**Alan Heimert**

## **Religion And The American Mind From The Great Awakening To The Revolution:**

**Religion and the American Mind** Alan Heimert, 1985      Religion and the American mind from the Great Awakening to the Revolution Alan E. Heimert,      **Religion and the American Mind, from the Great Awakening to the Revolution** Alan Heimert, 2013      *Creating the American Mind* J. David Hoeveler, 2007-04-09 The nine colleges of colonial America confronted the major political currents of the seventeenth and eighteenth centuries while serving as the primary intellectual institutions for Puritanism and the transition to Enlightenment thought The colleges also confronted the most partisan and divisive cultural movement of the eighteenth century the Great Awakening *Creating the American Mind* is the first book to present a synthetic treatment of the colonial colleges tracing their role in the intellectual development of early Americans through the Revolution Distinguished historian J David Hoeveler focuses on Harvard William and Mary Yale the College of New Jersey Princeton King s College Columbia the College of Philadelphia University of Pennsylvania Queen s College Rutgers the College of Rhode Island Brown and Dartmouth Hoeveler pays special attention to the collegiate experience of prominent Americans including Jefferson Hamilton and Madison Written in clear and engaging prose *Creating the American Mind* will be of great value to historians and educators interested in rediscovering the institutions that first fostered American intellectual thought      **The Oxford Handbook of the American Revolution** Edward G. Gray, Jane Kamensky, 2015 The Oxford Handbook of the American Revolution introduces scholars students and generally interested readers to the formative event in American history In thirty three individual essays the Handbook provides readers with in depth analysis of the Revolution s many sides      Revolutionary America, 1763-1815 Francis D. Cogliano, 2003-09-02 The American Revolution describes and explains the crucial events in the history of the United States between 1763 and 1815 when settlers in North America rebelled against British authority won their independence in a long and bloody struggle and created an enduring republic Placing the political revolution at the core of the story this book considers the deterioration of the relationship between Britain and the American colonists the Wars of Independence the creation of the republican government and the ratification of the United States Constitution the trials and tribulations of the first years of the new republic The American Revolution also examines those who paradoxically were excluded from the political life of the new republic and the American claim to uphold the principle that all men are created equal In particular this book describes the experiences of women who were often denied the rights of citizens Native Americans and African Americans The American Revolution is an important book for all students of the American past      **John Witherspoon's American Revolution** Gideon Mailer, 2016-11-23 In 1768 John Witherspoon Presbyterian leader of the evangelical Popular party faction in the Scottish Kirk became the College of New Jersey s sixth president At Princeton he mentored constitutional architect James Madison as a New Jersey delegate to the Continental Congress he was the only clergyman to sign the Declaration of Independence Although Witherspoon is often thought to be the chief conduit of moral sense philosophy in America Mailer s

comprehensive analysis of this founding father's writings demonstrates the resilience of his evangelical beliefs. Witherspoon's Presbyterian evangelicalism competed with and even superseded the civic influence of Scottish Enlightenment thought in the British Atlantic world. John Witherspoon's *American Revolution* examines the connection between patriot discourse and long-standing debates already central to the 1707 Act of Union about the relationship among piety, moral philosophy, and political unionism. In Witherspoon's mind, Americans became different from other British subjects because more of them had been awakened to the sin they shared with all people. Paradoxically, acute consciousness of their moral depravity legitimized their move to independence by making it a concerted moral action urged by the Holy Spirit. Mailer's exploration of Witherspoon's thought and influence suggests that for the founders in his circle, civic virtue rested on personal religious awakening.

A Powerful Mind Adrienne M. Harrison, 2015-10-01 His formal schooling abruptly cut off at age eleven, George Washington saw his boyhood dream of joining the British army evaporate and recognized that even his aspiration to rise in colonial Virginian agricultural society would be difficult. Throughout his life, he faced challenges for which he lacked the academic foundations shared by his more highly educated contemporaries. Yet Washington's legacy is clearly not one of failure. Breaking new ground in Washington scholarship and American revolutionary history, Adrienne M. Harrison investigates the first president's dedicated process of self-directed learning through reading, a facet of his character and leadership long neglected by historians and biographers. In *A Powerful Mind*, Harrison shows that Washington rose to meet these trials through a committed campaign of highly focused reading, educating himself on exactly what he needed to do and how best to do it. In contrast to other famous figures of the revolution—Thomas Jefferson, John Adams, Benjamin Franklin—Washington did not relish learning for its own sake, viewing self-education instead as a tool for shaping himself into the person he wanted to be. His two highest-profile and highest-risk endeavors, commander in chief of the Continental Army and president of the fledgling United States, are a testament to the success of his strategy.

*One Holy and Happy Society* Gerald R. McDermott, 2010-11 Jonathan Edwards (1703-58) was arguably this country's greatest theologian and its finest philosopher before the nineteenth century. His school of disciples, the New Divinity, exerted enormous influence on the religious and political cultures of late colonial and early republican America. Hence, any study of religion and politics in early America must take account of this theologian and his legacy. Yet historians still regard Edwards's social theory as either nonexistent or underdeveloped. Gerald McDermott demonstrates to the contrary that Edwards was very interested in the social and political affairs of his day and commented upon them at length in his unpublished sermons and private notebooks. McDermott shows that Edwards thought deeply about New England's status under God, America's role in the millennium, the nature and usefulness of patriotism, the duties of a good magistrate, and what it means to be a good citizen. In fact, his sociopolitical theory was at least as fully developed as that of his better-known contemporaries and more progressive in its attitude toward citizens' rights. Using unpublished manuscripts that have previously been largely ignored, McDermott also

convincingly challenges generations of scholarly opinion about Edwards The Edwards who emerges from this nook is both less provincial and more this worldly than the persona he is commonly given [Reading the Bible with the Founding Fathers](#) Daniel L. Dreisbach,2016-11-01 No book was more accessible or familiar to the American founders than the Bible and no book was more frequently alluded to or quoted from in the political discourse of the age How and for what purposes did the founding generation use the Bible How did the Bible influence their political culture Shedding new light on some of the most familiar rhetoric of the founding era Daniel Dreisbach analyzes the founders diverse use of scripture ranging from the literary to the theological He shows that they looked to the Bible for insights on human nature civic virtue political authority and the rights and duties of citizens as well as for political and legal models to emulate They quoted scripture to authorize civil resistance to invoke divine blessings for righteous nations and to provide the language of liberty that would be appropriated by patriotic Americans Reading the Bible with the Founding Fathers broaches the perennial question of whether the American founding was to some extent informed by religious specifically Christian ideas In the sense that the founding generation were members of a biblically literate society that placed the Bible at the center of culture and discourse the answer to that question is clearly yes Ignoring the Bible s influence on the founders Dreisbach warns produces a distorted image of the American political experiment and of the concept of self government on which America is built

**American Evangelicalism** Darren Dochuk,Thomas S. Kidd,Kurt W. Peterson,2014-10-15 No living scholar has shaped the study of American religious history more profoundly than George M Marsden His work spans U S intellectual cultural and religious history from the seventeenth through the twenty first centuries This collection of essays uses the career of George M Marsden and the remarkable breadth of his scholarship to measure current trends in the historical study of American evangelical Protestantism and to encourage fresh scholarly investigation of this faith tradition as it has developed between the eighteenth century and the present Moving through five sections each centered around one of Marsden s major books and the time period it represents the volume explores different methodologies and approaches to the history of evangelicalism and American religion Besides assessing Marsden s illustrious works on their own terms this collection s contributors isolate several key themes as deserving of fresh rigorous and extensive examination Through their close investigation of these particular themes they expand the range of characters and communities issues and ideas and contingencies that can and should be accounted for in our historical texts Marsden s timeless scholarship thus serves as a launchpad for new directions in our rendering of the American religious past [Samuel Adams](#) Ira Stoll,2008-11-04 A biography of one of the most influential patriots during the Revolutionary War [A People So Favored of God, Second Edition](#) George W. Harper,2007-12-01 This book is intended for all those with an interest in New England Puritanism American evangelicalism the history of revivalism or the history of pastoral ministry *Encyclopedia of U.S. Political History* Andrew Whitmore Robertson,2010 Annotation st1 behavior url ieouui Unparalleled coverage of U S political development

through a unique chronological framework

**Encyclopedia of U S Political History** explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader s understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories

**Key Features** Organized chronologically by political eras Reader s guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

**VOLUME 1** Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

**VOLUME 2** The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

**The ^AOxford Handbook of the Bible in America** Paul Gutjahr, 2017-11-01 This Handbook brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview rich with bibliographic resources to those interested in the Bible s role in American cultural formation

Strangers and Pilgrims Catherine A. Brekus, 2000-11-09 Margaret Meuse Clay who barely escaped a public whipping in the 1760s for preaching without a license Old Elizabeth an ex slave who courageously traveled to the South to preach against slavery in the early nineteenth century Harriet Livermore who spoke in front of Congress four times between 1827 and 1844 these are just a few of the extraordinary women profiled in this the first comprehensive history of female preaching in early America Drawing on a wide range of sources Catherine Brekus examines the lives of more than a hundred female preachers both white and African American who crisscrossed the country between 1740 and 1845 Outspoken visionary and sometimes contentious these women stepped into the pulpit long before twentieth century battles over female ordination began They were charismatic

popular preachers who spoke to hundreds and even thousands of people at camp and revival meetings and yet with but a few notable exceptions such as Sojourner Truth these women have essentially vanished from our history Recovering their stories Brekus shows forces us to rethink many of our common assumptions about eighteenth and nineteenth century American culture Inventing a Christian America Steven K. Green,2015-06-01 Steven K Green explores the historical record that supports the popular belief about the nation s religious origins seeking to explain how the ideas of America s religious founding and its status as a Christian nation became a leading narrative about the nation s collective identity

**Antirevivalism in Antebellum America** James D. Bratt,2005 One of the most enduring images from the early years of American history is that of a preacher on horseback slogging through mud and rain to bring folks in the backwoods the message of God and glory Such religious revivals not only became the defining mark of American religion but also played a central role in the nation s developing identity independence and democratic principles But revivalism has always generated opposition too even in its century of glory In *Anti Revivalism in Antebellum America* James D Bratt offers extensive introductions to primary anti revivalist documents These works range from the Philadelphia Methodist John F Watson s protests against camp meetings in 1819 to Elizabeth Cady Stanton s *Eighty Years and More* written in 1898 in which she recalls her youthful encounter with revival preaching and her rebound into political activism and religious agnosticism Through the recovered voices of antebellum religious critics Bratt shows how American culture was already being reshaped a generation before the Civil War and how evangelical religion stood at the center of a culture war If revivals typified the era when Americans launched and defined their new nation then objections to these revivals embodied the growing discontent at what the nation had become An important and long overdue collection this book urges an understanding of anti revival literature both in the context of the era when it emerged as well as in terms of the broader dynamic of American life Includes selections from Orestes Brownson Horace Bushnell Calvin Colton Orville Dewey Albert Baldwin Dod George Elley Charles G Finney John Williamson Nevin Stephen Olin Phoebe Palmer Daniel Alexander Payne Ephraim Perkins Elizabeth Cady Stanton Joseph Smith Harriet Beecher Stowe La Roy Sunderland John Fanning Watson Ellen G White and Friedrich C D Wyneken

*The Great Awakening and Southern Backcountry Revolutionaries* Richard J. Chacon,Michael Charles Scoggins,2014-07-08 This work documents the impact that the Great Awakening had on the inhabitants of colonial America s Southern Backcountry Special emphasis is placed on how this religious revival furrowed the ground on which the seeds of the American Revolution would sprout The investigation shows how the Great Awakening can be traced to the Europe s Age of Enlightenment This effort also demonstrates how and why this revival spread so rapidly throughout the colonies Special focus is placed on how the Great Awakening impacted the mindset of colonists of the Southern Backcountry Most significantly this research demonstrates how this 18thcentury revival not only cultivated a sense of American national identity but how it also fostered a colonial mindset against established authority which in turn facilitated the success of the

American Revolution Additionally this investigation will document from a cross cultural perspective how religious revivals have fueled other revolutionary movements around the world Such analysis will include the Celtic Druid Revolt the Maji Maji Rebellion of East Africa along with the Mad Man s War in Southeast Asia Lastly the ethical ramifications of minimizing or denying the role that religion played in political and social transformations around the world will be addressed This final point is of paramount importance given current trend in academia to minimize the role that religion played in spurring revolutions while emphasizing material i e economic causal factors This attempt at divorcing religion from history is misguided and unethical because it is not only misleading but it also fails to fully acknowledge the beliefs and values that motivated individuals to take certain actions in the first place      *Public Religions in the Modern World* José

Casanova,2024-05-31 In a sweeping reconsideration of the relation between religion and modernity Jose Casanova surveys the roles that religions may play in the public sphere of modern societies During the 1980s religious traditions around the world from Islamic fundamentalism to Catholic liberation theology began making their way often forcefully out of the private sphere and into public life causing the deprivatization of religion in contemporary life No longer content merely to administer pastoral care to individual souls religious institutions are challenging dominant political and social forces raising questions about the claims of entities such as nations and markets to be value neutral and straining the traditional connections of private and public morality Casanova looks at five cases from two religious traditions Catholicism and Protestantism in four countries Spain Poland Brazil and the United States These cases challenge postwar and indeed post Enlightenment assumptions about the role of modernity and secularization in religious movements throughout the world This book expands our understanding of the increasingly significant role religion plays in the ongoing construction of the modern world

## **Religion And The American Mind From The Great Awakening To The Revolution** Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the power of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change. ### Religion And The American Mind From The Great Awakening To The Revolution Introduction

In today's digital age, the availability of Religion And The American Mind From The Great Awakening To The Revolution books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Religion And The American Mind From The Great Awakening To The Revolution books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Religion And The American Mind From The Great Awakening To The Revolution books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Religion And The American Mind From The Great Awakening To The Revolution versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Religion And The American Mind From The Great Awakening To The Revolution books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or

referencing. When it comes to accessing Religion And The American Mind From The Great Awakening To The Revolution books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Religion And The American Mind From The Great Awakening To The Revolution books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Religion And The American Mind From The Great Awakening To The Revolution books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Religion And The American Mind From The Great Awakening To The Revolution books and manuals for download and embark on your journey of knowledge?

### **FAQs About Religion And The American Mind From The Great Awakening To The Revolution Books**

**What is a Religion And The American Mind From The Great Awakening To The Revolution PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Religion And The American Mind From The Great Awakening To The Revolution PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on

paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Religion And The American Mind From The Great Awakening To The Revolution PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Religion And The American Mind From The Great Awakening To The Revolution PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Religion And The American Mind From The Great Awakening To The Revolution PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
