Reflections On Canadian Character:

Reflections on Canadian Character Bob Couchman, 2014-10-01 In *Reflections on Canadian Character From Monarch Park to Monarch Mountain* Bob Couchman offers a critical examination of Canada's social welfare state and its evolution. The story begins in the 1940s in Monarch Park, a working class neighbourhood where the community provided assistance and care when people were in need and government programs were viewed as a temporary helping hand for those who were destitute or suffering. In the 1950s and 1960s government expanded its social welfare agenda and Canadian attitudes began to change. Social programs that were intended to provide short term aid came to be viewed as a universal right something all Canadians were entitled to regardless of need or financial situation. Couchman witnessed first hand the effects of this shift away from collective responsibility and toward individual entitlement. While Canadians increasingly depend on government for aid many programs fail to provide adequate support. Such failures combined with the fundamental change in the character of Canadians threaten our very future as a caring society. *Reflections on Canada's Past, Present and Future in International Law/Réflexions sur le passé, le présent et l'avenir du Canada en droit international* Oonagh E.

First Nations? Second Thoughts, Second Edition Thomas Flanagan, 2008 Over the last thirty years Canadian policy on aboriginal issues has come to be dominated by an ideology that sees aboriginal peoples as nations entitled to specific rights Indians and Inuit now enjoy legal privileges that include the inherent right to self government collective property rights immunity from taxation hunting and fishing rights without legal limits and free housing education and medical care Underpinning these privileges is what Tom Flanagan describes as aboriginal orthodoxy the belief that prior residence in North America is an entitlement to special treatment Flanagan shows that this orthodoxy enriches a small elite of activists politicians administrators and well connected entrepreneurs while bringing further misery to the very people it is supposed to help Controversial and thought provoking

First Nations Second Thoughts dissects the prevailing ideology that determines public policy towards Canada's aboriginal peoples. In this updated edition Flanagan analyzes the developments of the last ten years showing how a conflict of visions has led to a stalemate in aboriginal policy making. He concludes that aboriginal success will be achieved not as the result of public policy changes in government but through the actions of the people themselves.

Geological Survey of Canada, Open File 1675, *War Is Here* Robert McGill, 2017-09-01

Canada did not fight in the Vietnam War but the conflict seized the Canadian imagination with an energy that has persisted. In *War Is Here* Robert McGill explains how the war contributed to a golden age for writing in Canada. As authors addressed the conflict they helped to construct an enduring myth of Canada as liberal, hospitable, and humanitarian. For many writers the war was one that Canadians could and should fight against if not in person then on the page. In this pioneering account of war related Canadian literature McGill observes how celebrated books of the era channel Vietnam sometimes in subtle but pervasive ways. He examines authors' attempts to educate their readers about American imperialism and Canadian complicity and he discusses how writers repeatedly used language evoking militarism and violence from the figure of the United States as a rapist to the notion of Canada as a peaceable kingdom in order to make Canadians feel more intensely about their country. McGill also addresses the recent spate of prize winning Canadian novels about the war that have renewed Vietnam's resonance in the wake of twenty first century conflicts involving America. *War Is Here* vividly revisits a galvanizing time in world history and Canadian life offering vital insights into the Vietnam War's influence on how people
