

Refugees and the Asylum Dilemma in the West

Edited by Gil Loescher

Refugees And The Asylum Dilemma

Norman L. Zucker, Naomi Flint Zucker

Refugees And The Asylum Dilemma:

Refugees and the Asylum Dilemma in the West Gil Loescher, 1992 This study presents an examination of the historical background and contemporary significance of the asylum and refugee issue confronting Western governments that draws lessons for future policy making This is the first study of the asylum refugee problems to examine not only the history of policies of receiving nations in the West but also some of the underlying causes of refugee movements Past studies of the asylum problem have focused narrowly on the conditions in receiving countries and have failed to see the global interconnectedness of the refugee problem The authors argue that resolving the asylum problem in the West requires policy makers to direct their attention toward the conditions outside the industrialized countries that cause mass movements of populations as well as toward the improvement of their own asylum procedures The present increase in the number of asylum seekers and refugees is neither a temporary phenomenon nor a random product of chance events It is the predictable consequence of fundamental political demographic economic and ecological crises occurring throughout the Third World and Eastern Europe However Western governments did not until relatively recently envisage a large scale movement of the poor countries northward to Western Europe and North America Actual migratory pressures from the South and perceived threats of exodus from the East have only served to reinforce a restrictive attitude toward asylum The refugee problem has reached such a critical point that the very institution of asylum is being threatened These articles address the underlying causes of the current crisis assess present policies and define the considerations necessary for future policy making *Asylum* W. Gunther Plaut, 1995-05-23 Fueled by the explosion of the world's population the quest for asylum is one of the most pressing problems of our age Refugee receiving nations located frequently but by no means exclusively in the Western world have to respond to masses of humanity searching for new livable homes Human compassion for these refugees can be found everywhere but so can xenophobia and the desire to preserve one's nation economic well being and cultural integrity The clash between these impulses represents one of the great dilemmas of our time and is the subject of Plaut's study In exploring it he provides a far ranging inquiry into the human condition The book presents political ethnic philosophical religious and sociological arguments and deals with some of the most troublesome and heartbreaking conflicts in the news

Rethinking Refugee Law Niraj Nathwani, 2003-01-01 Refugee law faces a serious crisis in Europe This crisis highlights the need to explain the following questions What is the relationship between refugee law and immigration policy How much immigration do States need to tolerate for moral and practical reasons even if they do not wish any immigration The general legal principle of necessity offers a useful theoretical basis for refugee law Necessity explains the conditions under which it would be unfair to fight off unwanted immigrants by deportation and punishment Necessity also explains the conditions under which a restrictive immigration policy is not feasible at a reasonable cost versus desperate individuals It follows that necessity overrules a restrictive immigration policy and qualifies as a robust explanation of the purpose of a fair refugee

policy This study explores the consequences of the theory of necessity for the interpretation of key concepts of refugee law persecution well founded fear reasons of persecution asylum and concludes that a generous refugee practice can be conceived and logically justified even if a restrictive immigration policy is a political reality

REFUGEE CRISIS IN INTERNATIONAL POLICY - VOLUME V-VI - Refugees in Turkey and Beyond Hasret ÇOMAK, Burak Şakir ŞEKER, Mehlika Özlem ULTAN, Yaprak CİVELEK, Çağla ARSLAN BOZKUŞ, 2023-01-01 Professor Hasret Comak and colleagues put together a sizeable collection of studies on refugee situation in Turkey with reference to broader frameworks and discussions Volume V and VI bring us detailed discussions of the international framework of refugee management as well as the circumstances and experiences of refugees in Turkey 23 chapters focus on various aspects and offer insights and perspectives on refugee experiences legal frameworks and implications with particular reference to Turkey Temporary protection Syrians media representations Turkey s legal frameworks dealing with refugees are the themes covered in this volume

The Vietnamese American 1.5 Generation Sucheng Chan,2006 Riveting stories by refugees who fled Vietnam

Developing a Normative Framework for the Protection of Internally Displaced Persons Simon Bagshaw,2021-10-01 The author presents a systematic review of the role of treaties in international law and seeks to demonstrate that their importance is today somewhat overstated given the extent to which States and other organizations tend to resort to more flexible means of standard setting in order to promote respect for human rights As this text demonstrates the collaboration of various governmental intergovernmental and non governmental representatives can result in an instrument which may be broader in scope and more progressive in content If reinforced by suitable implementation measures it can be even more effective than a treaty in regulating States activities Published under the Transnational Publishers imprint

Human Rights in the New Europe David P. Forsythe,1994-01-01 I The global setting

Ethical Dilemmas of Migration Jean-Claude Garcia-Zamor,2018-03-15 This book discusses the ethical dilemmas of migration in the era of globalization Centered on the recent influx of large numbers of migrants and refugees to the United States and Europe and viewed through the lens of the 2016 World Humanitarian Summit and the United Nations Summit on Refugees and Migrants this book focuses on the problems posed by globalized migration and analyzes proposed responses Using prominent ethical theories and moral principles such as Utilitarianism duty justice and integrity the book proposes a framework for analyzing decision making by migrants and policymakers and formulating equitable policies to address the migration crisis Drawing attention to the ethical dilemmas that migrants and policymakers experience this book fills a gap in the literature and enriches it adding to the economic political and human rights issues that are traditionally part of the migration discussion Appropriate for students and scholars of ethics policy and political science this book is also meant to be of use to practitioners and decision makers faced with similar decisions

The Ashgate Research Companion to Migration Law, Theory and Policy Satvinder S. Juss,2016-03-23 The Ashgate Research Companion to Migration Law Theory and Policy complements the already successful Ashgate series Law Migration established in 2006 which now has a number of well regarded monographs to its credit The purpose of this Companion is to augment that Series by taking stock of the current state of literature on migration law theory and policy and to sketch out the contours of its future long term development in what is now a vastly expanded research agenda The Companion provides readers with a definitive and dependable state of art review of current research in each of the chosen areas that is all embracing and all inclusive of its subject matter The chapters focus on the regional and the sub regional as well as the national and the global In so doing they

aim to give a snap shot that is contextual coherent and comprehensive The contributors are both world renowned scholars and newer voices and include scholars practitioners former judges and researchers and policy makers who are currently working for international organisations

Desperate Crossings Norman L. Zucker, Naomi Flint Zucker, 2016-09-16 This work provides an examination of US refugee policy since the 1960s particularly as it has been applied to Cuba Haiti and Central America The authors also address world wide refugee problems proposing ideas for the 21st century

Beyond Charity: International Cooperation and the Global Refugee Crisis Gil Loescher, 1996-08-08 With more than 18 million refugees worldwide the refugee problem has fostered an intense debate regarding what political changes are necessary in the international system to provide effective solutions in the 1990s and beyond In the past refugees have been perceived largely as a problem of international charity but as the end of the Cold War triggers new refugee movements across the globe governments are being forced to develop a more systematic approach to the refugee problem Beyond Charity provides the first extensive overview of the world refugee crisis today asserting that refugees raise not only humanitarian concerns but also issues of international peace and security Gil Loescher argues persuasively that a central challenge in the post Cold War era is to develop a comprehensive refugee policy that preserves the right of asylum while promoting greater political and diplomatic efforts to address the causes of flight He presents the contemporary crisis in a historical framework and explores the changing role of the Office of the United Nations High Commissioner for Refugees Loescher suggests short term and long term reforms that address both the current refugee crisis and its underlying causes The book also details the ways governmental structures and international organizations could be strengthened to assume more effective assistance protection and political mediation functions Beyond Charity helps frame the debate on the global refugee crisis and offers directions for more effective approaches to refugee problems at present and in the future

Arguing and Justifying Robert F. Barsky, 2017-07-05 Addressing the crucial issue of why people choose to make Convention refugee claims this original book also explores the perceptions claimants have of possible host countries and investigates the view that refugees move on the basis of generally extreme levels of persecution

Strengths and Challenges of New Immigrant Families Rochelle L. Dalla, 2009-01-01 This book is comprised of nineteen chapters written by scholars with expertise on immigrant families representing every corner of the globe_ from Africa and India to Europe and Central America It provides a springboard from which to answer the application and what now questions for those who work with immigrant families in a variety of capacities_ from academicians and researchers to educators and human service providers

Rethinking International Protection Raffaella Puggioni, 2017-01-09 This book provides a critical account of the concept of international protection The author questions the boundaries between protection and assistance and challenges the dominant focus on state sovereignty Drawing upon a broad range of sources she scrutinises the central role played by the state in providing legal social and economic protection which entails positive obligations upon the state Protection in this context does not simply mean

protection from persecution threats and sustained violence but emancipation By focusing on the local and national contexts wherein protection is enacted created and also contested she combines the politics of protection with the practices of protection with a special focus on Italy The resulting arguments clarify the difference between the public responsibility to protect and the private desire to assist between treating refugees as bearers of rights and considering them as objects of assistance The author argues that the absence of protection in Italy has encouraged many to leave and find protection in other EU countries This timely work is essential reading for students and scholars of migration international relations and asylum politics as well as policy makers

The Oxford Handbook of International Refugee Law Cathryn

Costello, Michelle Foster, Jane McAdam, 2021-06-02 The Oxford Handbook of International Refugee Law is a comprehensive critical work which analyses the state of research across the refugee law regime as a whole Drawing together leading and emerging scholars the Handbook provides both doctrinal and theoretical analyses of international refugee law and practice It critiques existing law from a variety of normative positions with several chapters identifying foundational flaws that open up space for radical rethinking Many authors work directly in the field and their contributions demonstrate how scholarship and practice can mutually inform each other Contributions assess a wide range of international legal instruments relevant to refugee protection including from international human rights law international humanitarian law international migration law the law of the sea and international and transnational criminal law Geographically contributors examine regional and domestic laws and practices from around the world with 10 chapters focused on specific regions This Handbook provides an account as well as a critique of the status quo and in so doing it sets the agenda for future academic research in international refugee law

The UNHCR and World Politics

Gil Loescher, 2001-05-25 Over fifty years ago governments established the Office of the United Nations High Commissioner for Refugees UNHCR to protect the world's refugees The UNHCR was created to be a human rights and advocacy organization But governments also created the agency to promote regional and international stability and to serve the interests of states Consequently the UNHCR has always trod a perilous path between its mandate to protect refugees and asylum seekers and the demands placed upon it by states to be a relevant actor in world politics This is the first independent history of the UNHCR Gil Loescher one of the world's leading experts on refugee affairs draws upon decades of personal experience and research to examine the origins and evolution of the UNHCR as well as to identify many of the major challenges facing the organization in the years ahead A key focus is to examine the extent to which the evolution of the UNHCR has been framed by the crucial events of international politics during the past half century and how in turn the actions of the eight past High Commissioners have helped shape the course of world history Each chapter tells the story of an individual High Commissioner and examines the unique contributions made to the development of the Office The history of the last fifty years shows how the UNHCR has initiated and capitalized on international political developments to progressively expand its scope and authority as an important actor in world politics The book argues that

the UNHCR has overstretched itself in recent decades and has strayed from its central human rights protection role The protection of refugees remains a litmus test of the international community's commitment to defend human rights and to uphold liberal democratic values Loescher offers a series of bold policy recommendations aimed at making the agency a more effective and accountable advocate for the millions of refugees in the world today

Asian Americans in New England Monica Chiu, 2009 The first interdisciplinary contribution to studies about Asian Americans in New England

Exploring Ethical Dilemmas in Art Therapy Audrey Di Maria, 2019-03-22 Exploring Ethical Dilemmas in Art Therapy 50 Clinicians From 20 Countries Share Their Stories presents a global collection of first person accounts detailing the ethical issues that arise during art therapists work Grouped according to themes such as discrimination and inclusion confidentiality and scope of practice chapters by experienced art therapists from 20 different countries explore difficult situations across a variety of practitioner roles client diagnoses and cultural contexts In reflecting upon their own courses of action when faced with these issues the authors acknowledge missteps as well as successes allowing readers to learn from their mistakes Offering a unique presentation centered on diverse vignettes with important lessons and ethical takeaways highlighted throughout this exciting new volume will be an invaluable resource to all future and current art therapists as well as to other mental health professionals

The Cambridge Survey of World Migration Robin Cohen, 1995-11-02 This extensive survey of migration in the modern world begins in the sixteenth century with the establishment of European colonies overseas and covers the history of migration to the late twentieth century when global communications and transport systems stimulated immense and complex flows of labour migrants and skilled professionals In ninety five contributions leading scholars from twenty seven different countries consider a wide variety of issues including migration patterns the flights of refugees and illegal migration Each entry is a substantive essay supported by up to date bibliographies tables plates maps and figures As the most wide ranging coverage of migration in a single volume The Cambridge Survey of World Migration will be an indispensable reference tool for scholars and students in the field

Citizens' Activism and Solidarity Movements Birte Siim, Anna Krasteva, Aino Saarinen, 2018-07-09 This book explores the activism and solidarity movements formed by contemporary European citizens in opposition to populism which has risen significantly in reaction to globalization European integration and migration It makes the counterforces to neo nationalisms visible and re envisions key concepts such as democracy public sphere power empowerment intersectionality and conflict cooperation in civil society The book makes a theoretical and empirical contribution to citizenship studies covering several forms such as contestatory solidary everyday and creative citizenship The chapters examine the diverse movements against national populism othering and exclusion in various parts of the European Union such as Denmark Finland the UK Austria Germany France Bulgaria Slovenia and Italy The national case studies focus on counterforces to ethnic and religious divisions as well as genders and sexualities various expressions of anti migration Romanophobia Islamophobia and homophobia The book's overall focus on local national and

transnational forms of resistance is premised on values of respect and tolerance of diversity in an increasingly multi cultural Europe

Reviewing **Refugees And The Asylum Dilemma**: Unlocking the Spellbinding Force of Linguistics
