Leal, Bradley Hoot, Stavros Skopeteas, Joseph V. Casillas, Oksana Laleko, 2025-08-19 Human languages constrain the form utterances can take with constraints on grammaticality being but one example Beyond grammaticality utterances can vary in terms of their infelicitousness depending on how constituents relate to the surrounding discourse context speakers communicative needs and speakers assessment of the hearers beliefs The study of information structure explores how speakers package their utterances into blocks with varying informational values formalizing these units with notions like focus background or topic These categories among others have been the subject of substantial interest and debate in linguistics generating both theoretical models and experimental studies bearing on how information structure is represented and interpreted in the minds of speakers and how particular information structural categories are encoded in the grammar However the study of how information structure is acquired is still fledgling with uneven coverage across populations and languages Similarly the

wide cross linguistic variation in the use of syntactic prosodic and morphological means of its expression has been a major stumbling block in the development of a solid methodological foundation for experimental investigations As things stand the field is ripe for contributions from more varied approaches and drawing on linguistic data from under represented languages and populations

Throw Your Voice Meghanne Barker, 2024-08-15 *Throw Your Voice* is a story of loss and recovery It relates how children placed in a temporary care institution make sense of their situations Moving between a Kazakhstan government children s home Hope House and the Almaty State Puppet Theater Meghanne Barker shows how children and puppets as proxies bring to life ideologies of childhood and visions of a rosy future Sites and stories run in parallel Framed by the narrative of Anton Chekhov s *Kashtanka* about a lost dog taken in by a kind stranger the author follows the story s staging at the puppet theater At Hope House children find themselves on a path similar to *Kashtanka* dislodged from their first homes to reside in a second The heart of this story is about living in displacement and about the fragile intimacies achieved amidst conditions of missing Whether due to war migration or pandemic people get separated from those closest to them *Throw Your Voice* examines how strangers become familiar and how objects mediate precarious ties She shows how people use fantasy to mitigate loss

Proceedings of the Speech Prosody 2008 Conference , **Emerging Bilingual Speech** Anna Verschik, 2011-10-20 Anna Verschik offers a new perspective on how a previously monolingual community of Russian speakers in Estonia is rapidly becoming bilingual after the end of the Soviet occupation in 1991 The contact induced change in Russian under the growing impact of Estonian is analysed in the theoretical framework of code copying Changes in linguistic behaviour of the speakers are often a result of intentional cultivation of non monolingual communication strategies and language policies and go hand in hand with the development of a new identity Estonian Russians *Emerging Bilingual Speech* is a fascinating study that will be of interest to researchers studying language contact language change and bilingualism

The SAGE Handbook of Conflict Resolution Jacob Bercovitch, Victor Kremenyuk, I William Zartman, 2008-12-03 *The SAGE Handbook of Conflict Resolution* demonstrates the range of themes that constitute modern conflict resolution It brings out its key issues methods and dilemmas through original contributions by leading scholars in a dynamic and expanding field of inquiry This handbook is exactly what it sets out to be an indispensable tool for teaching research and practice in conflict resolution Peter Wallensteen Professor of Peace and Conflict Research Uppsala University and University of Notre Dame Bercovitch Kremenyuk and Zartman are among the most important figures in the conflict resolution field They have pieced together with the help of more than 35 colleagues from numerous countries a state of the art review of the sources of international conflict available methods of conflict management and the most difficult challenges facing the individuals and organizations trying to guide us through these conflict ridden times The collection is brimming with penetrating insights trenchant analyses compelling cases and disciplined speculation They help us understand both the promise of as well as the obstacles to theory building in the new field of conflict resolution Lawrence Susskind Professor and

Language Contact in the Territory of the Former Soviet Union Diana Forker, Lenore A.

Grenoble, 2021-06-15 The former Soviet Union USSR provides the ideal territory for studying language contact between one and the same dominant language Russian and a wide range of genealogically and typologically diverse languages with varying histories of language contact This is the first book that bundles different case studies and systematically investigates the impact of Russian at all linguistic levels from the lexicon to the domains of grammar to discourse and with varying types of outcomes such as relatively rapid language shift structural changes in a relatively stable contact situation pidginization and super variability at the post pidgin stage The volume appeals to linguists studying language contact and contact induced language change from a broad range of perspectives who want to gain insight into how one of the largest languages in the world influences other smaller languages but also experts of mostly minority languages in the sphere of the former Soviet Union

Syntax, Semantics and Acquisition of Multiple Interrogatives Lydia Grebenyova, 2012-10-17 Multiple interrogatives questions with multiple wh phrases e g Who bought what have long presented analytical challenges for linguistic theory This monograph presents a new theoretical and experimental study of this construction The theoretical findings concern the interaction between superiority effects subject auxiliary inversion and the distribution of pair list and single pair readings cross linguistically The author examines multiple interrogatives under sluicing i e clausal ellipsis presenting new arguments for the deletion analysis of sluicing The author also reports the results of several experimental studies on how children acquire the language specific properties of multiple interrogatives in English Russian and Malayalam The results suggest a

correlation between the acquisition of multiple interrogatives and the acquisition of contrastive focus which has been independently motivated in the syntactic literature The monograph will be of interest to linguists concerned with syntax semantics and language acquisition as well as readers who are interested in a comprehensive theory of language in general

Teaching For Thinking And Creativity In Primary Education Wegerif, Rupert, 2010-08-01 There is considerable interest in education around the world in flexible thinking and learning skills but very little consensus as to the nature of these skills and how best to promote them in schools This book puts forward a clear and practical framework for understanding thinking creativity and learning to learn as the fruits of engagement in dialogue It also outlines in detail how this framework can be applied to teaching across the curriculum at both primary and secondary level drawing on the best practices associated with the teaching thinking creativity and learning to learn movements explaining their success in terms of dialogic theory In particular the book incorporates aspects of a number of thinking skills approaches such as Lipman's Philosophy for Children approach as well as features of contemporary innovations in education such as assessment for learning and the development of creativity Each chapter opens with a vignette to set the scene and continue into a light and popularly written exposition of theory before moving on to a description of practice and concluding with practical guidelines for how to teach for thinking and creativity in schools and classrooms The first six chapters in the book have more of a focus on developing core theoretical themes and the following six chapters in the second half of the book focus more on practice led themes The relationship between theory and practice is treated as flexible and dynamic theory being developed by practice as much as practice implementing theory **Linguistic Choices in the Contemporary City** Dick Smakman, Jiří Nekvapil, Kapitolina

Fedorova, 2022-05-22 Linguistic Choices in the Contemporary City focuses on how individuals navigate conversation in highly diversified contexts and provides a broad overview of state of the art research in urban sociolinguistics across the globe Bearing in mind the impact of international travel and migration the book accounts for the shifting contemporary studies to the workings of language choices in places where people with many different backgrounds meet and exchange ideas It specifically addresses how people handle language use challenges in a broad range of settings to present themselves

positively and meet their information and identity goals While a speaker s experience runs like a thread through this volume the linguistic cultural and situational focus is as broad as possible It runs from the language choices of Chinese immigrants to Beijing and Finnish immigrants to Japan to the use of the local lingua franca by motor taxi drivers in Ngaound r Cameroon and how Hungarian students in their dorm rooms express views on political correctness uninhibitedly As it turns out language play improvisation humour lies as well as highly marked subconscious pronunciation choices are natural parts of the discourses and this volume provides numerous and extensive examples of these techniques For each of the settings discussed the perspective is taken of personalised linguistic and extra linguistic styles in tackling communicative challenges This way a picture is drawn of how postmodern individuals in extremely different cultural and situational circumstances turn out to have strikingly similar human behaviours and intentions Linguistic Choices in the Contemporary City is of interest to all those who follow theoretical and methodological developments in this field It will be of use for upper level students in the fields of Sociolinguistics Pragmatics Linguistic Anthropology and related fields in which urban communicative settings are the focus

Ecological Perspectives in Early Language Education Mila Schwartz, 2024-02-27 This book presents ecological perspectives towards early language education that conceptualise the phenomenon of interactions between child language based agency teachers agency peers agency and parents agency consequently furthering insights into the lives of young children growing up in multilingual homes Drawing on rich empirical research evidence the book explores teachers and family strategies and practices aimed at enhancing children s interest in home language maintenance and enrichment as well as in the novel language learning It defines early language education as the education of children up to the age of 6 and considers international evidence of children s language from diverse sociolinguistic backgrounds and indigenous endangered heritage regional minority majority and marginalized languages as well as foreign and second languages in education at home and out of home settings It claims that only through collaboration between teachers families peers and close environment can the child be engaged in early language learning and fully experience his or her potential to act as agent in a novel language learning The book will be of great interest to researchers academics and postgraduate students in the fields of language education multilingualism applied linguistics and early childhood education Practitioners in these fields may also find the volume a valuable resource
