Renaissance Tapestry The Gonzaga Of Mantua:

A Renaissance Tapestry Kate Simon, 1988 A microcosm of Renaissance Italy is presented through this family history of the Gonzaga of Mantua one of the reigning families of the period **The Renaissance in Italy** Kenneth Bartlett, 2019-11-15 The Italian Renaissance has come to occupy an almost mythical place in the popular imagination The outsized reputations of the best known figures from the period Michelangelo Niccolò Machiavelli Lorenzo the Magnificent Pope Julius II Isabella d'Este and so many others engender a kind of wonder How could so many geniuses or exceptional characters be produced by one small territory near the extreme south of Europe at a moment when much of the rest of the continent still labored under the restrictions of the Middle Ages How did so many of the driving principles behind Western civilization emerge during this period and how were they defined and developed And why is it that geniuses such as Leonardo Raphael Petrarch Brunelleschi Bramante and Palladio all sustain their towering authority to this day To answer these questions Kenneth Bartlett delves into the lives and works of the artists patrons and intellectuals the privileged educated influential elites who created a rarefied world of power money and sophisticated talent in which individual curiosity and skill were prized above all else The result is a dynamic highly readable copiously illustrated history of the Renaissance in Italy and of the artists that gave birth to some of the most enduring ideas and artifacts of Western civilization *Tapestry in the Renaissance* Thomas P. Campbell, Metropolitan Museum of Art (New York, N.Y.), 2002 Tapestries the art form of kings were a principal tool used by powerful Renaissance rulers to convey their wealth and might From 1460 to 1560 courts and churches lavished vast sums on costly weavings in silk and gold thread from designs by leading artists In this lavishly illustrated book the first major survey of tapestry production of this period contributors analyze some of these beautiful tapestries examine the stylistic and technical development of tapestry production in the Low Countries France and Italy during the Renaissance and discuss the contribution that the medium made to art liturgy and propaganda of the day *Art and the Relic Cult of St. Antoninus in Renaissance Florence* Sally J. Cornelison, 2017-07-05 Tracing the history of St Antoninus cult and burial from the time of his death in 1459 until his remains were moved to their final resting place in 1589 this interdisciplinary study demonstrates that the saint's relic cult was a key element of Florence's sacred cityscape The works of art created in his honor as well as the rituals practiced at his fifteenth and sixteenth century places of burial advertised Antoninus's saintly power and persona to the people who depended upon his intercessory abilities to negotiate life's challenges Drawing on a rich variety of contemporary visual literary and archival sources this volume explores the ways in which shifting political familial and ecclesiastical aims and agendas shaped the ways in which St Antoninus's holiness was broadcast to those who visited his burial church Author Sally Cornelison foregrounds the visual splendor of the St Antoninus Chapel which was designed built and decorated by Medici court artist Giambologna and his collaborators between 1579 and 1591 Her research sheds new light on the artist whose secular and mythological sculptures have received far more scholarly attention than his religious works Cornelison

draws on social and religious history patronage and gender studies and art historical and anthropological inquiries into the functions and meanings of images relics and ritual performance to interpret how they activated St Antoninus burial sites and defined them in ways that held multivalent meanings for a broad audience of viewers and devotees Among the objects for which she provides visual and contextual analyses are a banner from the saint's first tomb early printed and painted images and the sculptures frescoes panel paintings and embroidered textiles made for the present St Antoninus Chapel
