**Independent Stardom** Emily

Carman, 2015-12-15 During the heyday of Hollywood's studio system stars were carefully cultivated and promoted but at the price of their independence This familiar narrative of Hollywood stardom receives a long overdue shakeup in Emily Carman's new book Far from passive victims of coercive seven-year contracts a number of classic Hollywood's best-known actresses worked on a freelance basis within the restrictive studio system In leveraging their stardom to play an active role in shaping their careers female stars including Irene Dunne Janet Gaynor Miriam Hopkins Carole Lombard and Barbara Stanwyck challenged Hollywood's patriarchal structure Through extensive original archival research *Independent Stardom* uncovers

this hidden history of women's labor and celebrity in studio era Hollywood Carman weaves a compelling narrative that reveals the risks these women took in deciding to work autonomously Additionally she looks at actresses of color such as Anna May Wong and Lupe Vélez whose careers suffered from the enforced independence that resulted from being denied long term studio contracts Tracing the freelance phenomenon among American motion picture talent in the 1930s *Independent Stardom* rethinks standard histories of Hollywood to recognize female stars as creative artists sophisticated businesswomen and active players in the then as now male dominated film industry *Looking Past the Screen* Jon Lewis, Eric Loren Smoodin, 2007-10-22 A collection of essays illustrating new methods and theories of film history *Robert Taylor* Gillian Kelly, 2019-06-27 Because of his lengthy screen resume that includes almost eighty appearances in such movies as *Camille* and *Waterloo Bridge* as well as a marriage and divorce to actress Barbara Stanwyck Robert Taylor was a central figure of Hollywood's classical era Despite this he can be regarded as a lost star an interesting contradiction given the continued success he enjoyed during his lifetime In *Robert Taylor Male Beauty Masculinity and Stardom in Hollywood* author Gillian Kelly investigates the initial construction and subsequent developments of Taylor's star persona across his thirty five year career By examining concepts of male beauty men as object of the erotic gaze white American masculinity and the unusual longevity of a career initially based on looks Kelly highlights how gender masculinity and male stars and the ageing process affected Taylor's career Placing Taylor within the histories of both Hollywood's classical era and mid twentieth century America this study positions him firmly within the wider industrial cultural and socioeconomic contexts in which he worked Kelly examines Taylor's film and television work as well as ephemeral material such as fan magazines to assess how his on and off screen personas were created and developed over time Taking a mostly chronological approach Kelly places Taylor's persona within specific historical moments in order to show the complex paradox of his image remaining consistently recognizable while also shifting seamlessly within the Hollywood industry Furthermore she explores Taylor's importance to Hollywood cinema by demonstrating how a star persona like his can fit so well and for so long that it almost becomes invisible and eventually almost forgotten *Transnational America* Inderpal Grewal, 2005-06-28 A study of South Asian Americans which views both their identity and that of America as constructed transnationally between the U S and India

contributing to the transformations of modern culture On the Screen demonstrates how particular approaches to the use of screens traversed production and exhibition theatrical and extratheatrical practice mainstream and avant garde modes and even cinema and television Rogers s history challenges conventional narratives about the novelty of the twenty first century multiscreen environment showing how attention to the variety of historical screen practices opens up new ways to understand contemporary media

Envisioning Asia Jeanette Roan,2010-05-07 Whereas some other scholars read selected films mainly to illustrate political arguments Roan never loses sight of the particularities of film as a distinctive cultural form and practice Her drive to see cinema as a mechanism of American orientalism results in not just a textual analysis of these films but also a history of their material production and distribution Josephine Lee University of Minnesota Envisioning Asia offers an exciting new contribution to our understandings of the historical developments of American Orientalism Jeannette Roan deftly situates changing cinematic technologies within the context of U S imperial agendas in this richly nuanced analysis of shooting on location in Asia in early 20th century American cinema Wendy Kozol Oberlin College Through her vivid illustration of the role of American cinema in the material visual and ideological production of Asia Jeanette Roan takes the reader on a journey to Asia through a very different route from the virtual travel taken by the viewers of the films she discusses Mari Yoshihara University of Hawai i at Manoa The birth of cinema coincides with the beginnings of U S expansion overseas and the classic Hollywood era coincides with the rise of the United States as a global superpower In Envisioning Asia Jeanette Roan argues that throughout this period the cinema s function as a form of virtual travel coupled with its purported authenticity served to advance America s shifting interests in Asia Its ability to fulfill this imperial role depended however not only on the cinematic representations themselves but on the marketing of the films production histories and in particular their use of Asian locations Roan demonstrates this point in relation to a wide range of productions offering an engaging and useful survey of a largely neglected body of film Not only that by focusing on the material practices involved in shooting films on location that is the actual travels negotiations and labor of making a film she moves beyond formal analysis to produce a richly detailed history of American interests attitudes and cultural practices during the first half of the twentieth century Jeanette Roan is Adjunct Professor of Visual Studies at California College of the Arts and author of Exotic Explorations Travels to Asia and the Pacific in Early Cinema in Re collecting Early Asian America Essays in Cultural History 2002 Cover art Publicity still Tokyo File 212 Dorrell McGowan and Stuart McGowan 1951 The accompanying text reads Hundreds of spectators gather on the sidelines as technicians prepare to photograph a parade scene in Tokyo File 212 a Breakston McGowan Production filmed in Japan for RKO Radio distribution Courtesy of the Academy of Motion Picture Arts and Sciences
