*Hirelings* Jennifer Hull Dorsey, 2011-04-15 In *Hirelings* Jennifer Dorsey recreates the social and economic milieu of Maryland's Eastern Shore at a time when black slavery and black freedom existed side by side She follows a generation of manumitted African Americans and their freeborn children and grandchildren through the process of inventing new identities associations and communities in the early nineteenth century Free Africans and their descendants had lived in Maryland since the seventeenth century but before the American Revolution they were always few in number and lacking in economic resources or political leverage By contrast manumitted and freeborn African Americans in the early republic refashioned the Eastern Shore's economy and society earning their livings as wage laborers while establishing thriving African American communities As free workers in a slave society these African Americans contested the legitimacy of the slave system even while they remained dependent laborers They limited white planters authority over their time and labor by reuniting their families in autonomous households settling into free black neighborhoods negotiating labor contracts that suited the needs of their households and worshipping in the African Methodist Episcopal Church Some moved to the cities but many others migrated between employers as a strategy for meeting their needs and thwarting employers control They demonstrated that independent and free African American communities could thrive on their own terms In all of these actions the free black workers of the Eastern Shore played a pivotal role in ongoing debates about the merits of a free labor system

**The Promised Land** Boulou de b'Berl, Nina Reid-Maroney, Handel K. Wright, 2014-06-09 Eschewing the often romanticized Underground Railroad narrative that portrays southern Ontario as the welcoming destination of Blacks fleeing from slavery *The Promised Land* reveals the Chatham Kent area as a crucial settlement site for an early Black presence in Canada The contributors present the everyday lives and professional activities of individuals and families in these communities and highlight early cross border activism to end slavery in the United States and to promote civil rights in the United States and Canada Essays also reflect on the frequent intermingling of local Black White and First Nations people Using a cultural studies framework for their collective investigations the authors trace physical and intellectual trajectories of Blackness that have radiated from southern Ontario

to other parts of Canada the United States the Caribbean and Africa The result is a collection that represents the presence and diffusion of Blackness and inventively challenges the grand narrative of history Courage and Conscience Donald M. Jacobs,1993 Written by first rate scholars these 10 essays give focus to the antislavery movement in Boston particularly to the significance of African American abolitionists Choice handsome lavishly illustrated and informative The New England Quarterly this work is a thoughtful long overdue discourse on individual and group accomplishments It is replete with absorbing illustrations which when accompanied by insightful essays depict the courage of those who labored for equality in antebellum Boston Journal of the Early Republic Until recently little was known of the contributions of African Americans in the antebellum abolition movement Massachusetts having granted voting rights early on to black males was a center of antislavery agitation Courage and Conscience documents the black activism in 19th century Boston that was critical to the success of the abolitionist cause **The Slave Narrative** Marion Wilson Starling,1988 *Vigilance* Andrew K.
