The legislative framework has been refined and administrative rulemaking has expanded. Alongside the Capital Markets Union agenda has developed the UK has left the EU and ESMA has emerged as a decisive influence on EU financial markets governance. All these developments as well as the Covid 19 pandemic have shaped the regulatory landscape and how supervision is organized. EU Securities and Financial Markets Regulation provides a comprehensive critical and contextual account of the intricate rulebook that governs EU financial markets and its supporting institutional arrangements. It is framed by an assessment of how the regime has evolved over the decade or so since the global financial crisis and considers among other matters the post crisis reforms to key legislative measures the massive expansion of administrative rulemaking and of soft law the Capital Markets Union agenda the development of supervisory convergence as the means for organizing pan EU supervision and ESMA's role in EU financial markets governance. Its coverage extends from capital raising and the Prospectus Regulation to financial market intermediation and the MiFID II MiFIR and IFD IFR regimes to the new regulatory regimes adopted since the global financial crisis including for benchmarks and their administrators to retail market regulation and the PRIIPs Regulation and on to the EU's third country regime and the implications of the UK's departure from the EU. *Inter-Medial Observations on the 'Reflected' Or 'Deconstructed' Illusion* Bjoern Schubert, 2011-07 Essay from the year 2009 in the subject American Studies Comparative Literature grade 1.0 Humboldt University of Berlin Amerikanistik und Anglistik course Postmodern Cinema language English abstract In this self study journal I aim to collect some comparative and inter medial ideas on how illusion here defined as different perspectives on reality in the arts is reflected within the media of film painting and literature The perception of reality especially in the medium of film remains up to the present moment a controversial and still largely unexplored topic in the fields of philosophy neuroscience and film theory therefore the intent of this self study journal is to focus on a small selection of examples of modern and postmodern film literature and the visual arts photography and painting As well I will explore a few selected quotations from manifestos in the tradition of early 20th century avant garde and also will make brief reference to earlier periods When we accept the reality that is shown to us in the movies we are giving ourselves over to the illusion of cinema that is being created by talented cast and crew in the production and carefully honed in post production by skillful editing The power of the illusion in cinema is to take us for the time being into another world and ideally we forget for the moment that we are still sitting in a dark room with a large screen In the medium of literature our imagination takes control of the world presented by the author's words and is translated into a uniquely imagined reality that is created by the reader's own imagination and recollection of memories Like in the cinema if a book grabs us we tend to forget our presence in the real world for the time reading the book
