**Sarah Oates**

## **Russian Parliamentary Elections Of 1995:**

The Russian Parliamentary Elections of 1995 0 Open Media Research Insitute,2024-11-01 This work provides an introduction to some of the most important and representative genres of classical Korean literature Coverage includes Samguk sagi and samguk yusa as literature Kunmong and Unyongchon the lyricism of Koryo songs and the literature of Chosen Dynasty Women

**Russia's Parliamentary Elections 1993 and 1995** Fred Schulze,Ann C. Bigelow,1996 The Russian Parliamentary Elections of 1995 Laura Belin,Robert W. Orttung,1997 Analyzes the elections held on December 17 1995 to the State Duma the lower house of the Russian parliament looking at the whole electoral process from the adoption of electoral law to announcement of the final results Examines the debate over electoral law Russia s system of parliamentary representation the staying power of Russia s many political parties the stability of the party system the roles of money and the media and demographic and regional characteristics of the Russian electorate Annotation copyrighted by Book News Inc Portland OR

*Parliamentary Power in Russia, 1994-2001* T. Troxel,2002-12-09 This book is the first study of the power of the Russian Parliament in the policy process from 1994 2001 within the context of executive legislative relations It challenges the widely held view that between 1994 and 2001 Russia had a presidential system with a strong authoritarian leader who ruled by decree and a weak parliament which did not have much power

**Russia's 1996 Presidential Election: The End of Polarized Politics** Michael McFaul,1997 *Introduction to Media and Politics* Sarah Oates,2008-02-18 a lively introduction to media and politics with timely chapters on the media war and terrorism and the internet If you want to know why media matters in politics this is a great place to start Dr Margaret Scammell London School of Economics and Political Science This book has the truly international perspective that helps to put politics and media in the context of current world events a unique and valuable text Professor Lynda Lee Kaid University of Florida a new and promising perspective to the study of media and politics in a comparative dimension Professor Paolo Mancini Universit di Perugia *Introduction to Media and Politics* draws together evidence from the United States the United Kingdom Russia and beyond to provide students with an understanding of the relationship between the media and the political sphere This highly accessible text balances theory with case studies on elections war terrorism and the emerging role of the Internet enabling the reader to think critically about how the media should work in the service of democracy places the study of media and politics in a comparative perspective allowing the reader to consider how the same media institutions including commercial and public service broadcasting paid political advertising and war coverage function in different countries This text is essential reading for advanced undergraduate and postgraduate students of media and politics

Russia after the Cold War Mike Bowker,Cameron Ross,2014-06-17 In Russia after the Cold War the editors provide an accessible and comprehensive survey of the state of Russia at the end of the twentieth century as it seeks to come to terms with its new status in the world community the pressures and tensions arising from economic and social change and with the problems of ensuring a

democratic future Written by a specially commissioned team of internationally respected experts on contemporary Russia Russia after the Cold War is ideally suited as a main text for introductory courses on modern Russia within a politics Area Studies or combined social science degree Contributors Alexei Avtonomov Edwin Bacon John Berryman Christoph Bluth Michael Cox Nadia Davidova Mark Galeotti James Hughes Roger E Kanet Julie A Lund Nick Manning Andrew Patmore Anthony Phillips Richard Sakwa Peter Shearman Mark Webber Stephen Webber Stephen White Matthew Wyman *The Political Economy of Post-Soviet Russia* V. Tikhomirov, 2000-05-15 This book deals with general political and economic developments that took place in Russia since the collapse of the Soviet Union The major aim of the book is to analyse successes and failures of Russian reform attempts as well as their effect on the development of Russian regions particularly from the point of view of interrelation between socio economic tendencies and political developments Analysis concentrates on both national dynamics and dynamics of development in three main groups of regions mining agricultural and manufacturing

*The Russian Parliament* Thomas F. Remington, 2008-10-01 From the first free elections in post Soviet Russia in 1989 to the end of the Yeltsin period in 1999 Russia's parliament was the site of great political upheavals Conflicts between communists and reformers generated constant turmoil and twice parliamentary institutions broke down in violence This book offers the first full account of the inaugural decade of Russia's parliament Thomas F Remington a leading scholar of Russian politics describes in unique detail the Gorbachev era parliament of 1989-91 the interim parliament of 1990-93 and the current Federal Assembly Focusing particularly on the emergence of parliamentary parties and bicameralism Remington explores how the organization of the Russian parliament changed why some changes failed while others were accepted and why the current parliament is more effective and viable than its predecessors He links the story of parliamentary evolution in Russia to contemporary theories of institutional development and concludes that notwithstanding the turbulence of Russia's first postcommunist decade parliament has served as a stabilizing influence in Russian political life

**Party Politics in Post-communist Russia** John Lowenhardt, 2013-01-11 Political parties are the fabric of democratic politics In 1991 a new Russia emerged after seven decades of one party dictatorship claiming to be on the road towards democracy In this volume the authors analyse the many contradictions dilemmas and paradoxes of reconstituting free party politics and democratic rule in a severely traumatized country Frequently from a comparative perspective they deal with a range of topics from the behaviour of the new parties in parliament the role of ideology in cementing party organizations to the character and prospects of the transient Russian party system

*The Russian Democratic Party Yabloko* David White, 2018-12-20 Western analysts have become increasingly concerned with President Putin's centralization and control with the term managed democracy becoming a byword for the state of the Russian polity In this important exploration David White examines the gradual electoral decline of Russia's leading liberal party the Yabloko Party In doing so he provides fascinating insights into the role of opposition the development of the party system and above all the quality of democracy in Russia under President

Putin As an overtly democratic liberal reformist party with a strong pro Western orientation the place and role of Yabloko in Russian politics is of concern to those interested both in the establishment of democratic norms and the relative strength of political forces promoting democratic and market reforms in Russia

**Transitional Citizens** Timothy J. COLTON, Timothy J Colton, 2009-06-30 Subjects obey Citizens choose Transitional Citizens looks at the newly empowered citizens of Russia a protodemocracy facing choices at the ballot box that just a few years ago under dictatorial rule they could not have dreamt of The stakes in post Soviet elections are extraordinary While in the West politicians argue over refinements to social systems in basically good working order in the Russian Federation they address graver concerns dysfunctional institutions individual freedom nationhood property rights provision of the basic necessities of life in an unparalleled economic downswing The idiom of Russian campaigns is that of apocalypse and mutual demonization This might give an impression of political chaos However as Timothy Colton finds voting in transitional Russia is highly patterned Despite their unfamiliarity with democracy subjects turned citizens learn about their electoral options from peers and the mass media and make choices that manifest a purposiveness that will surprise many readers Colton reveals that post Communist voting is not driven by a single explanatory factor such as ethnicity charismatic leadership or financial concerns but rather by multiple causes interacting in complex ways He gives us the most sophisticated and insightful account yet of the citizens of the new Russia

Confessions of a One-Time Crony Capitalist: Welfare State under Attack Ajay S. Kumar, In Confessions of a One Time Crony Capitalist the author unveils the hidden mechanics of crony capitalism and its impact on global politics challenging the deeply held beliefs of the common man Set against the backdrop of NATO's expansion from the Atlantic to the Black Sea this book offers a fierce critique of global capitalism analyzing the systems that shape our world A Journey Through Modern Imperialism This eye opening work compellingly argues that colonialism the Cold War and neoliberalism represent different stages of imperialism With an unbiased and objective approach the author provides a detailed analysis of modern imperialism appealing to readers eager to understand the complex dynamics of global power Colonialism The Roots of Global Dependency The book explores how colonialism created a long lasting reliance of temperate regions on tropical resources Even after the end of formal colonial rule imperial powers maintained their grip through economic control and political influence keeping former colonies on a short leash Neoliberalism The New Face of Global Capitalism The narrative examines how leaders like Ronald Reagan and Margaret Thatcher dismantled welfare states making way for neoliberalism a new stage of modern imperialism Following the collapse of the Soviet Union global capitalism expanded unchecked turning the world into a playground for profit driven policies The Call for Change Participatory Democracy and Welfare This thought provoking book emphasizes the urgency of reversing the damages of neoliberalism through restored welfare policies and true participatory democracy The author highlights actionable solutions to empower citizens and ensure governments prioritize people over profit For readers interested in critiques of global capitalism understanding neoliberalism and exploring solutions for a fairer world Confessions

of a One Time Crony Capitalist offers a compelling and transformative perspective **The Populist Radical Right** Cas Mudde, 2016-10-04 The populist radical right is one of the most studied political phenomena in the social sciences counting hundreds of books and thousands of articles This is the first reader to bring together the most seminal articles and book chapters on the contemporary populist radical right in western democracies It has a broad regional and topical focus and includes work that has made an original theoretical contribution to the field which make them less time specific The reader is organized in six thematic sections 1 ideology and issues 2 parties organizations and subcultures 3 leaders members and voters 4 causes 5 consequences and 6 responses Each section features a short introduction by the editor which introduces and ties together the selected pieces and provides discussion questions and suggestions for further readings The reader is ended with a conclusion in which the editor reflects on the future of the populist radical right in light of more recent political developments most notably the Greek economic crisis and the refugee crisis and suggest avenues for future research

Postcommunism and the Theory of Democracy Richard D. Anderson, M. Steven Fish, Stephen E. Hanson, Philip G. Roeder, 2021-05-11 Why did the wave of democracy that swept the former Soviet Union and Eastern Europe starting more than a decade ago develop in ways unexpected by observers who relied on existing theories of democracy In *Postcommunism and the Theory of Democracy* four distinguished scholars conduct the first major assessment of democratization theory in light of the experience of postcommunist states Richard Anderson Steven Fish Stephen Hanson and Philip Roeder not only apply theory to practice but using a wealth of empirical evidence draw together the elements of existing theory into new syntheses The authors each highlight a development in postcommunist societies that reveals an anomaly or lacuna in existing theory They explain why authoritarian leaders abandon authoritarianism why democratization sometimes reverses course how subjects become citizens by beginning to take sides in politics how rulers become politicians by beginning to seek popular support and not least how democracy becomes consolidated Rather than converging on a single approach each author shows how either a rationalist institutionalist discursive or Weberian approach sheds light on this transformation They conclude that the experience of postcommunist democracy demands a rethinking of existing theory To that end they offer rich new insights to scholars advanced students policymakers and anyone interested in postcommunist states or in comparative democratization Russia Parliament Encyclopedic Directory Strategic Information and Contacts IBP

USA, 1996 *Regional Economic Voting* Joshua A. Tucker, 2006-01-09 This study demonstrates that in a time of massive change characterized by the emergence of entirely new political systems and a fundamental reorganization of economic life systematic patterns of economic conditions affecting election results at the aggregate level can in fact be identified during the first decade of post communist elections in five post communist countries Russia Poland Hungary Slovakia and the Czech Republic A variety of theoretical arguments concerning the conditions in which these effects are more or less likely to be present are also proposed and tested Analysis is conducted using an original data set of regional level economic demographic

and electoral indicators and features both broadly based comparative assessments of the findings across all twenty elections as well as more focused case study analyses of pairs of individual elections

**Russian-Belarusian Integration** Alex Danilovich, 2018-02-06 Russian domestic politics has long been both labyrinthine and pragmatic at once both inordinately complex and breathtakingly dynamic The same can be said of Russia's foreign policy in particular in relations with former Soviet republics Any study of Russian foreign policy comes back to the intriguing question of why Russia long perceived as an inveterate imperial power would refuse to take back a handsome portion of its former empire a portion that offers a bridge to Europe and an advantageous geostrategic position Despite formal declarations Russia has made little progress in achieving union with its ex Soviet neighbour Belarus Linking Russia's foreign policy to its domestic politics Alex Danilovich clarifies this paradox and explains why specific attempts to reunify Russia and Belarus failed contrary to the desires of significant forces on both sides and to certain theory based expectations

**Why Not Parties in Russia?** Henry E. Hale, 2005-12-05 Russia poses a major puzzle for theorists of party development Whereas virtually every classic work takes political parties to be inevitable and essential to democracy Russia has been dominated by non partisan politicians ever since communism collapsed This book mobilizes public opinion surveys interviews with leading Russian politicians careful tracking of multiple campaigns and analysis of national and regional voting patterns to show why Russia stands out Russia's historically influenced combination of federalism and super presidentialism coupled with a post communist redistribution of resources to regional political machines and oligarchic financial industrial groups produced and sustained powerful party substitutes that have largely squeezed Russia's real parties out damaging Russia's democratic development

**From Submission To Rebellion** Vladimir Shlapentokh, Roman Levita, Mikhail Loiberg, 2018-02-20 This book addresses the relationship between the center and its provinces an important issue in any society using Russia as a case study It analyses the historical stages of Russia's past with special focus on the post Communist era
