*Russian Roulette* Arthur M. Cox,1982      *Bulletin of the Atomic Scientists* ,1983-05      **Russian Roulette** Arthur M. Cox,1982      **The Nuclear Power Debate** Jerry W. Mansfield,2019-03-28 Originally published in 1984 This annotated bibliography will serve as a starting point for information on the issue of nuclear power Arranged for easy use into three sections Pro Nuclear Anti Nuclear and Neutral the book cites over a hundred of the most important books on the subject offering for each full bibliographic data and a lengthy annotation that is balanced and informative This work which features author title and subject indexes is simultaneously a collection building tool a guide for non specialist library patrons and an invaluable aid for research      **Ariadne's Thread** Mary E. Clark,1989-07-24 An analysis of the contemporary world and its future The author begins by assessing whether there are limits to growth and if so how we can change our attitude and prevent the destruction which seems inevitable      **Department of Defense Appropriations for 1984** United States. Committee on Foreign Relations,1983      *Special Bibliography Series* ,1957      **Debating Counterforce** Charles-Philippe David,2019-04-08 Since the U S presidential elections of 1980 debate has intensified between those who believe that nuclear weapons can only deter a war not intended to be fought and those who see nuclear weapons as an advancement in weaponry that allows for the waging and winning of a nuclear war At the focal point of this debate is the rise of the counterforce      **Special Bibliography Series** United States Air Force Academy. Library,1990      *United States-Soviet Relations: The future of United States-Soviet relations* United States. Congress. Senate. Committee on Foreign Relations,1983      Killing Detente Anne Hessing Cahn,2007-06-05 Killing Detente tells the story of a major episode of intelligence intervention in politics in the mid 1970s that led to the derailing of detente between the Soviet Union and the United States and to the resurgence of the Cold War in the following decade Although the basic outlines of the story are already known Anne Cahn succeeded in getting many previously declassified documents released and uses these supplemented by seventy interviews with principal players to add much greater depth and detail to our understanding of this troubling event in U S history In the mid 1970s a very controversial intelligence estimate was performed by people outside the government They were given access to our most secret files and leaked their report to the press when Jimmy Carter was elected president This study which became known as The Team B Report became the intellectual forbearer of the window of vulnerability and led to the demise of detente between the Soviet Union and the United States Team B was the fundamental turning point in renewing the Cold War in the 1980s The debate over the leaked report moved the center of arms control

policy strongly to the right from where it had been during the years of detente Team B presaged the triumph of Ronald Reagan and a military buildup on a scale unprecedented in peacetime that left present and future generations with the most crippling debt in our nation's history This book is about attempts to destroy improved relations between the United States and the Soviet Union in the 1970s Those opposed to the easing of tensions between the two countries used every means available including accusing the Central Intelligence Agency of understating the threat posed by the Soviets Charging the CIA this way seems preposterous now

**Future Survey Annual 1983** Michael Marien, 1984-01-01

**Rolling Back Revolution** Ivan Molloy, 2001-07-20 Ivan Molloy analyses the de facto foreign policy strategy of Low Intensity Conflict as propagated by the United States He recounts how LIC emerged during the Reagan Administration as a way of counteracting the legacy left by the Vietnam War which constrained America from getting involved in direct military intervention Part covert part overt LIC was developed as a low cost and low risk method of dealing with revolutionary movements and post revolutionary governments usually Marxist considered threatening to national interests As such this secretive strategy was an integral component of the Iran Contra affair and at the heart of the Reagan Doctrine Molloy argues that LIC was a means of civilianising and privatising America's foreign policy He reveals that LIC was always more of a political rather than military tool The United States used LIC selectively in the 1980s to combat guerrilla movements and undermine targeted regimes to achieve its foreign policy objectives The author uses Nicaragua and the Philippines as major case studies to analyse the profile of this multi dimensional strategy as it emerged in the 1980s He also demonstrates using such examples as Cuba Yugoslavia and East Timor that this complex strategy is still evident today and even pursued by other states
