Reflections On Revival:

Reflections on Revival Charles Grandison Finney, Donald W. Dayton, 1845 After more than twenty years of revival ministry America's greatest evangelist had accumulated knowledge of spiritual awakenings their implications and excesses perhaps exceeding that of almost anyone in Christian history This aggregate wisdom on the subject was first presented to the reading public in the form of a series of 32 open letters printed on the pages of the Oberlin Evangelist in 1845 Some were recently reproduced in a volume titled Revival Fire But fifteen of the original letters did not find their way into that book In your hands you have all thirty two of the invaluable epistles of the incomparable preacher Back cover **Letters on Revival**

Charles G. Finney, 1845 Revivals of religion have been gradually becoming more and more superficial All the phenomena which they exhibit testify to this as a general fact There is very much less deep conviction of sin and deep depth of humility and much less strength in all the graces exhibited by converts in late revivals than in the converts from the revivals which occurred about 1830 and 1831 and for some time previous I have observed as have others also that revivals are of much shorter duration and that a reaction comes on much more suddenly and disastrously than formerly Also that fewer of the converts make stable and efficient Christians that those who do persevere appear to have less of the Spirit of Christ than in former revivals not so much of the spirit of prayer and are not so modest and humble In short all the phenomena of the more recent revivals judging from my own experience and observation and from the testimony of other witnesses show that they have at least very extensively taken on a much less desirable type than formerly Christians are much less spiritual in revivals much less prevalent in prayer not so deeply humbled and quickened and thoroughly baptized with the Holy Ghost as they were formerly These statements I do not suppose to be universally applicable to modern revivals but I do believe them to be applicable generally As revivals now exist I believe ministers are not nearly as desirous of seeing them in their congregations as they formerly were nor have they good reason to be Those ministers who have witnessed none but the later revivals of which I speak are almost afraid of revivals They have seen the disastrous results of modern revivals so frequently that they honestly entertain the doubt whether they are upon the whole desirable Those as I have good reason to know who saw the revivals which occurred ten or twenty years ago greatly prefer revivals of that type They are distressed with the superficiality of many recent revivals I make this as a general not a universal remark and state only my own opinion of public sentiment I have often heard it said both among ministers and private Christians we long to see the days return when we shall have such revivals as we saw years ago I have been anxiously watching the progress of things in this direction and inquiring as carefully and prayerfully as I could into the causes which are operating to produce these results If I am not misinformed and have not greatly misapprehended the case the following will be found among them **Reflections on Revival!** Frederick Julius

Reflections on the Revolution in Europe Christopher Caldwell, 2009-04-30 Why has Europe's half century of mass immigration failed to produce anything resembling the American melting pot Deadly terrorist attacks and rioting in Muslim neighbourhoods have now forced Europeans caught up in a demographic revolution they never expected to question its success and to confront the limits of their long held liberal values By overestimating its need for immigrant labour and underestimating the culture shaping potential of religion has Europe trapped itself in a problem to which it has no obvious solution Christopher Caldwell has been reporting on the politics and culture of Islam in Europe for over a decade In his provocative and unflinching book Reflections on the Revolution in Europe he reveals the anger of natives and newcomers alike He describes asylum policies that have served illegal immigrants better than refugees He exposes the strange interaction of welfare states and Third World traditions the anti Americanism that brings natives and newcomers together

and the arguments over women and sex that drive them apart And he examines the dangerous tendency of politicians to defuse tensions surrounding Islam by curtailing the rights of all Based on extensive reporting and offering trenchant analysis *Reflections on the Revolution in Europe* is destined to become the classic work on how Muslim immigration permanently reshaped the West ***Reflections on Socialism in the Twenty-First Century*** Claes Brundenius, 2020-02-27 In this volume the authors reflect on the question what is socialism as it pertains to today's economy There is particular emphasis on democratic socialism models as a potential alternative to classic authoritarian socialism A number of topical questions are addressed such as What is democratic socialism and is it feasible or even viable What can be learnt from existing democratic socialist experiences What would an ideal democratic socialist society look like today Under what circumstances and where could such a model emerge today In exploring these questions several themes arise within these chapters such as the role of socialist values and inspirations in capitalist societies and how capitalism and socialism relate to the knowledge economy The contemporary world is showing many contradictions with uncertain future scenarios that preoccupy mankind The global capitalist system as we know it is in deep crisis and some even predict its slow death because of its inability to handle the environmental imperative At the same time classic socialism as experienced in the Soviet Union and its proxies is a stone dead alternative to capitalism today So what options remain The book considers this question as it examines a range of countries where socialism in one form or another has arisen or where democratic socialism could be possible including Brazil Chile Cuba Sweden and the United States ***The Oxford Handbook of Music Revival*** Caroline Bithell, Juniper Hill, 2014 Why is music from the past significant today and how has it been transformed to suit new values and agendas This volume examines the globally recurrent cultural processes of revival resurgence restoration and renewal Interdisciplinary perspectives shed new light on authenticity recontextualization transmission institutionalization globalization and post revival legacies ***Mutual Reflections*** Milly Heyd, 1999 This text examines the mutual relationship between Jews and African Americans through visual art It investigates how artists of both backgrounds have viewed each other in the past how visual languages and thematic concerns have changed to reflect different issues of concern to each group **Reading** ***Jonathan Edwards*** M.X. Lesser, 2008-02-13 This compilation of reader response to Jonathan Edwards spanning 276 years includes a reprint of two earlier works Jonathan Edwards A Reference Guide 1981 and Jonathan Edwards An Annotated Bibliography 1994 and the publication of a third a gathering of commentary from 1994 to 2005 Nearly 140 essays have been added to the first and second works while the last new gathering which includes a celebration of the tercentenary of Edwards's birth adds another 700 to the whole The text preserves the pattern of arranging items alphabetically within a given year and of recording cross references Essays in a collection are annotated serially rather than alphabetically Each of the three sections is self contained with an introduction and annotated bibliography of its own Adding to the immense value of this work to Edwards scholars are the chronology of Edwards's works listed by date and by short and long title which precedes

the entire work and the three comprehensive indexes of authors and titles of subjects and additions to the previous volumes

The Works of John and Charles Wesley Richard Green, 1906 **Works of John and Charles Wesley -- A**

Bibliography Richard Green, 1896 **If My People** Eric D. Hilton, 2020-07-17 In this day and age of hyperactivity it is easy for us to mistake action for anointing and volume for presence However a chicken with its head cut off has action but it is not very healthy you could say thou hast a name that thou livest and art dead Revelation 3 1 Revival is our answer to all that ails the church but have we been so long without revival that we no longer desire it If My People is a book designed to open our hearts and minds to what the Psalmist meant when he said Wilt thou not revive us again that thy people may rejoice in thee Psalm 85 6 Our only hope is revival but what is it What does it look like Why do we need it and What can I do This little book answers these questions and much more This little book puts us on the right path for a full out bona fide revival
