Remembering The Past 100 Years And Then Some:

Remembering Her Angela Offutt Damron, 2024-10-22 Remembering Her is an intimate look into the lives of families that have had to watch someone they love fade into someone they don't recognize Told from different perspectives it details how their relationships and lives changed because of the disease Family members were finally able to share their struggles without fear of judgment No one's point of view was the same This book is for those who feel like they have become isolated and for those who long for someone to walk alongside them during a time they never saw coming Remembering Her is not just about facing this disease but for anyone who has become responsible for taking care of someone who once took care of themselves
