**Daniel Orlovsky**

## **Russian Lawyers The Soviet State:**

Russian Lawyers and the Soviet State Eugene Huskey, 2014-07-14 This study traces the development of the Soviet Bar through periods of legal nihilism and legal revival to its final integration into the Soviet order at the end of the 1930s a story of uncertainty and conflict in the Bolshevik ranks over the role of the lawyer under socialism and one of resistance to Soviet power by a profession jealous of its own autonomy Originally published in 1986 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Russian Lawyers and the Soviet State** Eugene Huskey, **Bolshevik Visions** William G. Rosenberg, 1990 The first volume of a collection of writings by early Soviet critics and theorists Law and the Russian State William E. Pomeranz, 2018-12-27 Russia is often portrayed as a regressive even lawless country and yet the Russian state has played a major role in shaping and experimenting with law as an instrument of power In Law and the Russian State William E. Pomeranz examines Russia's legal evolution from Peter the Great to Vladimir Putin addressing the continuities and disruptions of Russian law during the imperial Soviet and post Soviet The book covers key themes including Law and empire Law and modernization The politicization of law The role of intellectuals and dissidents in mobilizing the law The evolution of Russian legal institutions The struggle for human rights The rule of law The quest to establish the law based state It also analyzes legal culture and how Russians understand and use the law With a detailed bibliography this is an important text for anyone seeking a sophisticated understanding of how Russian society and the Russian state have developed in the last 350 years **Soviet State and Society Between Revolutions, 1918-1929** Lewis H. Siegelbaum, 1992-08-20 The evolution of the ruling Communist Party and its New Economic Policy is explored in the first book to analyze the relationship between the Soviet state and society from 1917 through the early 1930s through the changing fortunes of its peoples The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state Counsel in the

Caucasus: Professionalization and Law in Georgia Christopher P. M. Waters, 2013-12-14 This book traces the development of the rule of law in Georgia since its independence and speculates on its future direction. It does so by focusing on changes in the legal profession after 1991. Intriguingly, the book, which is based on extensive field work, concludes that culture and informal regulation are key to understanding how Georgian lawyers are governed or rather govern themselves. Indeed, for several years after independence from the Soviet Union, there was no functioning law; on attorneys, informal regulation based on the importance of reputation and networks was the only sort of regulation. Other topics addressed in the book include Georgia's legal history, its current human rights situation, theories of professionalization, and the link between law and development. The book also compares the Georgian experience to that of its South Caucasian neighbors, Armenia and Azerbaijan, thus rounding the book out as a regional study.

**A Companion to the Russian Revolution** Daniel Orlovsky, 2020-08-17 A compendium of original essays and contemporary viewpoints on the 1917 Revolution. The Russian revolution of 1917 reverberated throughout an empire that covered one sixth of the world. It altered the geopolitical landscape of not only Eurasia but of the entire globe. The impact of this immense event is still felt in the present day. The historiography of the last two decades has challenged conceptions of the 1917 revolution as a monolithic entity; the causes and meanings of revolution are many as is reflected in contemporary scholarship on the subject. *A Companion to the Russian Revolution* offers more than thirty original essays written by a team of respected scholars and historians of 20th century Russian history. Presenting a wide range of contemporary perspectives, the Companion discusses topics including the dynamics of violence in war and revolution, Russian political parties, the transformation of the Orthodox church, Bolshevism, Liberalism, and more. Although primarily focused on 1917 itself and the singular Revolutionary experience in that year, this book also explores time periods such as the First Russian Revolution, early Soviet government, the Civil War period, and even into the 1920s. Presents a wide range of original essays that discuss. Brings together in depth coverage of political history, party history, cultural history, and new social approaches. Explores the long range causes, influence on early Soviet culture, and global afterlife of the Russian Revolution. Offers broadly conceived contemporary views of the revolution, largely based on the author's original research. Links Russian revolutions to Russian Civil Wars as concepts. *A Companion to the Russian Revolution* is an important addition to modern scholarship on the subject and a valuable resource for those interested in Russian Late Imperial or Soviet history, as well as anyone interested in Revolution as a global phenomenon.

The Foundations of Russian Law Marianna Muravyeva, 2023-04-06 This accessible text explains how Russian law works in all its principal areas. It elucidates the main concepts and frameworks behind Russian law and uses original legal sources and case law to explain how it operates in practice. The contributors, all of whom are leading experts on Russian law, employ original research to further knowledge of the Russian legal profession, legal culture, judiciary, and court systems, providing a scholarly and practical account of Russian law for students and scholars alike. It is essential reading for anyone seeking a deeper

understanding of the subject      *Russian Review* ,1925      *Lawyers in 21st-Century Societies* Richard L Abel,Ole Hammerslev,Hilary Sommerlad,Ulrike Schultz,2020-04-02 The world's legal professions have undergone dramatic changes in the 30 years since publication of the landmark three volume *Lawyers in Society* which launched comparative sociological studies of lawyers This is the first of two volumes in which scholars from a wide range of disciplines countries and cultures document and analyse those changes The present volume presents reports on 46 countries with broad coverage of North America Western Europe Latin America Asia Australia North Africa and the Middle East sub Saharan Africa and former communist countries These national reports address the impact of globalisation and neoliberalism on national legal professions the relationship of lawyers and their professional associations to the state and tensions between state and citizenship changes in lawyer demography rapidly growing numbers and the profession's efforts to retain control the entry of women and obstacles to full gender equality ethnic diversity legal education the proliferation of institutions and pedagogic innovation the regulation of lawyers structures of production especially the growth of large firms and the impact of technology and paraprofessionals the distribution of lawyers across roles and access to justice state funded legal aid and pro bono services The juxtaposition of the reports reveals the dramatic transformations of professional rationales labour markets and working practices and the multiple contingencies of the role of lawyers in societies experiencing increasing juridification within a new geopolitical order      **ABA Journal** ,1959-03 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association      **Russian Pluralism** U. Ra'anan,K. Armes,K. Martin,2016-04-30 The dissolution of the U S S R marked also the end of the communist system However its replacement by a working democracy is not assured First a civil society built upon a pluralistic infrastructure has to be established This requires the achievement of a law based state pluralism in the political media an unshackled media and freedom of religion The distinguished experts in these fields brought together in this book question whether such an infrastructure is firm enough as yet to preclude reversion to an authoritarian system Current events in Russia form an experiment of incalculable importance to the future of the international system *Russian Pluralism Now Irreversible* offers a lucid stimulating assessment of the experiment's chances for success      *State Continuity and Nationality: The Baltic States and Russia* Ineta Ziemele,2025-09-01 Political changes in Central and Eastern Europe in the 1990s led to important territorial changes and confronted decision makers and international lawyers with complex questions relevant to State continuity and succession The case of the Baltic States was particularly difficult since they re emerged after half a century of Soviet occupation In addition to questions on the status of new States important issues arose with regard to the fate of nationals of the former federations generating frantic international efforts in developing and consolidating available rules and principles on nationality in situations of territorial change In this context the Baltic case stood apart It raised questions of non recognition of consequences of their illegal occupation in international law but that was not the way

the issues were dealt with The book documents and examines the story of the Soviet occupation of the Baltic States in 1940 and their claim to State continuity fifty years later It brings in the issue of the obligations of Russia in this context The book asks the question what nationality solutions had to be adopted in the region and shows the scrutiny they received from international institutions This second edition of the book revisits decisions that were taken in the 1990s and asks whether they have withstood the test of time The case of the Baltic States is an example of the strength of international law rules when applied with courage and of the risks when too many compromises with rules and principles are accepted Although the book is specific in its coverage it is of general importance because it draws conclusions concerning developments in law and practice which are relevant for a better understanding and regulation of statehood and nationality in international law

*Reinterrogating the Classical Marxist Discourses of Revolutionary Democracy* Soma Marik,2008 *Russian Conservatism* Paul Robinson,2019-10-15 Russian Conservatism examines the history of Russian conservative thought from the beginning of the nineteenth century to the present Robinson charts the contributions made by philosophers politicians and others during the Imperial Soviet and post Soviet periods Looking at cultural political and social economic conservatism in Russia Russian Conservatism demonstrates that such ideas are helpful in interpreting Russia s present as well as its past and will be influential in shaping Russia s future for better or for worse in the years to come **Reforming Justice in Russia, 1864-1996** Peter H. Solomon,1997 Based on a set of papers prepared for a spring 1995 conference held at Massey College University of Toronto reflecting collaboration and discussion among specialists in law and justice in tsarist Russia and their counterparts working on the subject in the USSR and post Soviet Russia Organized in sections on varieties of justice in imperial Russia courts and Soviet power and justice and the Russian transition papers examine areas such as rural arson in European Russia in the late imperial era sexual harassment claims of the 1920s criminal justice under Stalin and trials in modern Russia Annotation copyrighted by Book News Inc Portland OR [The Jewelers' Circular](#) ,1926 **The Russian Intelligentsia** Christopher Read,2024-02-22 The Russian Intelligentsia is the first single volume history of a small but tremendously influential group of Russian intellectuals who achieved world renown in a variety of spheres While previous accounts have addressed the history of individuals within this collective Christopher Read offers the first explanation of the intelligentsia as a group Read traces the vast debates that broke out between and within a multitude of intellectual factions and contextualizes the ideas of the group within the framework of cultural social political and economic development from the late 18th century to the present day This comprehensive yet accessible account demonstrates how the Russian intelligentsia morphed from one incarnation to the next and effectively situates this change and continuity within a pan European context It considers the role of the intelligentsia throughout its origins its transformation during the Russian Revolution and since the collapse of communism and highlights the beliefs of key figures such as Fyodor Dostoyevsky Ivan Pavlov Vladimir Lenin Leon Trotsky and Mikhail Gorbachev In doing so Read provides an essential guide to a fascinating

aspect of Russia's social and cultural history      Russia's Missing Middle Class: The Professions in Russian History Harley D. Balzer, 2016-09-16 This work describes the emergence of the professions in late tsarist Russia and their struggle for autonomy from the aristocratic state. It also examines the ways in which the Russian professions both resembled and differed from their Western counterparts.

## The Enigmatic Realm of **Russian Lawyers The Soviet State**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Russian Lawyers The Soviet State** a literary masterpiece penned by a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of those who partake in its reading experience.
