state nuclear agency Rosatom Not only did the sale of Uranium One put 20 percent of America's domestic uranium supply under the control of Vladimir Putin there was also evidence that the Clintons themselves had hugely profited from the deal When presidential candidate Donald Trump made Uranium One the centerpiece of his Crooked Hillary attacks the Clinton team feared its potential to damage Hillary's campaign Others in the Obama Biden camp worried that if elected Trump would expose their role in selling out America's security to Putin Their desperate need to neutralize the issue led them to launch an unprecedented investigation into the Trump campaign's purported ties to Russia The infamous Steele dossier produced by Clinton connected Fusion GPS sparked an investigation under FBI Director James Comey Instead of ending after the election the investigation grew bigger eventually leading to Comey's firing and the appointment of Special Counsel Robert Mueller When Mueller failed to find grounds for impeachment Democrats seized on an ambiguous phone call with the Ukrainian president as a pretext to remove Trump from office This gambit blew up in their faces when it exposed the secrets that Democrats tried hard to keep buried An indispensable guide to the hidden background of recent events Fallout shows how Putin's bid for nuclear dominance produced a series of political scandals that ultimately posed one of the greatest threats to our democracy in modern American history School of Upna Life Purnendu Ghosh,2019-09-27 In this collection of essays the author traces trails of footprints from the edge of today to the precinct of yesterday The essays are about the author's journey in the academic and professional world of engineering as Professor Researcher and S T administrator It is about SOUL School of Upna Life a school where knowledge is not a burden learning is not dictation and incoherence is heard It is about a school where mirrors can turn into windows It is about knowledge and ignorance It is about happiness It is about a dormant film maker It is about an antifragile city It is about the engineering of a complete man It is about a Renaissance Man It is about idle conversations one has with himself *Human Dignity in International Law* Ginevra Le Moli,2021-11-25 A theoretical historical and juridical exegesis of human dignity in international law over two centuries **Freedom and Dissatisfaction in the Works of Agnes Heller** Lucy Jane Ward,2016-12-27 Ward's book focuses on the work of the Hungarian philosopher Agnes Heller prominent member of the Budapest School a group of students who studied under the Marxist social theorist György Lukács For both Marx and Heller albeit in different ways dissatisfaction emerges as the inevitable result of the expansion of needs within modernity and as a catalyst for the development of anthropological wealth what Marx refers to as the human being rich in need Ward argues that dissatisfaction and the corresponding category of human wealth as both motif and method is central to grasping Heller's seemingly disparate writings While Marx postulates a radical overcoming of dissatisfaction Heller argues dissatisfaction is integral not only to the on going survival of modernity but also to the dynamics of both freedom and individual life In this way Heller's work remains committed to a position that both continually returns and departs is both with and against the philosophy of Marx This book will be of interest to scholars of political philosophy social theory critical theory and sociology *Christian Education: Its History and Philosophy* Kenneth

O. Gangel, Warren S. Benson, 2002-03-05 A history of Christian education must not be confused with a record of the achievements of the Sunday School. The discipline has advanced well beyond that stage and today's sophisticated students fully understand that no proper concept of the history and philosophy of Christian education can be gained without seeing all the ramifications, implications, and influences that have affected it from pre-Christian times to the present. So Drs. Gangel and Benson have written this book, a historical flow of philosophical thought from a Christian point of view. Its focus is cultural, biographical, discussing each philosophy in its particular socio-historical setting and giving special attention to significant individuals. The format is chronological, beginning with education in biblical times, working upward through history to arrive at the present and beyond, raising questions and issues for the future.
