Children Remembered Robert Woods,2006-01-01 Children Remembered discusses the relationship between parents and children in the past It focuses on the ways in which adults responded to the untimely deaths of children whether and how they expressed their grief The study engages with the hypothesis of parental indifference associated with the French cultural historian Philippe Ari s by analysing the changing risk of mortality since the sixteenth century and assessing its consequences It uses paintings and poems to describe feelings and emotions in ways that are not only highly original but also challenge traditional disciplinary conventions The circumstances of infant and child mortality are considered for France and England while example portraits and poems are selected from England and America While the work is firmly grounded in demography it is especially concerned with current debates in social and cultural history with the history of childhood the way pictorial images can be read and the use as historical evidence to which literature may be put This is a wide ranging and ambitious multi disciplinary study that will add significantly to our understanding of demographic structures the ways in which they have conditioned attitudes and behaviour in the past

The Collected Poems of

Robert Penn Warren Robert Penn Warren, 1998-10-01 Winner of the C. Hugh Holman Award. A central figure in twentieth-century American literature, Robert Penn Warren (1905-1989) was appointed by the Library of Congress as the first Poet Laureate of the United States in 1985. Although better known for his fiction, especially his novel *All the King's Men*, it is mainly his poetry, spanning sixty years, fifteen volumes of verse, and a wide range of styles, that reveals Warren to be one of America's foremost men of letters. In this indispensable volume, John Burt Warren's literary executor has assembled every poem Warren ever published, with the exception of *Brother to Dragons*, including the many poems he published in *The Fugitive* and other magazines, as well as those that appeared in his small press works and broadsides. Burt has also exhaustively collated all of

the published versions of Warren's poems which in some cases appeared as many as six different times with substantive revisions in every line as well as his typescripts and proofs. And since Warren never seemed to reread any of his books without a pencil in his hand, Burt has referred to Warren's personal library copies. This comprehensive edition also contains textual notes, lists of emendations, and explanatory notes. Warren was born and raised in Guthrie, Kentucky, where southern agrarian values and a predilection for storytelling were ingrained in him as a young boy. By 1925, when he graduated from Vanderbilt University, he was already the most promising of that exceptional set of poets and intellectuals known as the Fugitives. Warren devoted most of the 1940s and 1950s to writing prose and literary criticism, but from the late 1950s he composed primarily poetry, with each successive volume of verse that he penned demonstrating his rigorous and growing commitment to that genre. The mature visionary power and technical virtuosity of his work in the 1970s and early 1980s emanated from his strongly held belief that only insofar as the work of art establishes and expresses a self can it engage us. Many of Warren's later poems, which he deemed some of his best, rejoice in the possibilities of old age and the poet's ability for continually expanding in a vital process of definition, affirmation, revision, and growth, a process that is the image we may say of the life process. **Collected Poems** Ted Hughes, 2005-07-13 All the poems of a great 20th century poet.

Complete Poems Blaise Cendrars, 1992 At last! A superb translation of one of the great and greatly neglected Modernist poets. The map of Modernist poetry will never be quite the same. Marjorie Perloff Padgett's sparkling translations do marvelous justice to the eccentric and exciting poetry of Blaise Cendrars. John Ashbery
