Good Nights Out Aleks Sierz, 2019-12-12 London's West End is a global success story staging phenomenal hit shows that have delighted millions of spectators and generated billions of pounds in revenue In *Good Nights Out* Aleks Sierz provides a thematic survey of such popular theatre shows that were enormous commercial successes over the past 75 years He argues that these outstanding hits have a lot to say about the collective cultural social and political attitudes and aspirations of the country and about how our national identity and theatre's role in creating it has evolved over the decades The book spans a range of work from almost forgotten plays such as R F Delderfield's *Worm's Eye View* and Hugh Hastings's *Seagulls Over Sorrento* to well known mega hits such as *The Mousetrap* and *The Phantom of the Opera* Such popular work has tended to be undervalued by some critics and commentators mainly because it has not been thought to be a suitable subject for inclusion in the canon of English Literature By contrast Sierz demonstrates that genres such as the British musical light comedy sex farce or murder mystery are worth appreciating not only for their intrinsic theatrical qualities but also as examples of the dream life of the British people The book challenges the idea that mega hits are merely escapist entertainments and instead shows how they contribute to the creation of powerful myths about our national life The analysis of such shows also points towards the possibility of creating an alternative history of postwar British theatre

Life Between The Lines John Izbicki, 2012-07-01 John Izbicki has an exciting story to tell Berlin born he lived through the horrors of Nazi persecution and on the day after his eighth birthday he witnessed the Kristallnacht and the smashing of his parents shop windows On the day Germany invaded Poland and Berlin experienced its first wartime blackout the Izbickis escaped to Holland and from there on to England The author describes what it feels like to have been a refugee unable to speak or understand a single word of English and how he was persuaded by a kind policeman to change his name from Horst to John He also leads the reader along the remarkable journey he travelled from school to university the first of his family to enter higher education and through his adventurous time as a commissioned army officer during two years of national service spent in Egypt and Libya But the best part of his life was yet to come when this young refugee decided to make journalism his profession The boy who not that many years earlier could speak not a word of English became the distinguished education correspondent of the country's leading quality newspaper the *Daily Telegraph* After eighteen years

in that responsible position he was sent to Paris to head the Telegraph's office there. When he left the newspaper to join the Committee of Directors of Polytechnics, he played a leading part in transforming the country's polytechnics into its new universities.

Antifascism After Hitler Catherine Plum, 2015-02-20 *Antifascism After Hitler* investigates the antifascist stories, memory sites, and youth reception that were critical to the success of political education in East German schools and extracurricular activities. As the German Democratic Republic (GDR) promoted national identity and socialist consciousness, two of the most potent historical narratives to permeate youth education became tales of communist resisters who fought against fascism and the heroic deeds of the Red Army in World War II. These stories and iconic images illustrate the message that was presented to school-age children and adolescents in stages as they advanced through school and participated in the official communist youth organizations and other activities. This text delivers the first comprehensive study of youth antifascism in the GDR, extending scholarship beyond the level of the state to consider the everyday contributions of local institutions and youth mentors responsible for conveying stories and commemorative practices to generations born during WWII and after the defeat of fascism. While the government sought to use educators and former resistance fighters as ideological shock troops, it could not completely dictate how these stories would be told, with memory intermediaries altering at times the narrative and message. Using a variety of primary sources, including oral history interviews, the author also assesses how students viewed antifascism, with reactions ranging from strong identification to indifference and dissent. Antifascist education and commemoration were never simply state prescribed and were not as participation-less as some scholars and contemporary observers claim, even as educators fought a losing battle to maintain enthusiasm.

Galaxy Science Fiction January 1951 MDP Publishing, 2017-04-01 *Science Fiction's Original Classic Magazine*. This digitally reproduced full edition replica of *Galaxy Science Fiction's* ground-breaking magazine issue from January 1951 has been brought back to life for a new generation of fans to enjoy. Stories by Isaac Asimov, Fritz Leiber, Theodore Sturgeon, and more. Explore the possibilities of life in the future from the perspective of the 1950's pre-spaceflight era. Several of the stories and commentaries in this 65-year-old publication are stunningly accurate, while others are amusingly way off base, or are they? All are well-written and entertaining, with beautiful illustrations and advertisements in the classic 1950's comic book style. Along with commentary by editor H. L. Gold, each *Galaxy* issue also contains a book review column by anthologist Groff Conklin and a Willy Ley science column. The stories in this magazine are written by some of

science fiction's most beloved authors including Isaac Asimov, Ray Bradbury, Robert Sheckley, Fritz Leiber, Frederik Pohl, C. M. Kornbluth, just to name a few. This January 1951 issue does not disappoint with stories from ISAAC ASIMOV and THEODORE STURGEON among others. Established in 1950, *Galaxy Science Fiction* was a pioneer in Science Fiction magazine publishing. Original editor H. L. Gold was interested in sociology, psychology, and other soft sciences and was also willing to publish humorous and satirical stories. Science Fiction historian David Kyle commented in his book *A Pictorial History of Science Fiction* (1979) that of all the editors in and out of the post-war scene, the most influential beyond any doubt was H. L. Gold. The editorship of *Galaxy* passed from H. L. Gold to Frederik Pohl and then to Ejler Jakobsson during the 1960s. Look for more editions of MDP's *Galaxy's Science Fiction* series coming soon to e-retailers worldwide. *Jeff Lemire* Dale Jacobs, 2022-04-19

In a 2019 interview with the webzine *DC in the 80s*, Jeff Lemire (b. 1976) discusses the comics he read as a child growing up in Essex County, Ontario, his early exposure to reprints of Silver Age DC material, how influential *Crisis on Infinite Earths* and DC's *Who's Who* were on him as a developing comics fan, his first reading of *Watchmen* and *The Dark Knight Returns*, and his transition to reading the first wave of Vertigo titles when he was sixteen. In other interviews, he describes discovering independent comics when he moved to Toronto, days of browsing comics at the Beguiling, and coming to understand what was possible in the medium of comics, lessons he would take to heart as he began to establish himself as a cartoonist. Many cartoonists deflect from questions about their history with comics and the influences of other artists, while others indulge the interviewer briefly before attempting to steer the questions in another direction. But Lemire, creator of *Essex County Trilogy*, *Sweet Tooth*, *The Nobody*, and *Trillium*, seems to bask in these discussions. Before he was ever a comics professional, he was a fan. What can be traced in these interviews is the story of the movement from comics fan to comics professional. In the twenty-nine interviews collected in *Jeff Lemire: Conversations*, readers see Lemire come to understand the process of collaboration, the balancing act involved in working for different kinds of comics publishers like DC and Marvel, the responsibilities involved in representing characters outside his own culture, and the possibilities that exist in the comics medium. We see him embrace a variety of genres, using each of them to explore the issues and themes most important to him. And we see a cartoonist and writer growing in confidence, a working professional coming into his own. **The Power of Equivocation**
