Catherine the Great Simon Dixon,2010-12-09 When Catherine II died in St Petersburg in 1796 the world sensed the loss of the most celebrated monarch of Europe something no one would have predicted at the birth sixty seven years before of an obscure German princess Sophie of Anhalt Zerbst later married off to the pathetic heir to the Russian throne There were few greater transformations of fortunes in history Sophie Catherine had come to rule in her own right over the largest state in existence since the fall of the Roman Empire She was branded both a usurper and an assassin when she seized power from her wretched husband in 1762 Yet she survived the initial succession crisis and went on to occupy the Russian throne for thirty four years In the process she turned her new empire from peripheral pariah to European great power

[Soviet Salvage](#) Catherine Walworth,2017-10-10 In Soviet Salvage Catherine Walworth explores how artists on the margins of the Constructivist

movement of the 1920s rejected elitist media and imagined a new world knitting together avant garde art imperial castoffs and everyday life Applying anthropological models borrowed from Claude Lévi Strauss Walworth shows that his mythmaker typologies the engineer and bricoleur illustrate respectively the canonical Constructivists and artists on the movement's margins who deployed a wide range of clever make do tactics Walworth explores the relationships of Nadezhda Lamanova Esfir Shub and others with Constructivists such as Aleksei Gan Varvara Stepanova and Aleksandr Rodchenko Together the work of these artists reflected the chaotic and often contradictory zeitgeist of the decade from 1918 to 1929 and redefined the concept of mass production Reappropriated fragments of a former enemy era provided a wide range of play and possibility for these artists and the resulting propaganda porcelain film fashion and architecture tell a broader story of the unique political and economic pressures felt by their makers An engaging multidisciplinary study of objects and their makers during the Soviet Union's early years this volume highlights a group of artists who hover like free radicals at the border of existing art historical discussions of Constructivism and deepens our knowledge of Soviet art and material culture

American Art Directory National Register Publishing, 2007-12 **The Practice Run** Frederick J. Fisher, 2025-05-15 On Saint Patrick's Day 1990 one of the largest art thefts in the world took place the heist of Boston's Isabella Stewart Gardner Museum in which thirteen works of art worth over half a billion dollars were stolen by two thieves posing as policemen Had there been a prior practice run for this theft Ten years earlier during the Christmas season two thieves who posed as delivery men after hijacking a FedEx van and etherizing its female driver were thwarted in their attempt of a nearly identical robbery at The Hyde Collection in Glens Falls New York an art museum modeled after a one in Boston The young mastermind of these crimes was Brian McDevitt of Swampscott Massachusetts He arrived in the small NY town in the spring of 1980 posing as a rich Vanderbilt heir and freelance writer Prior to his failed heist he spent two months ingratiating himself to the museum's director the author of this story in hopes of extracting vital information that would aid in his crime The book investigates the planning and execution of The Hyde's attempted robbery and traces McDevitt's various escapades following his jail sentences in New York State and one in Massachusetts over a previous bank heist Ten years later he fled Boston immediately after the Gardner heist and settled in Hollywood California masquerading as a screenwriter When word of his criminal past hit the West Coast he hightailed it to South America to avoid extradition where he mysteriously died FBI and Gardner Museum officials act skeptical about McDevitt's association with the heist yet they claim they know who the perpetrators were but that they are dead raising suspicion that McDevitt may be in the witness protection program This story also explores the fascinating history of these two rather impoverished sister museums with art collections of international renown that were jolted into the recognition of their vulnerabilities following one thwarted and one actual theft And even more fascinating is the possibility that a single individual might have been the mastermind of both crimes **The Georgetown Ladies' Social Club** C. David Heymann, 2004-11-02 A portrait of the political and social life of Georgetown cites the influence of such

women as Katharine Graham Lorraine Cooper and Sally Quinn while offering insight into Washington life in the late twentieth century
