**School and Russian Formalism** Andrzej Karcz, 2002 Revising his 1999 doctoral dissertation for the University of Chicago Karcz explores the Polish Formalist School of literary theory and analysis which had already sprouted when Russian Formalism was silenced as heresy by Stalinist pressures in 1930 and the relationship between the two movements He begins by discussing the anticipations of Polish Formalism then focuses on the work of Kazimierz Woycicki 1876 1938 Mandred Kridl 1882 1957 and other primary theoreticians and practitioners Excerpts are in English Annotation 2004 Book News Inc Portland OR booknews com      **Russian Formalist** Krystyna Pomorska, 1968      **The Origins of Russian Literary Theory**

Jessica Merrill, 2022-07-15 Russian Formalism is widely considered the foundation of modern literary theory This book reevaluates the movement in light of the current commitment to rethink the concept of literary form in cultural historical terms Jessica Merrill provides a novel reconstruction of the intellectual historical context that enabled the emergence of Formalism in the 1910s Formalists adopted a mode of thought Merrill calls the philological paradigm a framework for thinking about language literature and folklore that lumped them together as verbal tradition For those who thought in these terms verbal tradition was understood to be inseparable from cultural history Merrill situates early literary theories within this paradigm to reveal abandoned paths in the history of the discipline ideas that were discounted by the structuralist and post structuralist accounts that would emerge after World War II *The Origins of Russian Literary Theory* reconstructs lost Formalist theories of authorship of the psychology of narrative structure and of the social spread of poetic innovations According to these theories literary form is always a product of human psychology and cultural history By recontextualizing Russian Formalism within this philological paradigm the book highlights the aspects of Formalism's legacy that speak to the priorities of twenty first century literary studies      **Central and Eastern European Literary Theory and the West**

Michał Mrugalski, Schamma Schahadat, Irina Wutsdorff, 2022-12-05 Literary theory flourished in Central and Eastern Europe throughout the twentieth century but its relation to Western literary scholarship is complex This book sheds light on the entangled histories of exchange and influence both within the region known as Central and Eastern Europe and between the region and the West The exchange of ideas between scholars in the East and West was facilitated by both personal and institutional relations both official and informal encounters For the longest time however intellectual exchange was thwarted by political tensions that led to large parts of Central and Eastern Europe being isolated from the West A few literary theories nevertheless made it into Western scholarly discourses via exiled scholars Some of these scholars such as Mikhail Bakhtin become widely known in the West and their thought was transposed onto new Western cultural contexts others such as Olga

Freidenberg were barely noticed outside of Russian and Poland This volume draws attention to the schools circles and concepts that shaped the development of theory in Central and Eastern Europe as well as the histoire croise e the history of translations transformations and migrations that conditioned its relationship with the West Russian Literary Criticism R. H. Stacy,1974-04-01 Russian Literary Criticism is a survey of the various ways in which representative Russian critics from the eighteenth century to the twentieth century have viewed not only the literary works of other Russian and non Russian writers but also the problems of literature in general Primarily intended for readers who do not know Russian this book discusses the major Russian critics and critical movements The author provides sufficient historical and political background to enable the reader to understand both the literary situation and the problems facing Russian critics at any given time whether the influx of various ideologies official Soviet views or dissident opinion form the Decembrists to Solzhenitsyn

Aleksander Wat Tomas Venclova,1996-01-01 Aleksander Wat was in many ways the archetypal Central European intellectual of the mid twentieth century a man who experienced and influenced all the tumultuous political and artistic movements of his time Yet little has been published about him even in his native Poland This book is the first account of Wat s turbulent life accompanied by a thorough analysis of his extraordinary poems and prose works in their diverse periods and genres Tomas Venclova himself a poet of international renown has uncovered numerous new biographical details made the surprising discovery of an unfinished novel Wat began fifty years ago and woven together the themes of Wat s life and work At different times a futurist surrealist and Communist fellow traveler Wat turned away from communism after his imprisonment by the Soviet secret police and became a vociferous spokesman for democracy Venclova tells Wat s story from his Polish Jewish upbringing in the early 1900s his participation in the literary avant garde in the 1920s and his work as editor of an influential Communist journal before World War II through his emigration to the West in 1959 and his death in 1967 Venclova argues convincingly that Wat s literary achievement promoted the rejuvenation of Polish and East European letters after the Stalinist era His broad intellectual influence on many including Czeslaw Milosz helped to consolidate the moral and political opposition to totalitarian ideology that has profoundly changed political realities in the late twentieth century **Psychomotor Aesthetics** Ana Hedberg Olenina,2020-04-01 In Psychomotor Aesthetics author Ana Hedberg Olenina explores the effects of newly emerging physiological psychology on Russian and American art and cultural production at the turn of the 20th century

**Verse Form and Meaning in the Poetry of Vladimir Maiakovskii** Robin Aizlewood,1989 **Visual Culture** John A. Walker,Sarah Chaplin,1997-12-15 This book is about the expanding realm of visual culture in architecture art design advertising photography film television video theatre performance computer imagery and virtual reality It is also about Visual Culture Studies a relatively new academic discipline or rather range of disciplines that scholars employ to analyse visual artefacts Unlike many other texts on the same subject it foregrounds the visual and is systematic and accessible Visual culture provides an overview of the subject that pays heed to the achievements of both

traditional and new theory whilst directing the reader to a large body of literature via references and an extensive bibliography Walker and Chaplin discuss the concepts of the visual and of culture as well as the field and origins of Visual Culture Studies coping with theory models of production and consumption institutions pleasure the canon and concepts of value visual literacy and poetics modes of analysis culture and commerce and new technologies This book is designed for those studying the history and theory of fine arts design and the mass media     Phonological Studies Roman

Jakobson,2012-01-02 No detailed description available for Phonological Studies     **Jakobsonian Poetics and Slavic Narrative** Krystyna Pomorska,1992 Krystyna Pomorska 1928 1986 a noted specialist of Slavic literature and literary theory is best known for her pioneering work in applying Roman Jakobson s theories of poetics to prose narratives This collection draws together and makes accessible her writings over two decades among them articles appearing in English for the first time She treats a wide range of Slavic literary works including those by Pushkin Tolstoi Pasternak Chekhov and Solzhenitsyn as well as examples from Polish and Ukrainian literature and folklore Forming an intellectual and methodological whole these essays reveal Pomorska s commitment to the principles of Jakobsonian poetics her consistent application of these basic theoretical concepts to the analysis of literary works and her interest in the foundations and history of literary criticism Pomorska explores problems in both poetics of prose as well as poetry and literary theory especially the relationship between biography and myth In addition several studies are devoted to the roots of the variegated intellectual legacy of Roman Jakobson and by extension of Russian Czech structuralism in its various stages of development In Krystyna Pomorska structuralism found a most able practitioner and Jakobson s oeuvre an authoritative exponent and interpreter Her volume a guide book to a major strain in modern criticism will be of great interest to a broad audience of literary theorists and students of Slavic literatures and literature in general     *Roman Jakobson* Richard Bradford,2005-08-10 In *Roman Jakobson* Richard Bradford reasserts the value of Jakobson s work arguing that he has a great deal to offer contemporary critical theory and providing a critical appraisal the sweep of Jakobson s career Bradford re-establishes Jakobson s work as vital to our understanding of the relationship between language and poetry By exploring Jakobson s thesis that poetry is the primary object language *Roman Jakobson Life Language Art* offers a new reading of his work which includes the most radical elements of modernism This book will be invaluable to students of Jakobson and to anyone interested in the development of critical theory linguistics and stylistics     **Language and Prosody of the Russian Folk Epic** Roy G. Jones,2019-01-29 No detailed description available for Language and Prosody of the Russian Folk Epic     *Criticism and Objectivity* Raman Selden,2023-07-14 First published in 1984 *Criticism and Objectivity* argues that literary critics should not abandon the concept of knowledge English literary criticism has long considered theory to be alien to the felt experience of readers and writers the Romantic attitude towards reason and feeling has continued to inhibit the conceptual development of criticism The similarities between the role of theory in science and in literary criticism imply the need for objectivity to be redefined

rather than abandoned While accepting that texts are relatively open structures defying final interpretations Dr Selden argues that their plurality is as much the effect of historical conditions as of the nature of language or subjectivity He calls for an historical criticism capable of conducting the voices of the text without resorting to formalism or reducing the text to its background This book will be of interest to students of literary theory

**Literature as Communication and Cognition in Bakhtin and Lotman** Allan Reid, 2016-08-19 This title first published in 1990 argues for the existence of a significant connection between the theories of literature and culture of Mikhail Mikhailovich Bakhtin 1895 1975 and Iurii Mikhailovich Lotman 1922 1993 There is general agreement in the academic or scholarly community that there is such a connection however it is generally held to refer to Bakhtin's influence on Lotman which he expressed late in his life The major aim of this study meanwhile is to demonstrate that the critical theories of Lotman and Bakhtin are highly compatible independent of and prior to any direct influence This title will be of interest to students of literature and literary theory

**Flint on a Bright Stone** Kirsten Blythe Painter, 2006 Flint on a Bright Stone closes a significant gap in the history of Modernist poetry by identifying the existence of Tempered Modernism an international phenomenon exemplified by Akhmatova Rilke H D and Williams and characterized by small poems written with precision restraint simplicity equilibrium and hardness

Modernisms Peter Nicholls, 2017-10-07 Peter Nicholls provides original analytic accounts of the main Modernist movements Close readings of key texts monitor the histories of Futurism Expressionism Cubism Dadaism and Surrealism This new edition includes discussion of the recent research trends examination of developments in the US and a new chapter on African American Modernisms
