Remarkable Animals 1000 Amazing Amalgamations

Thomas Griffiths

Remarkable Animals 1000 Amazing Amalgamations:

Remarkable Animals Tony Meeuwissen, 1997 An amazing mix match book of 1000 extraordinary creatures with words and pictures

Remarkable Animals Tony Meeuwissen, 1997 The reader flips segmented pages to recombine portions of the illustrations and descriptions of ten normal animals producing new fanciful creatures with startling habits

The Book of Barely Imagined Beings Caspar Henderson, 2022-12-22 Caspar Henderson takes us on an eye opening tour of real animals that no sane human could ever have invented Frans de Waal New York Times bestselling author With The Book of Barely Imagined Beings Caspar Henderson offers readers a fascinating beautifully produced modern day menagerie But whereas medieval bestiaries were often based on folklore and myth the creatures that abound in Henderson's book from the axolotl to the zebrafish are with one exception very much with us albeit sometimes in depleted numbers The Book of Barely Imagined Beings transports readers to a world of real creatures that seem as if they should be made up that are somehow more astonishing than anything we might have imagined The yeti crab for example uses its furry claws to farm the bacteria on which it feeds The waterbear meanwhile is among nature's extreme survivors able to withstand a week unprotected in outer space These and other strange and surprising species invite readers to reflect on what we value or fail to value and what we might change A powerful combination of wit cutting edge natural history and philosophical meditation The Book of Barely Imagined Beings is an infectious and inspiring celebration of the sheer ingenuity and variety of life in a time of crisis and change The Book of Barely Imagined Beings is one that Pliny would have envied Darwin applauded and Borges relished In these days of doom and gloom I can think of nothing more rejoicing than Caspar Henderson's magical book Alberto Manguel author of A History of Reading Magnificent bravura beautiful and astoundingly interesting The Sunday Times Spell binding brilliantly executed extraordinary The Guardian

Many Subtle Channels Daniel Levin Becker, 2012-04-30 The youngest member of the Paris based experimental collective Oulipo Levin Becker tells the story of one of literature's quirkiest movements and the personal quest that led him to seek out like minded writers artists and scientists who are obsessed with language and games and who embrace formal constraints to achieve literature's potential
