Remember Where You Started From:

Start from Where You Are Ken Esrig, 2011-08-11 *Start From Where You Are* is a guide for you the entrepreneur to a place that will help you reach your personal goals both financially and emotionally Learn how to take your current situation and turn it into success Follow your heart and learn how to create a business through simple to understand and fun examples The lack of jobs and crash of the housing market have left an entire country looking for ways to pay their bills The internet has helped turn ordinary people into entrepreneurs forced to find new sources of income Americans are weighing their options and starting businesses at unbelievable rates Rather than being hardcore entrepreneurs these are regular people surviving financial crisis and potential foreclosure You are the hero in your story You will be given simple clues to how you can make your life exciting and fulfilling Too much you say Then you do not believe in yourself and your ability Regardless of where you have been in the past you now find yourself where you are *Start From Where You Are* by taking a personal assessment of who you really are and what you enjoy doing I have included a worksheet called the 1 2 3s of Short Term Goals which can be completed while you read You should pay attention to the thought process that has been laid out for you Thinking like an entrepreneur is natural for some yet seemingly impossible for others There are no guarantees in life and your journey will not be easy If you assume the role of hero and muster your brains heart and courage you can *Start From Where You Are* You must begin by believing that the hero always wins with the right plan So *Start From Where You Are*
