АННОТАЦИЯ

Представлена точка зрения на возможные пути дальнейшего развития и поддержки российской научной периодики в условиях санкционного давления и существенного сокращения возможностей для сотрудничества с западными компаниями, в том числе владеющими Web of Science и Scopus. Обсуждается ряд негативных последствий ориентирования отечественной науки в основном на данные наукометрические базы данных. Подчёркивается, что необходимо продолжать работу по повышению уровня научных изданий и развивать собственные индексы, не прекращая при этом сотрудничество там, где это возможно, и налаживая новые коллаборации в данной сфере.

Russian Literary Journals, Dostoevsky, and Tolstoy in St. Petersburg, 1877 Linda M. Mayhew, 2025-10-14 In 1877 the atmosphere in Russia was highly contentious Amid war with the Ottoman Empire the nation was also grappling with intense intellectual and political conflicts Various groups and individuals were fervently engaged in shaping the country's future navigating a landscape marked by strict censorship and deep ideological divides This game set in St Petersburg immerses students into the vibrant and combative world of Russian literary journals Students assume the roles of editors writers and social activists navigating the complex intersection of literature and politics The periodicals they produce are filled with subtle political commentaries regarding the monarchy education religion and women in society all designed to slip past the censors As writers such as Fyodor Mikhailovich Dostoevsky and Count Lev Nikolaevich Tolstoy compete to publish their work they must align with intellectual factions Populists Slavophiles or Westernizers and find allies to advance their literary and political ambitions Editors face the dual challenges of maintaining their publication goals and appeasing the censors deciding which articles and novels make it to print In this game writers present their work at Elena Shtakenshneider's literary salon sparking discussions on themes such as the relationship of art to society women's roles access to education the Russian Orthodox Church and paths to political reform In this charged environment the success of a journal can determine its influence on Russia's future The editor of a thriving journal may even earn an audience with Tsar Alexander II with the opportunity to advocate for a constitutional monarchy endorse the existing autocratic structures or propose sweeping political and social changes [Guide to Russian Scientific Periodical Literature](#) Brookhaven National Laboratory.

Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes.
