Reflections Of A Mystic Grandmother:

Howard Thurman's Philosophical Mysticism Anthony Sean Neal, 2019-01-02 African American Philosophy and African American Philosophers have played a central role in understanding and also shaping what it means to be black in America. Some of their conclusions were reactions to the mistreatment they received from the majority population but other of their conclusions were extensions and or novel positions taken with a view through past perceptual lenses. Yet with the mass exodus of black students from HBCU s after the civil rights era many of the important figures and their inquiries have been little or poorly studied. The significance of this work is found in its attempt to grapple with one such seminal figure his memory of his ancestors and the education he received from Morehouse College in the Atlanta University Center all of which formed the roots of the ideas he later produced. Howard Thurman former Dean of Marsh Chapel at Boston University and mentor to figures such as Martin Luther King Jr left quite a large ideological footprint however just as others of his milieu his ideas have been largely overlooked. Thurman s deep rooted knowledge of black culture particularly black religious ideas as they existed during the period of African enslavement in the United States and as they were exhibited in the Negro Spirituals shaped his thinking and allowed him to produce a body of work grounded in the musings and traditions of his ancestors. This volume investigates forms an analysis and even critiques Thurman s work such that others can benefit from the profundity of his thoughts while also taking note of their relevance for today s philosophers concerned with humanity. *The secret of the psychic. A mystical novel* Svetlana Mirray, 2022-05-04 If you like to read mystical stories about unexplained entities about sorcerers witches then you have found this book. Do not hesitate open it and you will immediately plunge into an unforgettable adventure. *Grandmother's Secrets* Rosina-Fawzia al-Rawi, 2012-11-15 Come sit by me says Grandmother. Take this chalk in your hand. Now draw a dot and concentrate all your energy into this one dot. It is the beginning and the end the navel of the world. So Fawzia Al Rawi describes her grandmother s first lesson about the ancient craft of Oriental dance. *Grandmother s Secrets* always circles back to this grandmother and this young girl echoing the circular movements of the dance itself. Al Rawi has written a strikingly graceful and original book that blends personal memoir with the history and theory of the dance known in the West as belly dancing. It is the story of a young Arab girl as she is initiated into womanhood. It is a history of the dance from the earliest times through the days of the Pharaohs the Roman Empire to the Arab world of the last three centuries. It is a personal investigation into the effects of the dance s movements on individual parts of the body and the whole psyche. It is a guide to the actual techniques of the dance for those who are inspired to put down the book and move. Al Rawi conveys in this book not only the history and technique of grieving and mourning dances pregnancy and birth dances but the spirit of these age old rituals and their possibilities for healing and empowering women today. **Dancing in My Dreams** Ralph H. Craig, 2023-11-07 If you don t know Tina Turner s spirituality you don t know Tina. When Tina Turner reclaimed her throne as the Queen of Rock n Roll in the 1980s she attributed her comeback to one thing the wisdom and

power she found in Buddhism Her spiritual transformation is often overshadowed by the rags to riches arc of her life story But in this groundbreaking biography Ralph H Craig III traces Tina s journey from the Black Baptist church to Buddhism and situates her at the vanguard of large scale movements in religion and pop culture Paying special attention to the diverse metaphysical beliefs that shaped her spiritual life Craig untangles Tina s Soka Gakkai Buddhist foundation her incorporation of New Age ideas popularized in 60s counterculture and her upbringing in a Black Baptist congregation alongside the influences of her grandmothers disciplinary and mystical sensibilities Through critical engagement with Tina s personal life and public brand Craig sheds light on how popular culture has been used as a vehicle for authentic religious teaching Scholars and fans alike will find *Dancing in My Dreams* as enlightening as the iconic singer herself Foreword Reviews INDIES Book of the Year Award in Biography Finalist 2023

Daniel's Mysticism of Resistance in Its Seleucid Context Timothy L. Seals, 2022-10-03 In *Daniel's Mysticism of Resistance in Its Seleucid Context* Timothy L Seals proffers a postcolonial interpretation of the book of Daniel investigating certain texts that constitute Daniel s mystical way or practice Daniel uses mysticism to resist the repressive script of Antiochus IV outlawing the Jewish religion in 167 BCE In his use of non violence to resist the imperial power of the Seleucids Daniel stands in the non violent passive resistant tradition of both Mahatma Gandhi and Martin Luther King Jr Daniel uses mysticism both to resist imperial intrusions into his humanity and to decolonize his mind in the aftermath of colonization In this endeavor mysticism proves to be world affirming

George MacDonald's Children's Fantasies and the Divine Imagination Colin Manlove, 2020-01-01 The great Victorian Christian author George MacDonald is the well spring of the modern fantasy genre In this book Colin Manlove offers explorations of MacDonald s eight shorter fairy tales and his longer stories *At the Back of the North Wind* *The Princess and the Goblin* *The Wise Woman* and *The Princess and Curdie* MacDonald saw the imagination as the source of fairy tales and of divine truth together For he believed that God lives in the depths of the human mind and sends up from thence wonderful gifts into the light of the understanding This makes MacDonald that very rare thing a writer of mystical fiction whose work can give us experience of the divine Throughout his children s fantasy stories MacDonald is describing the human and divine imagination In the shorter tales he shows how the imagination has different regions and depths each able to shift into the other With the longer stories we see the imagination in relation to other aspects of the self and to its position in the world Here the imagination is portrayed as often embattled in relation to empiricism egotism and greed
