Remember Last Island:

Chita: A Memory of Last Island Lafcadio Hearn, 2019-11-22 In Lafcadio Hearn's evocative novella *Chita: A Memory of Last Island* the author immerses readers in the exquisite wanderings of a young man's reminiscence of a vanished paradise on the Louisiana coast. Hearn's lyrical and impressionistic style captures the ethereal beauty of its landscapes interweaving themes of nostalgia, memory, and loss against the backdrop of a devastating hurricane. With its rich descriptions and haunting atmosphere, the narrative serves as both a tribute to the unique Creole culture and a reflective exploration of human experience in the face of nature's wrath. Lafcadio Hearn, an enigmatic figure of the late 19th century, was captivated by the cultural complexities of New Orleans and its surroundings. His diverse background as a Greek Irish expatriate and his experiences in Japan gave him a distinct perspective that informed his depictions of Southern life. This place deeply resonated with Hearn, and his keen observations of the interplay between man and nature, compounded by his personal encounters with loss, culminate in the poignant storytelling found within this work. *Chita: A Memory of Last Island* invites readers to explore the delicate interplay between beauty and transience. Hearn's haunting prose and vivid imagery make it a compelling read, drawing those interested in regional literature, the complexities of coastal life, and the evocative power of memory into a world that remains both familiar and eerily ephemeral.

Island in a Storm Abby Sallenger, 2010-09-07 Presents the story of the 1856 hurricane which decimated Isle Derniere, an island one hundred miles off the coast of New Orleans which served as a summer resort for the wealthy and the tragic loss of life and environmental devastation which resulted from the disaster.

Richard Thieme's Islands in the Clickstream Richard Thieme, 2004-06-26 CNN called Richard Thieme a member of the cyber avant garde. Digital Delirium named him one of the most creative minds of the digital generation. Now Richard Thieme's wisdom on the social and cultural dimensions of technology is available in a single volume. *Islands in the Clickstream* ranges beyond the impact of technology to spirituality, psychological insight, and social commentary. Now that people are used to living in virtual worlds and move easily between online and offline worlds, they want to connect that experience to the deeper issues of our lives, including spiritual issues. Some examples include *Dreams*, *Engineers Have The Crazy Lady on the Treadmill*, and *Whistleblowers and Team Players*. These essays raise serious questions for thoughtful readers. They have attracted favorable commentary from around the world and a fanatic, almost rabid fan base. This author has become an extremely popular and highly visible talking head.
