I. Gapanovich, 1935 *Writing History in the Soviet Union* Arup Banerji, 2008 The history of the Soviet Union has been charted in several studies over the decades These depictions while combining accuracy elegance readability and imaginativeness have failed to draw attention to the political and academic environment within which these histories were composed Writing History in the Soviet Union Making the Past Work is aimed at understanding this environment The book seeks to identify the significant hallmarks of the production of Soviet history by Soviet as well as Western historians It traces how the Russian Revolution of 1917 triggered a shift in official policy towards historians and the publication of history textbooks for schools In 1985 the Soviet past was again summoned for polemical revision as part and parcel of an attitude of openness glasnost and in this literary figures joined their energies to those of historians The Communist regime sought to equate the history of the country with that of the Communist Party itself in 1938 and 1962 and this imposed a blanket of conformity on history writing in the Soviet Union The book also surveys the rich abundance of writing the Russian Revolution generated as well as the divergent approaches to the history of the period The conditions for research in Soviet archives are described as an aspect of official monitoring of history writing Another instance of this is the manner by which history textbooks have through the years been withdrawn from schools and others officially nursed into circulation This intervention occasioned in the present circumstance by statements by President Putin himself in the manner in which history is taught in Russian schools continues to this day In other words over the years the regime has always worked to make the past work Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh Sri Lanka **Modern Russian Historiography** Anatole Gregory Mazour, 1975 Fretted This book 2 CD pack delivers the meat potatoes of bluegrass mandolin way beyond just teaching fiddle tunes Players will discover how to find their way around the neck using common double stops develop creative back up skills play solos to vocal tunes in the style of Bill Monroe make up their own solos and a whole lot more For the average learner this pack represents nearly two years worth of lessons Includes two instructional CDs one plays every example in the book and the second contains 32 songs performed by a bluegrass band with the mandolin
