There is no more gruesome and tragic record in the history of the twentieth century than the photographs taken at the liberation of the concentration camps in Germany after World War II. Our memory of the Holocaust has been shaped by these images and they are seared into our collective consciousness as brutal evidence of the atrocity of war and the evil of which humanity is capable. In her new book Barbie Zelizer reveals the unique significance of the concentration camp photographs while being mindful of Leon Wieseltier's call to be strangers to these images. If we are not strangers, he wrote, if the names of the killers and the places of the killing and the numbers of the killed fall easily from our tongues, then we are not remembering to remember but remembering to forget. Zelizer shows how the photographs have become the basis of our memory of the Holocaust and how they have affected our presentations and perceptions of contemporary history's subsequent atrocities. **Remembering Love** Wendy Portfors, 2016-08-16. Life is precious and all too often we take for granted that we have tomorrow, but tomorrow is not promised to any of us. This is a true story. Wendy Portfors knew her life had changed in an instant when her husband suffered a stroke and the underlying cause was an inoperable tumor. Wendy has written from her firsthand experience. This is an intimate and brutally honest account of her journey through her husband's diagnosis to caregiver and ultimately to being widowed. After losing her husband of 38 years, Wendy's world spiraled out of control. She bears her soul into her struggle to overcome loneliness, isolation, feelings of abandonment and the darkness of depression. It captures the heartbreak of loss and Wendy's slow and painful journey from unimaginable grief to healing. We will all experience loss in our lifetime. Wendy shares her insights from her personal experience aimed to help others navigate through loss to healing. Whether you are a caregiver grieving a loss or supporting a grieving person, this book is for you. Wendy's hope is that by reading *Remembering Love* you will find strength, understanding and compassion for life's passages.

Common Spaces Between Us Melynn Rust, 2020-01-09 Polarization occurring in the United States today is not only a social concern it's also a spiritual condition of the heart How can we connect with others in the midst of our differences when deep in our hearts we might harbor shadows such as judgment or fear In *Common Spaces Between Us* Melynn Rust explores this question by inviting readers into the diverse college campus community where she served as chaplain and where much to her surprise and chagrin she found herself struggling at times to connect with students amid differences She was skeptical of Muslim students requesting bidets in the chapel bathrooms She balked at visiting a student in the hospital psychiatric unit She was afraid to publicly stand up for LGBTQ students She butted heads with students who shared her religion but not her beliefs She had presumed she inherently would live out her values to honor the dignity and equality of all yet in her interactions with others she kept

bumping into her own shadows stifling connection Ultimately she discovered that true connection happens when we embody practices that recognize honor and nurture the good in both ourselves and others in the common spaces between us
