Blue Justice Svein Jentoft,Ratana Chuenpagdee,Alicia Bugeja Said,Moenieba Isaacs,2022-03-07 For small scale fisheries around the world the Blue Growth and Blue Economy initiatives may provide sustainable development but only insofar as they align with the global consensus enshrined in the Voluntary Guidelines for Securing Sustainable Small Scale Fisheries in the context of Food Security and Poverty Eradication If states do nothing to fulfill the promises they made when they endorsed these guidelines

in 2014 the Blue Economy will come at a loss for small scale fisheries and further their marginalization in the ocean economy Under the umbrella of Blue Justice this book demonstrates that these risks are real and must be considered as states implement their sustainable ocean development plans These are human rights issues which are embedded into governance principles and institutions and which make a difference for small scale fisheries people in their daily lives In stressing the importance of policies and institutions that build on the experiences of small scale fisheries people in the contexts in which they operate this book draws on case studies of small scale fisheries from countries on all continents to clarify what Blue Justice entails for small scale fisheries and make suggestions for real change Through the Blue Justice paradigm this book flags the relevance of recognizing the potential impact that different factors including the Blue Economy approach could bring to fishing communities their livelihoods cultural traditions and other potential multidimensional conflicts Vulnerability in fishing communities can increase and inequalities can be reinforced at different levels if individuals and community capabilities are not strengthened A first of its kind not to be missed this book is informative purposeful and pertinent in an era of change Silvia Salas CINESTAV Marine Resources Department Mrida Mexico The studies reveal that Blue Justice is a governability issue which requires establishing right institutions that are transdisciplinary integrated participatory and holistic It is implicit from these writings that the SSF Guidelines and Blue Growth initiatives do not form two different discourses and that the implementation of the former would resolve many of the justice issues caused by the latter in favor of small scale fisheries and their communities Oscar Amarasinghe Professor Chancellor Ocean University of Sri Lanka and President Sri Lanka Forum for Small Scale Fisheries SLFSSF *Reflections of Blue* Carol Knotts,1980-09-01 *Blue Eclipse Book Ii* Patrick Joseph,2020-11-12 A poetic story rhyme that is a compilation of scripted youthful times Within these pages is a shard from a greater story that chronicles the legacy of characters meant for the entertainment each individually purposed for a grand design And as the wheels of fate turn each character will play their part unable to understand the greater role they partake in within the great theatrics of the world play Each figure within this are pulled from historical sources past and present with subtle liberties to flesh out the true nature of their character So as disparate destined paths cross into the other and intersect the fiery ambition they possess will become their sword while the purity of their immortal soul will become their shield individually designed to protect a sincere dream while defending their outer shell from being torn away from this mortal coil And as each soul delves beyond the grip of the unfamiliar of their opening acts a threshold would demand to be crossed as they individually with warm hearts and open minds yearn for meaning as they individually await a glimpse of their true purpose escaping the confines of ephemeral restraints to push to a space that exists beyond sight **The Blue Susurrations** Nastaran Aghajani,2023-12-06 A journey of crossing the border between dreams and reality I let the world be a different world Every day at daybreak before reality could exercise control over my imagination I let the world whisper in a different language And why not I was able to pretend in the sky that ours was a world of laughter and

kindness of honesty and compassion of peace and happiness Trapped among people who lost their souls with the brooding world pushing in Runiya hides behind her dreams This is how she survives her life running away from the harsh realities Yet there is no escaping the unwanted and forbidden bond she has formed with a creature that humankind fears the most It stalks her A shadow attached to her heels

Blue Mythologies Carol Mavor, 2019-06-10 The sea the sky the veins of your hands the earth when photographed from space blue sometimes seems to overwhelm all the other shades of our world in its all encompassing presence The blues of Blue Mythologies include those present in the world's religions eggs science slavery gender sex art the literary past and contemporary film Carol Mavor's engaging and elegiac readings in this beautifully illustrated book take the reader from the blue of a newborn baby's eyes to Giotto's frescoes at Padua and from the films of Derek Jarman and Krzysztof Kieślowski to the islands of Venice and Aran In each example Mavor unpicks meaning both above and below the surface of culture In an echo of Roland Barthes's essays in Mythologies blue is unleashed as our most familiar and most paradoxical color At once historical sociological literary and visual Blue Mythologies gives us a fresh and contemplative look into the traditions tales and connotations of those somethings blue
