with the Gurdjieffian teaching Thus did the guru Madhava Ashish at their first meeting invite American businessman Sy Ginsburg on a spiritual journey that would last 19 years until the guru's death and include both annual visits to Sri Madhava Ashish's Mirtola ashram near Almora in India's Himalayan foothills and a lengthy correspondence Along the way the entrepreneur author would not only be caught up in the teachings of G I Gurdjieff but also in the search for the elusive unitive vision the world viewed from the perspective of the greater Self and not the personality In this remarkable spiritual document the reader shares the search increasingly catching glimpses of the unitive vision as the book draws toward a close that is also an opening out into the vaster dimensions of the human mind      **The Works of Jonathan Edwards: Volume II**      **V Revised** Jonathan Edwards,      *Starting with the Spirit* Myk Habets, Gregory J. Liston, 2024-08-22 Trinitarian in its foundation pneumatological in its impetus and comprehensive in its scope Third Article Theology TAT is both a method and a theology As a method TAT intentionally views reality through the lens of the Spirit As a theology the insights that arise from an approach that prioritizes pneumatology are deep and rich offering a penetrating vision into today's central and defining theological issues This volume introduces the reader to the methodology of TAT and some of the many theological insights that have arisen from its utilization Further it provides the tools and techniques to invite and inform the reader to participate in the efficient and pastoral exercise of viewing reality from a pneumatological perspective to catch a vision of the world as infused with the power presence and potential of the Spirit and to lead their lives accordingly Designed for classroom use it includes several pedagogical features such as case studies engaging with critical areas of contemporary concern      **The Decent Society** Avishai Margalit, 2009-07-01 Avishai Margalit builds his social philosophy on this foundation a decent society or a civilized society is one whose institutions do not humiliate the people under their authority and whose citizens do not humiliate one another What political philosophy needs urgently is a way that will permit us to live together without humiliation and with dignity Most of the philosophical attention nowadays is drawn to the ideal of the just society based on the right balance between freedom and equality The ideal of the just society is a sublime one but hard to realize The decent society is an ideal which can be realized even in our children's lifetime We should get rid of cruelty first advocated Judith Shklar Humiliation is a close second There is more urgency in bringing about a decent society than in bringing about a just one Margalit begins concretely where we live with all the infuriating acts of humiliation that make living in the world so difficult He argues in a concrete way in the spirit of Judith Shklar and Isaiah Berlin This is a social philosophy that resists all those menacing labels that promote moral laziness just as it urges us to get beyond the behavior that labels other human beings Margalit can't be earmarked as liberal or conservative If a label is necessary then the most suitable is George Orwell's

humane socialism a far cry from Animal Farm socialism with its many tools of oppression How to be decent how to build a decent society emerges out of Margalit s analysis of the corrosive functioning of humiliation in its many forms This is a thoroughly argued and what is much more a deeply felt book that springs from Margalit s experience at the borderlands of conflicts between Eastern Europeans and Westerners between Palestinians and Israelis **New Testament Christology** Frank J. Matera,1999-01-01 How should we understand the Christ of the New Testament What is the biblical framework that theologians and students must master if their systematic Christology is to be rooted in Scripture In this book Frank Matera answers these questions through a comprehensive study of the Christology found in the New Testament *2 Corinthians: The Christian Standard Commentary* David E. Garland,2003-11-01 Paul s first letter to the Corinthians is one of the most important epistles in the New Testament David Garland s thoughtful new commentary draws on extensive research and engages the best of contemporary scholarship while providing a readable study that will be accessible to thoughtful readers as well as students pastors and scholars After considering the context of the letter and the social and cultural setting of Corinth Garland turns to his exegetical work An introduction to each major unit of thought is followed by the author s own translation of the Greek text In the course of his verse by verse commentary he incorporates references to other ancient writings that help explain particular aspects of Paul s meaning or provide information on the social and cultural context He also refers to the work of other commentators and provides extensive notes for further reading and research
