Religious Pluralism And The Nigerian State:

Religious Pluralism and the Nigerian State Simeon O. Ilesanmi, 1997 *Religious Freedom and Religious Pluralism in Africa* Pieter Coertzen, M Christian Green, Len Hansen, 2016-05-22 Africa continues to be a region with strong commitments to religious freedom and religious pluralism. These, however, are rarely mere facts on the ground; they are legal, political, social and theological projects that require considerable effort to realise. This volume, compiling the proceedings of the third annual conference of the African Consortium for Law and Religion Studies, focuses on various issues which vastly effect the understanding of religious pluralism in Africa. These include, amongst others, religious freedom as a human right, the importance of managing religious pluralism and the permissibility of religious practice and observance in South African public schools.

Religion and the Making of Nigeria Olufemi Vaughan, 2016-12-09 In *Religion and the Making of Nigeria*, Olufemi Vaughan examines how Christian, Muslim and indigenous religious structures along with the legacies of British colonial rule have provided the essential social and ideological frameworks for the construction of contemporary Nigeria.

State, Economy, and Society in Post-Military Nigeria S. Adejumobi, 2011-02-14 This book analyzes how neo liberal state economic policies and political reforms have impacted on state-society relations, economic and class configurations, social composition of power, social welfare and cohesion in post military Nigeria and points to key policy recommendations that may be crucial in redirecting the future of the country.

Sharia or Shura Sakah Saidu Mahmud, 2013-08-01 This book explores the differences in Muslim attitudes and approaches to the public square in sub-Saharan Africa via a comparative historical analysis of Muslim politics in Northern Nigeria and Senegal since independence in 1960. While Northern Nigeria has been mired in intermittent religious conflicts and violence, Senegal has maintained peaceful and tolerant relationships in inter-faith and public affairs. Yet the two Muslim societies had similar Islamic backgrounds in Sufi orders Qadiriya and Tijaniya in Northern Nigeria and Tijaniya, Muridiya, Qadiriya and Lahiniya in Senegal, known for their peaceful approach to public affairs. Furthermore, the two Muslim societies belong to the black African Islamic cultural zone. These common traits would suggest similar approaches to public affairs, but this has not been the case. The salient factors which are analyzed in the book include the historical factors, the success or failure to establish an Islamic state and the impact of different colonial administrations and ideologies, the extent of homogeneity of the social structure in each country and strength of the contemporary state in both countries. The combination of these factors illustrates the experiences of the Muslims which further determine their divergent approaches to the public square.

Religion, Conflict, and Democracy in Modern Africa Samuel K. Elolia, 2012-03-02 Spanning various regions of Sub-Saharan Africa, the authors of this volume come together to explore the complex relationship between religion and democracy in contemporary Africa. As a result of the end of the Cold War and the fall of the Soviet Union, many African countries have come to the realization, however partial, that political and social change is inevitable in spite of government heavy-handedness and threats. It has also become evident that

no political system that refuses to permit freedom of political expression and alternative systems of governance could continue to be sustained. It is in precisely this political climate that religious institutions have collaborated with other elements of civil society to call for political reforms with the church often becoming the prominent voice against oppressive governments in countries such as Kenya and South Africa. It is the purpose of this book to assess how religion shapes political issues and to what extent religious forces influence the civil society. By acknowledging the role of the civil society, the essays recognize the resilience that comes out of Africa even when the sociopolitical situation seems unbearable.

Religion, History, and Politics in Nigeria Chima J. Korieh, Ugo G. Nwokeji, 2005-03-16 Religion History and Politics in Nigeria is concerned with the problematic nature of religion and politics in Nigerian history. The book provides a lively and straightforward treatment of the relationship among religion, politics, and history in Nigeria and how it affects public life today. By adopting various cultural, historical, political, and sociological perspectives, the text's contributors provide an excellent introduction to the volatile mix of religion and politics in Nigerian history as well as a range of strategic choices open to religious adherents. The complexity of the relationship among religion, history, and politics is organized around four themes: indigenous values and the influence of Islam and Christianity; colonialism and religious transformation; the religious landscape of the post-colonial period; and the rise of evangelism and fundamentalism. The volume provides an insightful guide to contemporary history, contemporary religion, and contemporary politics, enabling the reader to reach informed and balanced judgments about the role of religion in Nigerian history and politics. This opens the door for serious examination and debate and will be excellent for use by the general reader and in political science, history, and religion courses.

Religion and the State Scott A. Merriman, 2009-07-14 This timely and authoritative resource combines both topical and country-by-country coverage to help readers understand the coexistence of church and state in nations around the world today. At a time when faith-based groups have become more politically active in the United States and with religious conflicts at the epicenter of many of the world's most dangerous hotspots, Religion and the State: An International Analysis of Roles and Relationships could not be more welcomed or timely. Country-by-country, faith-by-faith, it unravels the historic underpinnings and long-range effects of the relationship between religious principles and the operations of government in its many guises worldwide. The work combines topical essays on significant developments in the confluence of religion and law throughout the world with short descriptions of each country's current treatment of religion. Readers can investigate specific nations, compare situations across nations, and explore key issues in the pervasive, often controversial relationship between religion and government.

Christian Responses to Islam in Nigeria A. Akinade, 2014-07-10 This book examines the various Christian responses to Islam in Nigeria. It is a study of the complex interreligious relationships in Nigeria. Using a polymethodic approach, the book grapples with many narratives

dealing with interreligious competition and cooperation in Nigeria *African Traditions in the Study of Religion, Diaspora and Gendered Societies* Ezra Chitando, 2016-04-01 The historiography of African religions and religions in Africa presents a remarkable shift from the study of Africa as Object to Africa as Subject thus translating the subject from obscurity into the global community of the academic study of religion This book presents a unique multidisciplinary exploration of African Traditions in the Study of Religion Diaspora and Gendered Societies The book is structured under two main sections The first provides insights into the interface between Religion and Society The second features African Diaspora together with Youth and Gender which have not yet featured prominently in studies on religion in Africa Contributors drawn from diverse African and global contexts situate current scholarly traditions of the study of African religions within the purview of academic encounter and exchanges with non African scholars and non African contexts African scholars enrich the study of religions from their respective academic and methodological orientations Jacob Kehinde Olupona stands out as a pioneer in the socio scientific interpretation of African indigenous religion and religions in Africa and the new African Diaspora This book honours his immense contribution to an emerging field of study and research *African Pentecostalism* Ogbu Kalu, 2008-03-06 In this book Ogbu Kalu provides an overview of Pentecostalism in Africa He shows the amazing diversity of the faith which flourishes in many different forms in diverse local contexts and demonstrates that African Pentecostalism is distinctly African in character not imported from the West *Problems and Prospects of Sustaining Democracy in Nigeria* Bamidele A. Ojo, 2001 The past few years have been very traumatic ones for many Nigerians With the exception of those in power or close to the seat of power the changes of 1998 were a welcome relief given the tyranny and repression that the country had suffered under General Abacha With many people in prison and more in exile the death of Abacha was received with a sigh of relief Many observers have seen the resilience that has come to signify the strength and potential of this once giant of Africa as well as the destruction and the socio political and economic decay of the past decades The Nigerian people have endured the exploitation of their rights due to the lack of democratic leadership and with this in mind they have been called to attention to fight for their country **Rage and Carnage in the Name of God** Abiodun Alao, 2022-07-11 In *Rage and Carnage in the Name of God* Abiodun Alao examines the emergence of a culture of religious violence in postindependence Nigeria where Christianity Islam and traditional religions have all been associated with violence He investigates the root causes and historical evolution of Nigeria's religious violence locating it in the forced coming together of disparate ethnic groups under colonial rule which planted the seeds of discord that religion elites and domestic politics exploit Alao discusses the histories of Christianity Islam and traditional religions in the territory that became Nigeria the effects of colonization on the role of religion the development of Islamic radicalization and its relation to Christian violence the activities of Boko Haram and how religious violence intermixes with politics and governance In so doing he uses religious violence as a way to more fully understand intergroup relations in contemporary Nigeria Applied Ethics Larry May, 2017-07-05 This best

selling text continues to fill an existing gap in the literature taught in applied ethics courses As a growing number of courses that include the perspectives of diverse cultures are being added to the university curriculum texts are needed that represent more multicultural and diverse histories and backgrounds This new edition enhances gender coverage as nearly half of the pieces are now authored by women The new edition also increases the percentage of pieces written by those who come from a non Western background It offers twelve up to date articles not found in previous editions on human rights environmental ethics poverty war and violence gender race euthanasia and abortion all of these topics are addressed from Western and non Western perspectives Political Spiritualities Ruth Marshall, 2009-08-01 After an explosion of conversions to

Pentecostalism over the past three decades tens of millions of Nigerians now claim that Jesus is the answer But if Jesus is the answer what is the question What led to the movement's dramatic rise and how can we make sense of its social and political significance In this ambitiously interdisciplinary study Ruth Marshall draws on years of fieldwork and grapples with a host of important thinkers including Foucault Agamben Arendt and Benjamin to answer these questions To account for the movement's success Marshall explores how Pentecostalism presents the experience of being born again as a chance for Nigerians to realize the promises of political and religious salvation made during the colonial and postcolonial eras Her astute analysis of this religious trend sheds light on Nigeria's contemporary politics postcolonial statecraft and the everyday struggles of ordinary citizens coping with poverty corruption and inequality Pentecostalism's rise is truly global and Political Spiritualities persuasively argues that Nigeria is a key case in this phenomenon while calling for new ways of thinking about the place of religion in contemporary politics **A Most Promising Weed** Steven C. Rubert, 1998 Thousands of African men

women and children worked on European owned tobacco farms in colonial Zimbabwe from 1890 to 1945 Contrary to some commonly held notions these people were not mere bystanders as European capitalism penetrated into Zimbabwe but helped to shape the work and the living conditions they encountered as they entered wage employment Steven Rubert's fine study draws on a rich variety of sources to illuminate the lives of these workers The central focus of the study is the organization of workers compounds the social relationships there and the labor of women and children paid and unpaid Rubert's findings indicate the beginnings of a moral economy on the tobacco farms prior to 1945 **Philosophy, Religion and Politics:**
