

# Women and the 1951 Refugee Convention: Fifty Years of Seeking Visibility

NAHLA VALJI

## Abstract

*The refugee regime, built on the 1951 Convention relating to the Status of Refugees, has long excluded women from the international right to protection from persecution. The gender-blind parameters of the Convention have been exacerbated by the same qualities in the international legal system of which it is a part: state practices toward asylum-seekers, and the dichotomous construction of the refugee regime as a whole, which has produced and reproduced victimizing identities of refugee women. Advances today, such as the adoption of gender guidelines in a number of states, have been more symbolic in effect than transforming. New policy paths need to be evaluated to ensure that the next half-century of refugee protection does not duplicate the inequalities of the past.*

## Résumé

*Le régime juridique encadrant la protection des réfugiés, bâti sur la Convention des Nations Unies de 1951 relative au statut des réfugiés, a longtemps servi à priver les femmes du droit international de protection contre la persécution. Les paramètres de la Convention, qui sont indifférents aux spécificités de genre, ont été intensifiés par les mêmes qualités se trouvant dans le régime juridique international dont elle fait d'ailleurs partie, par le traitement réservé aux demandeurs d'asile par les États et par la structure dichotomique du régime de la protection des réfugiés en général qui a produit et reproduit pour les femmes demandeurs d'asile des identités de victimes. Les progrès que l'on peut voir aujourd'hui, tel que l'adoption par un certain nombre de pays de programmes de sensibilisation aux spécificités de genre, sont plutôt symboliques et n'apportent pas de transformations réelles. Conséquemment, pour l'avenir, il*

*importe d'examiner de nouvelles initiatives en matière de politiques à suivre afin de s'assurer que le prochain demi-siècle de la protection des réfugiés ne perpétue pas les inégalités du passé.*

\*\*\*

*Sex-specific violence and discrimination has never been treated with the same seriousness as other human rights abuses . . . If a person is murdered because of his or her politics, the world justifiably responds with outrage. But if a person is beaten or allowed to die because she is female, the world dismisses it as cultural tradition.*

Crimes of Gender

Until very recently, if one spoke of domestic violence within mainstream refugee scholarship, it could safely be assumed that the reference was to the internal security concerns of a state—perhaps fears of domestic clashes in the wake of large flows of migration. One of the last actions of outgoing U.S. Attorney General Janet Reno was to overturn a 1999 Board of Immigration Appeals decision to deny political asylum to a Guatemalan woman who had been persecuted relentlessly at the hands of an abusive husband. The decision did not grant asylum, but rather ensured that the case was held over until new regulations, currently before the Department of Justice, can be decided upon.<sup>1</sup> If approved, the new regulations will facilitate the case of women fleeing gender-specific or gender-based persecution, including that of domestic violence.<sup>2</sup>

The last decade has seen a number of such advances in the policies of industrialized states, as increasing awareness

**Convention 50 Years on** Susan Kneebone, 2018-04-27 This title was first published in 2003 The authors of the essays in this collection all internationally recognised refugee scholars and practitioners look at the controversial hot topic of refugee rights They consider whether 50 years after its agreement the Refugees Convention can provide an adequate framework for protection In particular the authors address the effect of globalization upon the human rights of asylum seekers and refugees the efficacy of the Convention as an instrument of international law the role of the UNHCR whether NGOs are effective instruments for change and nationality and citizenship issues They also consider alternatives and options for solutions to the global refugee problem Refugee Law's Fact-Finding Crisis Hilary Evans Cameron, 2018-05-10 At a time when many

around the world are fleeing their homes seeking refugee protection has become a game of chance Partly to blame is the law that governs how refugee status decision makers resolve their doubts This long neglected branch of refugee law has been growing in the dark with little guidance from the Refugee Convention and little attention from scholars By looking closely at the Canadian jurisprudence Hilary Evans Cameron provides the first full account of what this law is trying to accomplish in a refugee hearing She demonstrates how a hole in the law's normative foundations is contributing to the dysfunction of one of the world's most respected refugee determination systems and may well be undermining refugee protection across the globe The author uses her findings to propose a new legal model of refugee status decision making Accessing Asylum in Europe

Violeta Moreno Lax, 2017 The timely subject matter of this work focuses on the interface between extraterritorial border surveillance and migration control by EU member states and the rights that asylum seekers acquire from EU law In particular Moreno Lax concentrates on the relationship between the EU Charter of Fundamental Rights and border control

Freedman, 2015-06-23 This revised and updated 2nd edition of Freedman s hard hitting study aims to remedy the current lack of gender specific analyses of asylum and refugee issues It provides a comprehensive account of the situation of women in global forced migration and explains the ways in which women s experiences are shaped by gendered relations and structures     **Let Me Be a Refugee** Rebecca Hamlin, 2014-08-19 International law provides states with a common definition of a refugee as well as guidelines outlining how asylum claims should be decided Yet even across nations with many commonalities the processes of determining refugee status look strikingly different This book compares the refugee status determination RSD regimes of three popular asylum seeker destinations the United States Canada and Australia Though they exhibit similarly high levels of political resistance to accepting asylum seekers refugees access three very different systems none of which are totally restrictive or expansive once across their borders These differences are significant both in terms of asylum seekers

experience of the process and in terms of their likelihood of being designated as refugees Based on a multi method analysis of all three countries including a year of fieldwork with in depth interviews of policy makers and asylum seeker advocates observations of refugee status determination hearings and a large scale case analysis Rebecca Hamlin finds that cross national differences have less to do with political debates over admission and border control policy than with how insulated administrative decision making is from either political interference or judicial review Administrative justice is conceptualized and organized differently in every state and so states vary in how they draw the line between refugee and non refugee

**Legitimising Rejection** Sara Ellen Davies,2008 This book examines Southeast Asia s rejection of international refugee law through extensive archival analysis and argues that this rejection was shaped by the region s response to its largest refugee crisis in the post 1945 era the Indochinese refugee crisis from 1975 1996 *Global Migration* K. Khory,2012-10-22 Immigration today evokes passionate debates over questions of national identity state sovereignty and citizenship Even as capital goods and services flow easily over national boundaries human beings are subjected to intense scrutiny and resistance when crossing borders In this collection of essays distinguished scholars probe the challenges and opportunities that global migration presents for individuals states and societies grappling with questions of identity belonging and citizenship Multidisciplinary in scope the book demonstrates how forced and voluntary migrations intersect with global politics from economic and environmental crises to human rights and security *Saudi Policies towards Migrants and Refugees* Joseph A. Kéchichian,Fahad Alsharif,2021-09-22 A Sacred Duty sets out the Kingdom s policy toward the global issue of migrants and refugees with special emphasis directed toward Muslim societies Discussion focuses on refugee communities currently living in Saudi Arabia some of which migrated due to war forced displacement environmental catastrophe and economic hardship Some migrants have come from bordering countries such as Iraq and Yemen others reached the Arabian Peninsula from Africa and Asia All have been welcomed and cared for though settlement conditions repatriation and deportation circumstances were not always ideal Inevitably and mirroring experience elsewhere in the world there are undeniable gulfs between policies and practices Policy shortcomings are measured against the substantive assistance planks that Riyadh espouses including providing financial aid to refugees in third countries over and above United Nations appeals These acts are done without prejudice and mostly without publicity Aid to the needy is justified by religious obligations as well as on humanitarian grounds Saudi Arabia s aid contributions have generally been either overlooked or dismissed and the religious foundations of their commitment to displaced populations has been negatively contrasted against human rights based commitments espoused by Western states and institutions *Saudi Policies Towards Migrants and Refugees* addresses these concerns filling a key gap in the literature on a vital policy topic The book refutes notions that the country discourages open research on sensitive topics and further dispels the prejudiced idea of a society closed to any kind of external influence Saudi Arabia s granting of hospitality to refugees reinforces historic tribal and universal norms in

contrast to misplaced notions of hostility toward Western standards which in the case of migrants and refugees has seen the application of confused and alarming standards of behaviour by a plethora of Western states Published in conjunction with the King Faisal Center for Research and Islamic Studies KFCRIS      Refugees and Rights Mary Crock,2017-05-15 Forced migration is both as ancient as human life on earth and a relatively new subject of interest for human rights scholars This volume continues the discussion from Migrants and Rights to focus attention on refugees victims of trafficking and others who cross borders seeking protection from anthropogenic or natural disasters The opening essays provide historical and conceptual overviews of rights to freedom of movement and asylum and links between human rights and refugee law Articles on the principle of non refoulement in international law explore the occasional disjuncture between the individual s right to protection and the State s rights to protect its national interests The refugee s rights to due process and the substance of entitlements at law are explored in essays that range across administrative processes social and cultural rights including family reunion detention and the right of return There follow four essays that address sexual orientation and refugee rights refugees and disability rights human rights and persons displaced by climate change disasters and the rights of victims of human trafficking The volume concludes with work reflecting on the rights discourse outside of traditional Western theatres These cover Africa Kenya India South America Brazil and the Asia Pacific Indonesia and Papua New Guinea      The Contemporary Reader of Feminist International Relations Catherine Goetze,Khushi Singh Rathore,2025-07-21 The Contemporary Reader of Feminist International Relations is a comprehensive volume for contemporary scholarship on feminist international relations and theory showcasing research from a range of international scholars This collection explores the state of women s and LGBTQi rights in the world feminist contributions to peace women s and feminist approaches to diplomacy and feminist theorizing on borders security and the politics of care in the world It also features interviews and short essays by trailblazers of feminist international relations The book is composed of six parts and features case studies examples in depth field research and conceptual debates prominently in all chapters Further readings complement the reader s guidance The Contemporary Reader of Feminist International Relations is an ideal study companion for students and scholars in Women s and Gender Studies International Relations Politics Peace Studies and Security Studies Chapter 33 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license      Global Refugee Crisis Mark Gibney,2010-09-16 This book documents the current global refugee crisis and examines the interrelated factors of immigration enforcement international human rights law political violence and refugee protection There are two disparate components to the global refugee crisis first there are about 46 million refugees and Internally Displaced Persons IDPs most of whom are struggling to survive in the poorest and most violent countries in the world and second our interpretation of international human rights law allows this state of affairs to worsen Refugee protection has been a longstanding policy that ostensibly protects victims of human rights

violations from other countries In actuality protection is largely negated by systematic efforts by industrialized states to reduce the number of refugees arriving at the borders This book provides a comprehensive examination of this worldwide problem and rejects the idea that the majority of asylum seekers abuse the system to gain entrance into the country

**Refugees** ,2001 *Asylum-Seeking Trauma* Roben Pfumai Mutwira,2012 Each asylum seeker has a story of why he left home the difficulties he met on the journey and how he got asylum Some are unable to retell their stories because of the amount of suffering they experienced in the different countries they passed through But there is nothing more painful than being told that what you suffered is a lie and then being detained and deported to the very countries you had run away and sitting your mind to receive the treatment you thought you had escaped This book appeals to people in authority to please believe the stories of asylum seekers give them a new home a job and a future
