Reflections On A Politically Skeptical Era

Mark Steyvers

Reflections On A Politically Skeptical Era:

Reflections on Politically Skeptical Era (Clit) Dennis Hume Wrong, a welcome and scholarly contribution to Political Science reference collections and reading lists The Bookwatch All of the essays included in the present volume were written between 1995 and 2001 This attests to the timeliness and relevance of Dennis H Wrong s writings He notes that the mid twentieth century disposition to believe that politics fundamentally consisted of clashes between totalistic worldviews such as communism socialism capitalism fascism nationalism internationalism and a cluster of isms may have been historically transitional But politics now appears more nuanced if no less troubled following the collapse of the Soviet bloc between 1989 and 1991 Multiculturalism and identity politics as well as communitarianism flourished in the 1990s The volume is divided into five parts Capitalism Inequalities and Alternatives Multiculturalism and Identity Politics Communitarianism Theory and Theorists and Autobiographical Reminiscences This concluding part indicates how Wrong s work includes self reflections as well as reflections an examination of how figures such as C Wright Mills and Raymond Aron Amitai Etzioni and Digby Baltzell played a role in shaping his own thought and how these changed over the course of the past century This is the third collection of the essays and articles of Dennis H Wrong published by Transaction As was the case with his earlier volumes Reflections on a Politically Skeptical Era is characterized by a deep attention to the actual social history of our times and how this plays out in academic pursuits especially within sociology Whether the works were published in academic journals or more popular media they reflect a quality of literary manners that is rare among social science writings but a reflection that never sacrifices a sense of principle and probity in the process Dennis H Wrong is the author of several books including two essay collections containing articles first published in cultural intellectual political and scholarly journals in the United States Canada and Britain several of which he has served as an editor or editor in chief He has taught sociology at Princeton Rutgers Brown the University of Toronto the New School for Social Research Graduate Faculty and for most of his career at New York University He is currently retired and lives in Princeton

Reflections on a Politically Skeptical Era Dennis Wrong, 2019-01-22 All of the essays included in the present volume were written between 1995 and 2001 This attests to the timeliness and relevance of Dennis H Wrong s writings He notes that the mid twentieth century disposition to believe that politics fundamentally consisted of clashes between totalistic worldviews such as communism socialism capitalism fascism nationalism internationalism and a cluster of isms may have been historically transitional But politics now appears more nuanced if no less troubled following the collapse of the Soviet bloc between 1989 and 1991 Multiculturalism and identity politics as well as communitarianism flourished in the 1990s The volume is divided into five parts Capitalism Inequalities and Alternatives Multiculturalism and Identity Politics Communitarianism Theory and Theorists and Autobiographical Reminiscences This concluding part indicates how Wrong s work includes self reflections as well as reflections an examination of how figures such as C Wright Mills and Raymond Aron Amitai Etzioni and Digby Baltzell played a role in

shaping his own thought and how these changed over the course of the past century This is the third collection of the essays and articles of Dennis H Wrong published by Transaction As was the case with his earlier volumes *Reflections on a Politically Skeptical Era* is characterized by a deep attention to the actual social history of our times and how this plays out in academic pursuits especially within sociology Whether the works were published in academic journals or more popular media they reflect a quality of literary manners that is rare among social science writings but a reflection that never sacrifices a sense of principle and probity in the process *Reflections on a Politically Skeptical Era* Dennis Wrong, 2017 All of the essays included in the present volume were written between 1995 and 2001 This attests to the timeliness and relevance of Dennis H Wrong s writings He notes that the mid twentieth century disposition to believe that politics fundamentally consisted of clashes between totalistic worldviews such as communism socialism capitalism fascism nationalism internationalism and a cluster of isms may have been historically transitional But politics now appears more nuanced if no less troubled following the collapse of the Soviet bloc between 1989 and 1991 Multiculturalism and identity politics as well as communitarianism flourished in the 1990s The volume is divided into five parts Capitalism Inequalities and Alternatives Multiculturalism and Identity Politics Communitarianism Theory and Theorists and Autobiographical Reminiscences This concluding part indicates how Wrong s work includes self reflections as well as reflections an examination of how figures such as C Wright Mills and Raymond Aron Amitai Etzioni and Digby Baltzell played a role in shaping his own thought and how these changed over the course of the past century This is the third collection of the essays and articles of Dennis H Wrong published by Transaction As was the case with his earlier volumes *Reflections on a Politically Skeptical Era* is characterized by a deep attention to the actual social history of our times and how this plays out in academic pursuits especially within sociology Whether the works were published in academic journals or more popular media they reflect a quality of literary manners that is rare among social science writings but a reflection that never sacrifices a sense of principle and probity in the process Provided by publisher

The Anatomy of the Case Study Gary Thomas, Kevin Myers, 2015-05-20 This sharp stimulating title provides a structure for thinking about analysing and designing case study It explores the historical theoretical and practical bones of modern case study research offering to social scientists a framework for understanding and working with this form of inquiry Using detailed analysis of examples taken from across the social sciences Thomas and Myers set out and then work through an intricate typology of case study design to answer questions such as How is a case study constructed What are the required inherent components of case study Can a coherent structure be applied to this form of inquiry The book grounds complex theoretical insights in real world research and includes an extended example that has been annotated line by line to take the reader through each step of understanding and conducting research using case study *The Persistence of Particular Things* Dennis Hume Wrong, Humans form theories and general laws that can be applied to common social experience This is balanced by a will to define events and conditions particular to specific times places and individuals Dennis H Wrong argues

that the scientific standard of universal laws and propositions has only limited relevance to human historical phenomena

Towards a Sociology of Nursing Ricardo A. Ayala, 2019-08-20 Towards a Sociology of Nursing offers fresh insights from recent research into the nursing profession Nurses represent an important part of the professionally trained female workforce and being a middle class profession changes in nursing reflect changes of many working women worldwide Scholarship addressing these changes however often consists of narratives of nurses talking about themselves which can be enriched by a sociological background that foregrounds hypotheses In this book Ricardo A Ayala problematises the realities which inform affect and shape nursing offering new perspectives on the consequences of those social realities for the nursing profession and society more broadly He draws on extensive field research with nurses in the workplace spending time with them interviewing key actors and reading and analysing documents critically through a distinctive sociological lens **Cold**

War Criticism and the Politics of Skepticism Tobin Siebers, 1993-04-29 In Cold War Criticism and the Politics of Skepticism Tobin Siebers claims that modern criticism is a Cold War criticism Postwar literary theory has absorbed the skepticism suspicion and paranoia of the Cold War mentality and it plays them out in debates about the divided self linguistic indeterminacy the metaphysics of presence multiculturalism canon formation power cultural literacy and the politics of literature The major critical movements of the postwar age Siebers argues belong to three dominant phases of the Cold War era The age of charismatic leadership characterized by Churchill FDR Stalin and Hitler lies behind the preoccupation with intention affect and impersonality found in the New Criticism The age of propaganda motivates the fascination with the guiles of language undecidability and deconstruction The age of superpowers provides the dominant metaphor in the new historicism s analysis of the technology of power All three ages of criticism reflect the skepticism of the Cold War mentality and this skepticism Siebers posits has impaired the ability of literary theorists to talk about the politics of criticism in an effective way A trenchant analysis of postwar theory Siebers s work presents a new view of the politics of criticism and a surprising vision of what theory must do if it is to enter the post Cold War era successfully Skepticism and Political

Thought in the Seventeenth and Eighteenth Centuries John Christian Laursen, Gianni Paganini, 2015-01-01 Published by the University of Toronto Press in association with the UCLA Center for Seventeenth and Eighteenth Century Studies and the William Andrews Clark Memorial Library *Annual Review of Sociology* Individuals, 2005-08 The 17 articles of this

collection present the current state of research on various questions in the field written by scholars at American universities The collection begins with an overview of the work and career of James S Coleman d 1995 by Peter V Marsden sociology Harvard U A sampling of other topics featured includes identity politi **European Self-Reflection Between Politics and Religion** L. Bruun, K. Lammers, G. Sørensen, 2013-05-07 This collection of essays suggests new ways of looking at the intertwining of political and religious agonies in the period 1914 1991 The long European civil war revealed that Europe far from being formed by a one track progression has followed several tracks or fault lines leading to a number of contrasts in

European self perception **Choice** ,2003 *Power and Politics in Sustainable Consumption Research and Practice* Cindy Isenhour, Mari Martiskainen, Lucie Middlemiss, 2019-03-04 With growing awareness of environmental deterioration atmospheric pollution and resource depletion the last several decades have brought increased attention and scrutiny to global consumption levels However there are significant and well documented limitations associated with current efforts to encourage more sustainable consumption patterns ranging from informational and time constraints to the highly individualizing effect of market based participation This volume featuring essays solicited from experts engaged in sustainable consumption research from around the world presents empirical and theoretical illustrations of the various means through which politics and power influence sustainable consumption practices policies and perspectives With chapters on compelling topics including collective action behaviour change and the transition movement the authors discuss why current efforts have largely failed to meet environmental targets and explore promising directions for research policy and practice Featuring contributions that will help the reader open up politics and power in ways that are accessible and productive and bridge the gaps with current approaches to sustainable consumption this book will be of great interest to students and scholars of sustainable consumption and the politics of sustainability **Hegel and the Metaphysical Frontiers of Political Theory** Eric Lee Goodfield, 2014-06-27 For over one hundred and fifty years G W F Hegel's ghost has haunted theoretical understanding and practice His opponents first and later his defenders have equally defined their programs against and with his In this way Hegel's political thought has both situated and displaced modern political theorizing This book takes the reception of Hegel's political thought as a lens through which contemporary methodological and ideological prerogatives are exposed It traces the nineteenth century origins of the positivist revolt against Hegel's legacy forward to political science's turn away from philosophical tradition in the twentieth century The book critically reviews the subsequent revisionist trend that has eliminated his metaphysics from contemporary considerations of his political thought It then moves to re-evaluate their relation and defend their inseparability in his major work on politics the *Philosophy of Right* Against this background the book concludes with an argument for the inherent metaphysical dimension of political theorizing itself Goodfield takes Hegel's reception representation as well as rejection in Anglo American scholarship as a mirror in which its metaphysical presuppositions of the political are exceptionally well reflected It is through such reflection he argues that we may begin to come to terms with them This book will be of great interest to students scholars and readers of political theory and philosophy Hegel metaphysics and the philosophy of the social sciences **How Skeptics Do Ethics** Aubrey Neal, 2007 Enlightenment philosophers are often credited with formulating challenging theories about humankind and society and in our postmodern age we still live with some of the very same compelling contentious and often unresolved questions they posed Aubrey Neal suggests that one such issue that still lingers today is skepticism and in *How Skeptics Do Ethics* he unravels the thread of this philosophy from its origins in Enlightenment thinking down to our

present age Neal contends that in our increasingly complicated world we face unique moral challenges and that modern ethics has not kept pace with modern life The traditional language of moral introspection does not translate adequately into such contexts as politics public service and the global economy Referencing such luminary thinkers as Hume Kant Hegel and Wittgenstein Neal seeks to re ignite age old questions and challenge the meaning of traditional philosophical debates and their value for our society today

Early Modern Skepticism and the Origins of Toleration Alan Levine,1999-04-22

This collection of original essays by the nation s leading political theorists examines the origins of modernity and considers the question of tolerance as a product of early modern religious skepticism Rather than approaching the problem through a purely historical lens the authors actively demonstrate the significance of these issues to contemporary debates in political philosophy and public policy The contributors to Early Modern Skepticism raise and address questions of the utmost significance Is religious faith necessary for ethical behavior Is skepticism a fruitful ground from which to argue for toleration This book will be of interest to historians philosophers religious scholars and political theorists anyone concerned about the tensions between private beliefs and public behavior

Reflections on the May Fourth Movement Benjamin I.

Schwartz,2020-08-25 This symposium commemorates the fiftieth anniversary of the May Fourth Movement of 1919 in China This volume contains six essays on various aspects of the movement

A Politics of the Ordinary Thomas L.

Dumm,1999-07-01 In A Politics of the Ordinary Thomas Dumm dramatizes how everyday life in the United States intersects with and is influenced by the power of events on the one hand and forces of conformity and normalcy on the other Combining poststructuralist analysis with a sympathetic reading of a strain of American thought that begins with Emerson and culminates in the work of Stanley Cavell A Politics of the Ordinary investigates incidents from everyday life political spectacles and popular culture Whether juxtaposing reflections about boredom in rural New Mexico with Emerson s theory of constitutional amendment Richard Nixon s letter of resignation with Thoreau s writings to overcome quiet desperation or demonstrating how Disney s Toy Story allegorizes the downsizing of the American white collar work force Dumm s constant concern is to show how the ordinary is the primary source of the democratic political imagination

Different Aesthetics

Annette Gerok-Reiter,Jörg Robert,Matthias Bauer,Anna Pawlak,2025-05-19 What is art What does art offer Why does art move us The CRC Different Aesthetics pursues these questions In doing so and by directing its attention towards the 2000 year history of European culture and art before the 18th century it aims to transform perspectives within aesthetic discussions This volume introduces the research undertaken by the CRC 1391 It outlines the benefits of concentrating on the pre modern period lays out the subsequent adjustments to analytical tools and methods and presents the resulting consequences for the study of aesthetics The contributions which range from philology and literary studies art history archaeology and musicology to historical science theology and the digital humanities offer concrete examples of this approach

The End of the Maoist Era: Chinese Politics During the Twilight of the Cultural Revolution,

1972-1976 Frederick C Teiwes, Warren Sun, 2014-12-18 This book launches an ambitious reexamination of the elite politics behind one of the most remarkable transformations in the late twentieth century As the first part of a new interpretation of the evolution of Chinese politics during the years 1972-82 it provides a detailed study of the end of the Maoist era demonstrating Mao's continuing dominance even as his ability to control events ebbed away The tensions within the gang of four, the different treatment of Zhou Enlai and Deng Xiaoping and the largely unexamined role of younger radicals are analyzed to reveal a view of the dynamic of elite politics that is at odds with accepted scholarship The authors draw upon newly available documentary sources and extensive interviews with Chinese participants and historians to develop their challenging interpretation of one of the most poorly understood periods in the history of the People's Republic of China

Social Value: A Study in Economic Theory, Critical and Constructive Benjamin M. Anderson, 2019-12-03 In *Social Value: A Study in Economic Theory, Critical and Constructive* Benjamin M. Anderson offers a penetrating exploration of the concept of social value within the framework of economic theory Anderson employs a critical yet constructive literary style weaving together rigorous analysis with philosophical insights aiming to reconcile the intricacies of social welfare with economic efficiency The book stands as a significant scholarly contribution to the discourse on value in economics reflecting the rich intellectual tradition of the early to mid 20th century that sought to bridge theoretical constructs with real world implications Benjamin M. Anderson, known for his expertise in economics and social philosophy, draws from his extensive academic background and experience in public policy His engagement with key economic figures and movements, particularly his critique of classical theories, provides a robust context for his inquiry into social value This work encapsulates Anderson's commitment to understanding how economic constructs impact societal welfare, echoing his belief in the importance of integrating ethical considerations into economic analysis Readers interested in the intersection of economics and social philosophy will find *Social Value* an essential text Anderson's clear reasoning and nuanced arguments illuminate the often overlooked social dimensions of economics, making it a valuable resource for scholars, policymakers, and anyone engaged in the study of economic systems and their implications for society
