Religious Minorities in Iran Eliz Sanasarian, 2000-04-13 Eliz Sanasarian's book explores the political and ideological relationship between non Muslim religious minorities in Iran and the state during the formative years of the Islamic Republic to the present day Her analysis is based on a detailed examination of the history and experiences of the Armenians Assyrians Chaldeans Jews Zoroastrians Bahais and Iranian Christians and describes how these communities have responded to state policies regarding minorities Many of her findings are constructed out of personal interviews with members of these communities While the book is essentially an empirical study it also highlights more general questions associated with exclusion and marginalization and the role of the state in defining these boundaries This is an important and original book which will make a significant contribution to the literature on minorities and to the workings of the Islamic Republic

king in Iran and the Shi a revolutionary ideologues and nally identi es several important issues in this research Rights Denied: Violations against ethnic and religious minorities in Iran ,2018 While the repression and human rights violations by the Iranian government are well documented less attention is paid to the specific situation of Iran s ethnic and religious minorities From hate speech and police intimidation to denial of fundamental rights and opportunities Iran s minorities are routinely denied equal access to justice education employment and political participation While Iran s Constitution guarantees religious freedoms it only extends these rights to Islam and three other recognized religions Christianity Judaism and Zoroastrianism leaving practitioners of other faiths including Bah Sabean Mandeans and Yarsanis with no guaranteed protections At the extreme end members of religious minorities in particular Iran s sizeable Bah community have been vilified arrested and even executed on account of their beliefs They are frequently punished harshly with broad charges of threatening public morality or national security resulting in long prison terms and even death sentences Ethnic minorities including Arabs Azerbaijani Turks and Baluchis have been treated as second class citizens targeted on the basis of their identity and sidelined from education health care and other basic services Minority populated regions such as Khuzestan Kurdistan and Sistan Baluchestan remain underdeveloped and excluded with higher poverty levels and poorer health outcomes These inequalities have contributed to profound discontent and resentment reflected in the arrests of thousands of peaceful demonstrators in these regions Prison data shows that at least three quarters of Iran s political prisoners are from ethnic minorities Despite some limited gestures of conciliation since the election of Hassan Rouhani in 2013 hopes of a more inclusive and rights based approach to Iran s ethnic and religious minorities have yet to be realized For this to be achieved Iranian authorities will need to embark on a more comprehensive process of reform this should include equitable economic development and political representation for minorities as well as the lifting of all restrictions on their religious and cultural rights

The Fire, the Star and the Cross Aptin Khanbaghi,2006-02-22 Although today the region is mostly identified with Islam it has been home to many other great cultures and the civilization of the Islamic world is itself indebted to the various peoples that the Arabs subdued in the 7th and 8th centuries Far from fading away after the Arab conquest the inhabitants of the Iranian plateau and of Mesopotamia were central players in the lives of their regions However the magnitude of their contribution to the emergence of the early Islamic world has hitherto been neglected In this fascinating and groundbreaking study Khanbaghi offers a comprehensive discussion of those groups that resisted assimilation to the new Islamic order yet continued to participate actively in the socio political life of their homeland He concentrates on Iran which due to its complex religious history offers unique opportunities for the study of non Muslim communities specifically of Zoroastrians Jews and Christians Aptin Khanbaghi has written an important and fascinating book which aims to present a thorough evaluation of the historical contributions made by religious minorities Zoroastrians Jews and Christians to the societal and cultural physiognomy of the lands of Iran in pre modern and early modern times His general perspective and his

broad treatment of the topic are quite new while his use of sources and of the secondary literature is genuinely impressive. The Fire, the Star and the Cross makes a very significant and original contribution to our knowledge and understanding of Iranian history and civilization during an era when the foundations were laid for the emerging modern Iranian state. Committee on Foreign Affairs. Subcommittee on Human Rights and International Organizations, 1984. Yari Religion in Iran, S. Behnaz Hosseini, 2022-02-21. This book sheds light on the cultural traits and religious beliefs of the Yrsan community. By incorporating historical and ethnographic research on Yrsan community in west and North of Iran, fieldwork and meticulous analysis of religious texts and international literature, it reveals contemporary aspects of Yrsan culture and life that are lesser known to the wider public and provides insights into their lives, traditions and prospects for the future. With researchers from inside Iran and all over the world, this book offers a new look at Yrsan. **Human Rights, the UN and the Bahá'ís in Iran**, Nazila Ghanea-Hercock, 2021-10-25. This book provides the first comprehensive assessment of the contribution of the United Nations to the human rights situation of the Bahá'ís in Iran. It does this by examining the theoretical, legal, institutional and political dimensions of this issue in detail. The situation of the Bahá'í community in Iran between 1979 and 2002 provides a particularly good test case for the international community due to its clarity. By giving attention to a singular case within a discrete time frame, this book is able to effectively examine the impact of UN human rights protection. Attention is given in this study to the clash between religion and human rights, the protection of freedom of religion or belief in international law, the workings of UN human rights charter based and treaty bodies and their various mechanisms and recommendations for the resolution of the Bahá'í human rights situation in Iran.

The Plight of Religious Minorities, United States. Congress. House. Committee on International Relations. Subcommittee on Africa, Global Human Rights, and International Operations, 2006. *Armenian Christians in Iran*, James Barry, 2019. Examines Iran's Armenian community, shedding light on Muslim-Christian relations in Iran since the 1979 revolution.

Contemporary Iran, Ali Gheissari, 2009-04-02. Iran is a key player in some of the most crucial issues of our time. But because of its relative diplomatic isolation and the partisan nature of conflicting accounts voiced by different interest groups both inside and outside the country, there is a shortage of hard information about the scale and depth of social change in today's Iran. In this volume, an imposing roster of both internationally renowned Iranian scholars and rising young Iranian academics offer contributions, many based on recent fieldwork, on the nature and evolution of Iran's economy, significant aspects of Iran's changing society and the dynamics of its domestic and international politics since the 1979 revolution, focusing particularly on the post-Khomeini period. The book will be of great interest not only to Iran specialists but also to scholars of comparative politics, democratization, social change, politics in the Muslim world and Middle Eastern studies.

Hunter, 2024-12-23 This book is a personal narrative chronicling the life and experiences of Shireen Hunter an Iranian woman who came of age during a transformative era in Iran's history It

begins by spanning the tumultuous aftermath of World War II to the pivotal 1979 revolution providing a poignant account of the profound impact of these historical events on the author's life. The book delves into the multifaceted consequences of the reformist period that began in the 1960s. They enabled Shireen to enter the diplomatic service but also cast a shadow of adversity over her family. Ultimately the reforms contributed to internal divisions that ignited the 1979 revolution. The book then explores Shireen's immigrant experience in the USA where she assumed the role of an ethnic expert in the volatile arena of Middle East politics. It candidly recounts challenges she faced in maintaining intellectual integrity while earning a livelihood highlighting the precariousness of being on the right side of controversial issues. The book does not offer definitive solutions to specific problems. Yet it resonates with contemporary international security and developmental challenges and offers insights that remain relevant in today's complex global landscape. With its multifaceted narrative encompassing Iran's social and political history, women's studies, immigrant experiences and a personal perspective on critical junctures in U.S.-Iranian relations, this book appeals to a diverse readership. It provides a unique window into lived experiences and analytical reflections of an individual who has traversed the intersections of history, identity and diplomacy, offering invaluable insights into both past and present.

Armenian Christians in Iran James Barry, 2018-10-11. Since the 1979 revolution, Iran has promoted a Shi'a Islamic identity aimed at transcending ethnic and national boundaries. During the same period, Iran's Armenian community, once a prominent Christian minority in Tehran, has declined by more than eighty percent. Although the Armenian community is recognised by the constitution and granted specific privileges under Iranian law, they do not share equal rights with their Shi'a Muslim compatriots. Drawing upon interviews conducted with members of the Armenian community and using sources in both Persian and Armenian languages, this book questions whether the Islamic Republic has failed or succeeded in fostering a cohesive identity which enables non-Muslims to feel a sense of belonging in this Islamic Republic. As state identities are also often key in exacerbating ethnic conflict, this book probes into the potential cleavage points for future social conflict in Iran.

Iran's Diverse Peoples Massoume Price, 2005-07-26. Spanning a 5,000-year period, this is the first work to document the origins, evolution and current status of all major ethnic groups in Iran. From ancient civilizations of 3000 B.C. to the election of President Mohammad Khatami five millennia later, Iran's history is a rich palette of conquests, invasions, occupations and revolutions. *Iran's Diverse Peoples: A Reference Sourcebook* documents for the first time the major ethnic groups that emerged during each era and traces their evolution to the present day. Written by a social anthropologist educated in Iran and England, this analysis presents vital statistics on the Persians, Kurds, Turks, Lurs, Assyrians, Arabs and other pastoral and urban groups of Iran, highlighting their differing languages, religions, cultural practices, political agendas and current problems. The settling of nomadic tribes, the unveiling of women, the Islamic Revolution, OPEC, Soviet intervention, Kurdish oppression, these and other contentious topics are all examined with respect to their impact on Iran's ethnic entities.
