Serafim Rose,elder Cleopa Ilie of Romania, et al,St. John (Maximovitch),IOan Vladuca,Nilus Stryker,2021-05-11 Wealth without work Pleasure without conscience Science without humanity Knowledge without character Politics without principle Commerce without morality Worship without sacrifice <https://vidjambov.blogspot.com/2023/01/book-inventory-vladimir-djambov-talmach.html> Every Orthodox Christian is placed between two worlds this fallen world where we try to work out our salvation and the other world heaven the homeland towards which we are striving and which if we are leading a true Christian life gives us the inspiration to live from day to day in Christian virtue and love But the world is too much with us We often and in fact nowadays we usually forget the heavenly world The pressure of worldliness is so strong today that we often lose track of what our life as a Christian is all about Even if we may be attending church services frequently and consider ourselves active church members how often our churchliness is only something external bound up with beautiful services and the whole richness of our

Orthodox tradition of worship but lacking in real inner conviction that Orthodoxy is the faith that can save our soul for eternity lacking in real love for and commitment to Christ the incarnate God and Founder of our faith How often our church life is just a matter of habit something we go through outwardly but which does not change us inwardly does not make us grow spiritually and lead us to eternal life in God But it is easy to become lost in dreams of the future world We should be aware of what is to happen at the end of the world and of what may happen in Russia But spiritual events such as the resurrection of Russia depend upon each individual soul This seven will not happen without the participation of the Orthodox people our repentance and struggle And this involves not only the people of Russia itself it involves the whole of the Russian Diaspora and all the Orthodox people of the world

*Rebel Russia* Anna Arutunyan, 2025-05-14

Navalny Lenin Pugachev The Russian rebel in his epic battle against the Leviathan of the Russian state has enthralled readers and writers for decades The rebel's story is almost always a sad one that ends in exile imprisonment or martyrdom leaving but a seed for the future reform of the Leviathan which he or she had taken on Why do revolts from the Decembrist uprising to the Snow Revolution that brought Alexei Navalny to the forefront of contemporary Russian politics seem to end up failing or producing an even worse form of despotism In reality the brave words and deeds of dissidents have shaped the course of Russian history more often than we might think Through the stories of prominent rebels from the time of Ivan the Terrible to the present day as well as her own experiences reporting on her country's descent into authoritarianism Russian American journalist Anna Arutunyan explores how the rebel and the Tsar defined each other through a centuries-long dance of dissent and repression These characters and their lives not only reveal the true nature of the Russian state they also offer hope for a future Russian democracy

**Russian Jews Between the Reds and the**

**Whites, 1917-1920** Oleg Budnitskii, 2012-07-24 In the years following the Russian Revolution a bitter civil war was waged between the Bolsheviks with their Red Army of Workers and Peasants on the one side and the various groups that constituted the anti Bolshevik movement on the other The major anti Bolshevik force was the White Army whose leadership consisted of former officers of the Russian imperial army In the received and simplified version of this history those Jews who were drawn into the political and military conflict were overwhelmingly affiliated with the Reds while from the start the Whites orchestrated campaigns of anti Jewish violence leading to the deaths of thousands of Jews in pogroms in the Ukraine and elsewhere In Russian Jews Between the Reds and the Whites 1917 1920 Oleg Budnitskii provides the first comprehensive historical account of the role of Jews in the Russian Civil War According to Budnitskii Jews were both victims and executioners and while they were among the founders of the Soviet state they also played an important role in the establishment of the anti Bolshevik factions He offers a far more nuanced picture of the policies of the White leadership toward the Jews than has been previously available exploring such issues as the role of prominent Jewish politicians in the establishment of the White movement of southern Russia the Jewish Question in the White ideology and its international aspects and the attempts of the Russian Orthodox Church and White diplomacy to forestall the establishment of a Jewish state in Palestine The relationship between the Jews and the Reds was no less complicated Nearly all of the Jewish political parties severely disapproved of the Bolshevik coup and the Red Army was hardly without sin when it came to pogroms against the Jews Budnitskii offers a fresh assessment of the part played by Jews in the establishment of the Soviet state of the turn in the policies of Jewish socialist parties after the first wave of mass pogroms and their efforts to attract Jews to the Red Army of Bolshevik policies concerning the Jewish population and of how these stances changed radically over the course of the Civil War

The History of the War Against Russia Edward Henry Nolan, 1856

The Popular Theatre Movement in Russia, 1862-1919 Gary Thurston, 1998 In The Popular Theatre Movement in Russia Gary Thurston illuminates the popular theater of pre revolutionary Russia which existed alongside the performing arts for the nation's economic elite He shows how from Peter the Great's creation of Europe's first theater for popular enlightenment to Lenin's decree nationalizing all Soviet theaters Russian rulers aggressively exploited this enduring art form for ideological ends rather than for its commercial potential After the emancipation of the serfs in 1861 educated Russians began to present plays as part of a crusade to civilize the peasants Relying on archival and published material virtually unknown outside Russia this study looks at how playwrights criticized Russian social and political realities how various groups perceived their plays and how the plays motivated viewers to change themselves or change their circumstances The picture that emerges is of a potent civic art influential in a way that eluded and challenged authoritarian control
