Refugee Ministry In The Local Congregation:

Refugee Ministry in the Local Congregation John Ronald Mummert, Jeff Bach, 1992 Wars terrorism and socioeconomic upheavals create thousands of refugees in search of a home Searing pictures of exiles uprooted from Southeast Asia Central America and elsewhere have appeared on television in newspapers and in magazines J Ronald Mummert with Jeff Bach share some of the heart wrenching stories behind the pictures and describes ways Christians can help Refugee Diaspora Sam George, Miriam Adeney, 2018-10-15 God is at work among refugees everywhere Will you join Refugee Diaspora is a contemporary account of the global refugee situation and how the light of the gospel of Jesus Christ is shining brightly in the darkest corners of the greatest crisis on our planet These hope filled pages of refugees encountering Jesus Christ presents models of Christian ministry from the front lines of the refugee crisis and the real challenges of ministering to today s refugees It includes biblical theological and practical reflections on mission in diverse diaspora contexts from leading scholars as well as practitioners in all major regions of the world **Building on the Rock** Walfred J. Fahrner, 2005-02-23 Two visions of church have dominated Christianity for centuries The sacramental view centers on celebration of sacred rites and the instructional view on proclamation of the Scriptures A third vision the church as a committed community of faith has been preserved among persecuted believers known as Anabaptists and Mennonites These people choose costly commitment to Christ and his way of suffering love They follow the path of discipleship in community and open themselves to the counsel of fellow church members Their highest authority is the kingdom of God and Jesus Christ whom they serve through obedience to the Scriptures With a spirituality of nonviolence compassion and servanthood they invite all people to know and follow Christ Today many see the Christian church as hypocritical and irrelevant Wealth mobility and individualism tempt Mennonites themselves to give up a common life Yet the vision of church as a true community of faith offers hope for renewal This book helps to reclaim core themes of a biblical and Mennonite vision of being church together Here is a challenge for longtime Mennonites and for disciples of all backgrounds **Global Mission on our Doorstep** Thorsten Prill, 2017-01-11 Document from the year 2017 in the subject Theology Practical Theology language English abstract In the face of globalisation one of the challenges for Christians ministering to asylum seekers and refugees in the United Kingdom is the question of integrating Christian asylum seekers and refugees into the Christian community British churches and para church organisations that are involved in refugee ministry have to decide whether they want to support the formation of independent refugee churches or the integration of refugees and asylum seekers into local indigenous churches This thesis examines these options from a missiological perspective Two social research projects form the heart of this study One compares the life and ministry of two mature minority ethnic churches the other investigates the integration process at a British church that has been involved in refugee ministry for almost a decade Contrary to the widespread view that the establishment of homogeneous churches is crucial for the mission of the church in postmodern

British society the findings of this research suggest that the integration of asylum seekers and refugees into indigenous British churches is the better option They further demonstrate that it is not the mono ethnic refugee church but the multi ethnic church which makes the greater contribution to the integration of Christian asylum seekers and refugees and to the missio Dei in Britain In a multi ethnic church asylum seekers and refugees serve as role models to British Christians and especially as effective agents of mission These research findings also show that the integration of asylum seekers and refugees is promoted through the congregation within the congregation model and an incarnational approach to mission However they equally indicate that various stumbling blocks can hinder the integration process These include a low ecclesiology a lack of awareness of globalisation and a reactive leadership style and church culture *98th Congress Hearings: H.R. 4447: Extended voluntary departure for Salvadorans* United States. Congress. House. Committee on Rules. Subcommittee on Rules of the House,1985 Scattered and Gathered Sadiri Joy Tira,Tetsunao Yamamori,2020-07-31 The twenty first century is marked by mass migration Massive population movements of the last century have radically challenged our study and practice of mission Where the church once rallied to go out into the regions beyond Christian mission is currently required to respond and adapt to missions around As a result leaders in this field have been developing diaspora missiology to provide a missiological framework for understanding and participating in God's redemptive mission among peoples living outside their places of origin In this volume experts in diaspora missiology from across the globe analyze the development of missions to migrants and add to our understanding of the contemporary church's opportunities and responsibilities for mission amongst diaspora groups The Living Church ,1961 **Ubuntu, Migration and Ministry** Elina Hankela,2014-05-28 Ubuntu Migration and Ministry invites the reader to rethink ubuntu Nguni humanness humanity as a moral notion in the context of local communities The socio moral patterns that emerge at the crossroads between ethnography and social ethics offer a fresh perspective to what it means to be human in contemporary Johannesburg The Central Methodist Mission is known for sheltering thousands of migrants and homeless people in the inner city Based on ethnographic fieldwork primarily conducted in 2009 Elina Hankela unpacks the church leader's liberationist vision of humanity and analyses the tension between the congregation and the migrants linked to the refugee ministry While relational virtues mark the community's moral code various regulating rules and structures shape the actual relationships at the church Here ubuntu challenges and is challenged Winner of the 2014 Donner Institute Prize for Outstanding Research into Religion **98th Congress Hearings** United States. Mary Eileen Paul,Linda Clements,1993 **Mending the World?** Niclas Blåder,Kristina Helgesson Kjellin,2017-06-16 Religion has played a major role in history affecting the course of events and influencing individuals Today one frequently hears the expression the return of religion but opinions differ as to how this return is to be understood It is clear that modernity and postmodernity have not meant that religion is dead or relegated to society s backyards Religion is still of vital importance for many people It has to some extent changed shape but has not lost its legitimacy and attractiveness to broad groups Religion is public visible and has a sought for voice but it is also wrestling with extremism ignorance and preconceptions Just like ideologies religions are capable of activating diametrically opposite traits in humans It is this dual tension that is implicit in the question mark in this book s title Mending the World This book s aim is to help explore whether how and in what ways religion church and theology can contribute constructively to the future of a global society In thirty one chapters researchers from around the world address the relation between religion and society
