Religious Toleration And Social Change In Hamburg 1529 1819:

Religious Toleration and Social Change in Hamburg, 1529-1819 Joachim Whaley, 2002-07-18 A study of the way in which ideas of toleration were received and gradually implemented **Jews in the Early Modern World** Dean Phillip Bell, 2008 Jews in the Early Modern World argues that the years between 1400 and 1700 represented a discrete cohesive and important period in Jewish history Given the significant demographic shifts that began just before and ended just after this period remarkable changes occurred in the history and experiences of Jews around the world This volume begins with a broad context of Jewish experiences under medieval Christianity and Islam It then turns to the early modern period first providing an overview of Jewish demography and settlement Next the nature and structure of Jewish community and social structures in the early modern period are explored In the final two chapters this book presents a broad overview of Jewish religious and cultural life and Jewish relations with non Jews throughout the early modern period Publisher Jewish Welfare in Hamburg and Manchester, C. 1850-1914 Rainer Liedtke, 1998 This comparative history of Jewish welfare in Hamburg and Manchester highlights Jewish integration and identity formation in nineteenth century Europe Despite their fundamentally different historical experiences the Jews of both cities displayed very similar patterns of welfare organization This is illustrated by an analysis of community wide Jewish welfare bodies and institutions provisions for Eastern European Jewish immigrants and transmigrants the importance of women in Jewish welfare and the function of specialized Jewish voluntary welfare associations The realm of welfare was vital for the preservation of secular Jewish identities and the maintenance of internal social balances Dr Liedtke demonstrates how these virtually self sufficient Jewish welfare systems became important components of distinctive Jewish subcultures He shows that though it was intended to promote Jewish integration the separate organization of welfare in practice served to segregate Jews from non Jews in this very important sphere of everyday life *Religious Changes and Cultural Transformations in the Early Modern Western Sephardic Communities* Yosef Kaplan, 2019-02-11 From the sixteenth century on hundreds of Portuguese New Christians began to flow to Venice and Livorno in Italy and to Amsterdam and Hamburg in northwest Europe In those cities and later in London Bordeaux and Bayonne as well Iberian conversos established their own Jewish communities openly adhering to Judaism Despite the features these communities shared with other confessional groups in exile what set them apart was very significant In contrast to other European confessional communities whose religious affiliation was uninterrupted the Western Sephardic Jews came to Judaism after a separation of generations from the religion of their ancestors In this edited volume several experts in the field detail the religious and cultural changes that occurred in the Early Modern Western Sephardic communities Highly recommended for all academic and Jewish libraries David B Levy Touro College NYC in Association of Jewish Libraries News and Reviews 1 2 2019 The Account Books of the Reimarus Family of Hamburg, 1728-1780 (2 vols.) Almut Spalding, Paul S. Spalding, 2015-09-01 In The Account Books of the Reimarus Family of Hamburg 1728 1780 Almut

Spalding and Paul S Spalding offer a two volume critical edition of domestic records that open windows onto early modern Europe and the Enlightenment They detail economic realities social circles cultural and educational pursuits leisure activities religious communities and institutions in the life of a great city and a distinguished family Volume one consists of the transcription with an introduction and illustrations Volume two is an extensive index Hermann Samuel Reimarus and his daughter Margareta Elisabeth Elise Reimarus carefully maintained these records over fifty years The former was a notable classicist biblical scholar animal behaviorist and freethinker the latter leader of a literary salon educator translator and author

Toleration in Enlightenment Europe Ole Peter Grell, Roy Porter, 2000 This 1999 book is a systematic pan European survey of the theory practice and very real limits to toleration in eighteenth century Europe

Getting Along? Adam Morton, 2016-04-15 Examining the impact of the English and European Reformations on social interaction and community harmony this volume simultaneously highlights the tension and degree of accommodation amongst ordinary people when faced with religious and social upheaval Building on previous literature which has characterised the progress of the Reformation as slow and piecemeal this volume furthers our understanding of the process of negotiation at the most fundamental social and political levels in the family the household and the parish The essays further research in the field of religious toleration and social interaction in the late sixteenth and early seventeenth centuries in both Britain and the wider European context The contributors are amongst the leading researchers in the fields of religious toleration and denominational history and their essays combine new archival research with current debates in the field Additionally the collection seeks to celebrate the career of Professor Bill Sheils Head of the Department of History at the University of York for his on going contributions to historians understanding of non conformity both Catholic and Protestant in Reformation and post Reformation England

The Cambridge History of Judaism: Volume 7, The Early Modern World, 1500-1815 Jonathan Karp, Adam Sutcliffe, 2017-11-30 This seventh volume of The Cambridge History of Judaism provides an authoritative and detailed overview of early modern Jewish history from 1500 to 1815 The essays written by an international team of scholars situate the Jewish experience in relation to the multiple political intellectual and cultural currents of the period They also explore and problematize the modernization of world Jewry over this period from a global perspective covering Jews in the Islamic world and in the Americas as well as in Europe with many chapters straddling the conventional lines of division between Sephardic Ashkenazic and Mizrahi history The most up to date comprehensive and authoritative work in this field currently available this volume will serve as an essential reference tool and ideal point of entry for advanced students and scholars of early modern Jewish history

Enlightened Absolutism H.M. Scott, 1990-03-05 Each book in this series is designed to make available to students important new work on key historical problems and periods that they encounter Each volume devoted to a central topic or theme contains specially commissioned essays from scholars in the relevant field These provide an assessment of a particular aspect pointing out areas of development and controversy and indicating where

conclusions can be drawn or where further work is necessary while an editorial introduction reviews the problem or period as a whole In this text the contributors assess reform and reformers in late 18th century Europe covering such topics as Catherine the Great the Danish reformers the Habsburg Monarchy and events in Spain and Italy *The Cambridge Companion to the First Amendment and Religious Liberty* Michael D. Breidenbach, Owen Anderson, 2020-01-09 Offers historical philosophical legal and political insights into the First Amendment religious liberty and church state relations

Liaisons Dangereuses Mary Lindemann, 2006-05-03 Publisher Description *German History, 1770-1866* James J. Sheehan, 1989 Now available in paperback this is a uniquely authoritative study of Germany from the mid eighteenth century to the formation of the Bismarckian Reich James J Sheehan gives an extensive account of social and cultural as well as political developments and shows that the creation of a Prussian led nation state should not be seen as natural or inevitable He shows how German history in this period was shaped by three separable yet closely linked developments the rise of sovereign territorial states the expansion of economic activity and social mobility and the emergence of a literary culture

European Physico-theology (1650-c.1760) in Context Kaspar von Greyerz, 2022-04-07 Physico theology celebrated the observation of nature as a way toward the recognition of God as Creator and to demonstrate the compatibility of the biblical record with the new science It was a crucial albeit often underestimated element in the intellectual as well as socio cultural establishment of the new science in western and central Europe beginning in the mid seventeenth century The importance of physico theology in enhancing the acceptance of the new science among a broad educated public cannot be underestimated Unfortunately this insight has not yet received much attention in the history of early modern science chiefly because the history of physico theology tends to highlight the activities of virtuosi rather than well known scientists A contribution to the history of knowledge this is the first monograph in English on physico theology on the European scale It concentrates on two genres the argument from design and the palaeontological argument regarding the role of the Deluge in the formation of fossils It does so without neglecting practice correspondence and collecting It pays considerable attention to the historical context above all to the new image of God as a wise benevolent rather than unpredictable being which provided the practitioners of physico theology including clergy physicians lawyers and philologists with a new and powerful argument It draws attention to the predominantly Protestant nature of the phenomenon and looks at the longevity of the argument from design in Britain and the Netherlands where its demise came about as late as the first half of the nineteenth century

Religion, Political Culture, and the Emergence of Early Modern Society Heinz Schilling, 2022-05-09 This volume of essays by Heinz Schilling represents his three main fields of interest in early modern European history The first section of the book entitled Urban Society and Reformation deals with urban society in northern Germany and the Netherlands from the fifteenth to the early nineteenth centuries The author discusses social structure and changes the problems of religion and mentality as well as political culture and thinking The second section confessionalization and Second Reformation treats the paradigm

Confessionalization which denotes a fundamental process of social change within Old European society during the second half of the sixteenth and at the beginning of the seventeenth centuries The third section The Netherlands the Pioneer Society of Early Modern Europe deals with the Northern Netherlands as a model for early modern modernization and as a successful republican and bourgeois alternative to the aristocratic Old European society The essays collected in this book were originally written in German and published over the last fifteen years The articles have been revised and the notes have been updated This volume gives a broader English speaking audience the possibility to read Heinz Schilling s research It also provides a concise collection of the author s writings for those readers who are already familiar with his studies

Public Opinion and Changing Identities in the Early Modern Netherlands Judith Pollmann, Andrew Paul Spicer, 2007 This lively collection of essays examines the link between public opinion and the development of changing Netherlandish identities in the sixteenth and seventeenth centuries

Tolerance and Intolerance in the European Reformation Ole Peter Grell, Robert W. Scribner, Bob Scribner, 2002-06-20 An expert re interpretation of how religious toleration and conflict developed in early modern Europe

Cultural Exchange in Early Modern Europe Robert Muchembled, William Monter, 2006 This volume surveys the crucial role of cities in shaping cultural exchange in early modern Europe

Women on the Margins Natalie Zemon Davis, 1995 Maria Sibylla Merian a German painter and naturalist produced an innovative work on tropical insects based on lore she gathered from the Carib Arawak and African women of Suriname

The Merchant Republics Mary Lindemann, 2015 This book analyzes the ways in which Amsterdam Antwerp and Hamburg developed dual identities as communities of commerce and republics

Radical Enlightenment Jonathan I. Israel, 2002-07-18 Arguably the most decisive shift in the history of ideas in modern times was the complete demolition during the late seventeenth and eighteenth centuries in the wake of the Scientific Revolution of traditional structures of authority scientific thought and belief by the new philosophy and the philosophes culminating in Voltaire Diderot and Rousseau In this revolutionary process which effectively overthrew all justification for monarchy aristocracy and ecclesiastical power as well as man s dominance over woman theological dominance of education and slavery substituting the modern principles of equality democracy and universality the Radical Enlightenment played a crucially important part Despite the present day interest in the revolutions of the late eighteenth century the origins and rise of the Radical Enlightenment have been astonishingly little studied doubtless largely because of its very wide international sweep and the obvious difficulty of fitting in into the restrictive conventions of national history which until recently tended to dominate all historiography The greatest obstacle to the Radical Enlightenment finding its proper place in modern historical writing is simply that it was not French British German Italian Jewish or Dutch but all of these at the same time In this novel interpretation of the Radical Enlightenment down to La Mettrie and Diderot two of its key exponents particular stress is placed on the pivotal role of Spinoza and the widespread underground international philosophical movement known before 1750 as Spinozism
