Chasing Immortality in World Religions Deborah M.

Coulter-Harris, 2016-08-12 Humans have been chasing immortality since the beginning of history seeking answers to sickness and aging death and the afterlife and questioning the human condition Analyzing ideas from ancient Sumer Egypt Greece and India as well as the Abrahamic religions of Judaism Christianity and Islam this study explores how early religious models influenced later beliefs about immortality the afterlife the human soul resurrection and reward and punishment The author highlights shared teachings among the most influential religions and philosophies concluding that humankind has not substantially changed its conceptions of immortality in 6 000 years This continuity of belief may be due to chromosomal memory and cultural inheritance or may represent a fundamental way of conceptualizing the afterlife to cope with mortality Instructors considering this book for use in a course may request an examination copy here **The Belief in God and**

Muraresku, 2020-09-29 THE NEW YORK TIMES BESTSELLER As seen on The Joe Rogan Experience A groundbreaking dive into the role psychedelics have played in the origins of Western civilization and the real life quest for the Holy Grail that could shake the Church to its foundations The most influential religious historian of the 20th century Huston Smith once referred to it as the best kept secret in history Did the Ancient Greeks use drugs to find God And did the earliest Christians inherit the same secret tradition A profound knowledge of visionary plants herbs and fungi passed from one generation to the next ever since the Stone Age There is zero archaeological evidence for the original Eucharist the sacred wine said to guarantee life after death for those who drink the blood of Jesus The Holy Grail and its miraculous contents have never been found In the absence of any hard data whatever happened at the Last Supper remains an article of faith for today's 2.5 billion Christians In an unprecedented search for answers *The Immortality Key* examines the archaic roots of the ritual that is

performed every Sunday for nearly one third of the planet Religion and science converge to paint a radical picture of Christianity's founding event And after centuries of debate to solve history's greatest puzzle Before the birth of Jesus the Ancient Greeks found salvation in their own sacraments Sacred beverages were routinely consumed as part of the so called Ancient Mysteries elaborate rites that led initiates to the brink of death The best and brightest from Athens and Rome flocked to the spiritual capital of Eleusis where a holy beer unleashed heavenly visions for two thousand years Others drank the holy wine of Dionysus to become one with the god In the 1970s renegade scholars claimed this beer and wine the original sacraments of Western civilization were spiked with mind altering drugs In recent years vindication for the disgraced theory has been quietly mounting in the laboratory The constantly advancing fields of archaeobotany and archaeochemistry have hinted at the enduring use of hallucinogenic drinks in antiquity And with a single dose of psilocybin the psychopharmacologists at Johns Hopkins and NYU are now turning self proclaimed atheists into instant believers But the smoking gun remains elusive If these sacraments survived for thousands of years in our remote prehistory from the Stone Age to the Ancient Greeks did they also survive into the age of Jesus Was the Eucharist of the earliest Christians in fact a psychedelic Eucharist With an unquenchable thirst for evidence Muraresku takes the reader on his twelve year global hunt for proof He tours the ruins of Greece with its government archaeologists He gains access to the hidden collections of the Louvre to show the continuity from pagan to Christian wine He unravels the Ancient Greek of the New Testament with the world's most controversial priest He spelunks into the catacombs under the streets of Rome to decipher the lost symbols of Christianity's oldest monuments He breaches the secret archives of the Vatican to unearth manuscripts never before translated into English And with leads from the archaeological chemists at UPenn and MIT he unveils the first scientific data for the ritual use of psychedelic drugs in classical antiquity The Immortality Key reconstructs the suppressed history of women consecrating a forbidden drugged Eucharist that was later banned by the Church Fathers Women who were then targeted as witches during the Inquisition when Europe's sacred pharmacology largely disappeared If the scientists of today have resurrected this technology then Christianity is in crisis Unless it returns to its roots Featuring a Foreword by Graham Hancock the NYT bestselling author of *America Before* *Philosophy of Religion* Stuart Brown, 2014-05-01 With the entry level student in mind Stuart Brown guides the reader through three main topics whether or not there is life after death whether or not there is a powerful beneficent intelligence controlling the universe and the nature and appropriate defence of religious belief or faith Each chapter is linked to readings by commentators on religion and belief such as David Hume John Hick Richard Dawkins and William James Key features also include activities and exercises chapter summaries and guides to further reading Religion and Immortality Goldsworthy Lowes Dickinson, 1911 **Immortality and the Unseen World** William Oscar Emil Oesterley, 1921 What does the Bible say about immortality and the afterlife In this study we discover the origins and development of religious beliefs in life after death and the existence of beings from realms beyond In mounting

this comprehensive and scholarly study of the Old Testament W O E Oesterley examines a variety of pertinent passages from the Biblical lore By the time the Bible was written demons and their ilk were already an established presence in ancient belief systems Ancient Judaism included a variety of new demons together with details on their habitat behaviors and interaction with humans living on Earth With demons synonymous with evil angels were synonymous with good enacting God's will that humans spend their mortality in virtue What happens to humans after death has for millennia been an important spiritual question The Bible contains a series of details on the traversal and immortality of the deceased's souls In the ancient times ancestor worship was common and these cults of the dead are acknowledged in the Old Testament To compliment his narrative the author also provides supplementary historical details of mourning and funerary customs with a series of rituals said to ensure the soul's safe transit to the immortal realm

Beyond the Grave Floyd Vernon Chandler, 2009-10-01 What really happens to human consciousness at death How might love and immortality be related What is purgatory and do most religions teach the concept of purgatory What is spirituality Is the essence of the mystery we call God the same for the Buddhist Christian Hindu Jew and Muslim Is it more important what my religion teaches me to believe or is it more important that my religion enables me to become more loving and compassionate How might one practice a reverence for life by our food choices How do we balance work and spirituality How do we balance spirituality and social justice work In this collection of sermons and reflections Floyd Vernon Chandler suggests that there are many valid spiritual paths to Enlightenment and Holiness Understanding the mystery we call God is akin to the story of five blind men touching different parts of a huge elephant Each man's description and understanding of the elephant will vary based upon the location of his touch The importance of any religion is determined by how much our respective spiritual paths lead us to grow in love and compassion for one another and for all other forms of life on this planet The sermon and reflections found in *Beyond the Grave* Love and Immortality express a Universalist theology that all souls will eventually be reunited with the mystery we call God Inherent in this collection of writings is the belief that there is truth in all religions and that there are many valid spiritual paths No religious dogma or ideology has a monopoly on truth

...Religions: Philosophy of Religion, Folk-lore, Ethnic Religions Newberry Library, 1925 Selected Essays on Language, Mythology and Religion Friedrich Max Müller, 1881 *Death and Immortality in the Religions of the World* Paul Badham, Linda Badham, 1987 **The Belief in Immortality** Simeon Spidle, 1912 *Essays on Faith and Immortality* George Tyrrell, 1914 The Science of Religion, Spirituality, and Existentialism Kenneth E. Vail III, Clay Routledge, 2020-04-04 The Science of Religion Spirituality and Existentialism presents in depth analysis of the core issues in existential psychology their connections to religion and spirituality e.g. religious concepts beliefs identities and practices and their diverse outcomes e.g. psychological social cultural and health Leading scholars from around the world cover research exploring how fundamental existential issues are both cause and consequence of religion and spirituality informed by research data spanning multiple levels of analysis such as

evolution cognition and neuroscience emotion and motivation personality and individual differences social and cultural forces physical and mental health among many others The Science of Religion Spirituality and Existentialism explores known contours and emerging frontiers addressing the big question of why religious belief remains such a central feature of the human experience Discusses both abstract concepts of mortality and concrete near death experiences Covers the struggles and triumphs associated with freedom self regulation and authenticity Examines the roles of social exclusion experiential isolation attachment and the construction of social identity Considers the problems of uncertainty the effort to discern truth and reality and the challenge to find meaning in life Discusses how the mind developed to handle existential topics how the brain and mind implement the relevant processes and the many variations and individual differences that alter those processes Delves into the psychological functions of religion and science the influence on pro and antisocial behavior politics and public policy and looks at the role of spiritual concerns in understanding the human body and maintaining physical health Problems of Religion Durant Drake,1916 What is Religion? Alban G. Widgery,2023-01-20 First Published in 1953 What is Religion provides an understanding of religious faith which embraces all of the great and enduring religions In the process it strips off the irrelevant and inconsequential which every religion accumulates in the course of time and gets in back of rigid formulations of faith to the primary experiences of the single religious man Through its detailed consideration of world faiths runs an appealing and consistent philosophy of religion for everyman Alban Widgery s aim throughout is constructive with the purpose of showing religion as supreme in life and of defending its beliefs against forms of antireligious thought He maintains that the view he presents is more true of religion as it has been in history and also to the general conditions of mankind This book is a must read for scholars and researchers of philosophy of religion and religion in general

Religion: Key Concepts in Philosophy Brendan Sweetman,2007-06-23 An introduction to the philosophy of religion for undergraduates **Death, Immortality, and Eternal Life** Taylor & Francis Group,2021-05-17 This book offers a multifaceted exploration of death and the possibilities for an afterlife By incorporating a variety of approaches to these subjects it provides a unique framework for extending and reshaping enduring philosophical debates around human existence up to and after death Featuring original essays from a diverse group of international scholars the book is arranged in four main sections Firstly it addresses how death is or should be experienced engaging with topics such as near death experiences continuing bonds with the deceased and attitudes toward dying Secondly it looks at surviving death addressing the metaphysics of human persons the nature of time the nature of the true self and the nature of the divine It then evaluates the value of mortality and immortality drawing upon the resources of the history of philosophy meta analysis of contemporary debates and the analogy between individual death and species extinction Finally it explores what an eternal life might be like examining the place of selflessness embodiment and racial identity in such a life This volume allows for a variety of philosophical and theological perspectives to be brought to bear on the end of life and what might be beyond As such it will

be a fascinating resource for scholars in the Philosophy of Religion Theology and Death Studies

Religion Immortality Introduction

In the digital age, access to information has become easier than ever before. The ability to download Religion Immortality has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Religion Immortality has opened up a world of possibilities. Downloading Religion Immortality provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Religion Immortality has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Religion Immortality. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Religion Immortality. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Religion Immortality, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Religion Immortality has transformed the way we access information. With the convenience, cost-

effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
