Russias New Politics The Management Of A Postcommunist Society

Robert Service

Russias New Politics The Management Of A Postcommunist Society:

Russia's New Politics Stephen White, 2000 Just as the Bolshevik revolution defined the early politics of the 20th century the transition from communist rule is the landmark event of its final years In this important 1999 textbook based on a wealth of references including interview and survey material Stephen White offers a full discriminating account of the dramatic process of change in what is still the world s largest country After an early chapter examining the Gorbachev legacy the book analyses the electoral process the powerful presidency and the intractable problem of economic reform Later chapters cover social divisions public opinion and foreign policy and a final chapter places the Russian experience within the wider context of democratisation Clearly written with numerous figures and illustrations this book takes up Russia s story from the author s best selling After Gorbachev to provide an unrivalled analysis of the politics of change in what is now the world s largest postcommunist society

Hegemony, International Political Economy and Post-Communist Russia Owen Worth, 2017-07-05 This illuminating book explores the neo Gramscian school of international political economy and their conceptualization of global hegemony and furthers these by looking at how the often fragmented society of post Communist Russia can provide insight into the nature and workings of neo liberal global hegemony The volume illustrates how historically Russia has been a unique case in rejecting Western inspired hegemonic projects It outlines how successive governments since the fall of the Soviet Union have attempted often unsuccessfully to integrate Russia into the global economy and identifies the multitude of ideological contestation within Russia It will prove a useful addition to the literature on both post Communist Russian studies and international political economy

Mothers and Soldiers Amy Caiazza, 2002-09-27 As the Soviet communist regime gave way to democracy the emergence of an entirely new political and social landscape had the potential to turn Russian society upside down In Mothers and Soldiers Organizing Men and Women in 1990s Russia Amy Caiazza looks at the effects of this seismic change on gender roles and specifically the role of women in a newly democratic Russia By observing through a gendered lens institutions like the military and the process of making public policy Caiazza finds that despite the institutional disruption the pattern of gender role ideologies maintained continuity from the former times while at the same time embracing aspects of Western feminism

Russia Neil Robinson, 2003-09-02 This invaluable text traces Russia s complex historical dvelopment in the last century its recent political troubles and economic misfortunes and its place in the contemporary international system

Post-Soviet Civil Society Anders Uhlin, 2006-03-20 The development of civil society has varied greatly across the former Soviet Union The Baltic states have achieved a high level of integration with the West and European Union membership while some regions in Russia lag far behind Now for the first time there is a comparative study of civil society and democratization across post Soviet national borders Acknowledging the enormous variation throughout the region the book offers unique data on developments in Russia Estonia Latvia and Lithuania Applying an innovative analytical framework derived from theories of

democratization civil society social movements and transnational relations the researchers have formulated broader comparisons and generalisations without neglecting the specific post Soviet context The book provides a systematic comparison across sectors as well as nations and includes chapters on NGOs the state and conflict and transnationalisation Quantitative survey data is combined with qualitative interviews and case study research to both confirm previous findings about the weakness of post communist civil society and to qualify previous research

Russian Politics and Society

Richard Sakwa, 2002-09-11 Sakwa's *Russian Politics and Society* is the most comprehensive study of Russia's post communist political development It has since its first publication in 1993 become an indispensable guide for all those who need to know about the current political scene in Russia about the country's political stability and about the future of democracy under its post communist leadership This is the ideal introductory textbook it covers all the key issues it is clearly written and it includes the most up to date material available For this third edition Sakwa has updated the text throughout to include details of Yeltsin's second term and the impact on Russian politics of the rise of his successor Vladimir Putin It also contains a substantially expanded bibliography and appendices showing election results chronology social and demographic figures and recent census data

The Russian Democratic Party Yabloko

David White, 2018-12-20 Western analysts have become increasingly concerned with President Putin's centralization and control with the term managed democracy becoming a byword for the state of the Russian polity In this important exploration David White examines the gradual electoral decline of Russia's leading liberal party the Yabloko Party In doing so he provides fascinating insights into the role of opposition the development of the party system and above all the quality of democracy in Russia under President Putin As an overtly democratic liberal reformist party with a strong pro Western orientation the place and role of Yabloko in Russian politics is of concern to those interested both in the establishment of democratic norms and the relative strength of political forces promoting democratic and market reforms in Russia

The Return of Ideology

Cheng Chen, 2016-07-06 As a nation makes the transition from communism to democracy or another form of authoritarianism its regime must construct not only new political institutions but also a new political ideology that can guide policy and provide a sense of mission The new ideology is crucial for legitimacy at home and abroad as well as the regime's long term viability In *The Return of Ideology* Cheng Chen compares post communist regimes with a focus on Russia under Putin and post Deng China investigating the factors that affect the success of an ideology building project and identifies the implications for international affairs Successful ideology building requires two necessary but not sufficient conditions The regime must establish a coherent ideological repertoire that takes into account the nation's ideological heritage and fresh surges of nationalism Also the regime must attract and maintain a strong commitment to the emerging ideology among the political elite Drawing on rich primary sources including interviews surveys political speeches writings of political leaders and a variety of publications Chen identifies the major obstacles to ideology building in modern Russia and China and assesses their respective long term prospects Whereas

creating a new regime ideology has been a protracted and difficult process in China it has been even more so in Russia The ability to forge an ideology is not merely a domestic concern for these two nations but a matter of international import as these two great powers move to assert and extend their influence in the world **Russia** Robert Service,2003 The first history of modern Russia from 1991 to the present day by one of the leading historians of the 20th century USSR and Russia In 1991 in a huge experiment with a people and in a state of euphoria Boris Yeltsin abolished the USSR and recreated the Russian nation At the point of its declaration it was in a state of economic and social disarray and yet there were high hopes Hopes which have subsequently been dashed Robert Service brings to bear his vast knowledge of the people and the country to put the recent upheavals into context and he shows that not everything changed for the worst 1991 The Gorbachev years have allowed the Russian people to give a priority to living a private life and shutting the door on the state They could think what they liked They could enjoy intellectual and religious freedom and indulge in recreations their income would allow Gays and Lesbians could come out The Youth culture could finally be loosed from constraints This is a broad political social and cultural history of one of the newest nations ever to be formed **Managing Cultural Diversity in Asia** Jawad Syed, Mustafa F. Ezbilgin,2010-01-01 This Companion provides an authoritative overview of how cultural diversity is managed in Asia Although the Asian context appears at first sight to be irreconcilably divergent in terms of diversity management approaches the contributing authors seek to explore thematic and geographical demarcations of the notions of cultural diversity and equality at work Managing Cultural Diversity in Asia not only examines cultural diversity management in a particular geography but also makes a distinct contribution to the wider theory of managing diversity and equality by revealing the significance of context time and place in framing policies and practices of management With empirical and conceptual contributions from eminent scholars from across the Asian continent as well as the Asian diaspora this volume highlights practices of equality and diversity management in settings across Asia and reveals the key drivers and implications of such practices This important and path breaking Companion will be an invaluable resource for both undergraduate and research based postgraduate students on international and comparative human resource management employment relations and industrial relations courses Nation-Building and Minority Politics in Post-Socialist States David Galbreath,2005-03-05 Despite socialism's best efforts ethnic identity remained a salient feature in Central and Eastern Europe Not only did ethno nationalism help to bring about the fall of the socialist regimes in this region but it also characterized much of the post socialist politics Nation Building and Minority Politics examines the issue of minority politics in post socialist states within this dual structure In particular it offers an in depth analysis of post restoration politics in Estonia and Latvia covering four issues First it looks at the historical context of the current group relations Second the study explores the domestic nature of minority politics in Estonia and Latvia by looking at domestic politics and policies Third it examines the role of the Russian Federation as an external national homeland through illustrating developments within Russian foreign policy Finally the book

analyses the role of three significant European organizations namely the OSCE EU and the Council of Europe as agents of conditionality Overall this study combines old and new theoretical approaches to nation building and minority politics to exhibit the changing nature of the relationship between majority minority external national homeland and international organizations in today s Europe

White House Studies Compendium Robert W. Watson,2007 brings together piercing analyses of the American presidency dealing with both current issues and historical events The compendia consists of the combined and rearranged issues of the journal White House Studies with the addition of a comprehensive subject index

Preface Russia's Bitter Path to Modernity Alexander Chubarov,2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia The Fragile Empire One of the key factors to Russia s distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia s Soviet development within Russia s own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former s mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states

Routledge Handbook of Russian Politics and Society Graeme Gill,James Young,2013-03-01 There is an ever burgeoning number of books analyzing the Russian experience or aspects of it This Handbook is the first single volume which gives both a broad survey of the literature as well as highlighting the cutting edge research in the area Through both empirical data and theoretical investigation each chapter in the Routledge Handbook Russian of Politics and Society examines both the Russian experience and the existing literature points to research trends and identifies issues that remain to be resolved Offering focused studies of the key elements of Russian social and political life the book is organized into the following broad themes General introduction Political institutions Political Economy Society Foreign Policy Politically economically and socially Russia has one of the most interesting development trajectories of any major country This Handbook seeks to answer questions about democratic transition the relationship between the market and democracy stability and authoritarian politics the development of civil society the role of crime and corruption and the creation of a market economy Providing a comprehensive resource for scholars and policy makers alike this book is an important contribution to the study of Russian Studies Eastern European studies and International Relations

The European

Mosaic David Gowland, Richard Dunphy, Charlotte Lythe, 2014-01-14 The European Mosaic is an up to date introduction to all aspects of the politics economics culture and recent history of the European Union in particular and Europe in general The European Mosaic effectively familiarizes students with EU issues that are currently in the news and likely to remain so for the foreseeable future It is a clear and accessible introduction to the European polity Its strongly interdisciplinary focus provides a multidimensional understanding of contemporary Europe of the process of European integration and of the dynamics of the European Union Suitable for undergraduate courses in European politics

Moscow and Havana 1917 to the Present Mervyn J. Bain, 2018-12-03 This book addresses the relationship between Moscow and Havana in the period from the Russian Revolution through the present i e from November 1917 onwards Its release is particularly timely due to both November 2017 being the 100th anniversary of the Russian Revolution as well as the historic election in Cuba in April 2018 when Miguel Díaz Canel replaced Raúl Castro as the President of Cuba Traditionally Moscow's interest in Cuba has been thought to have been ignited by the Cuban Revolution in January 1959 and ended by the implosion of the Soviet Union in December 1991 This book examines why a bilateral relationship has existed throughout the last century specifically in three distinct periods 1 from the time of the Russian Revolution until the Cuban Revolution 2 from January 1959 until December 1991 and 3 the post Soviet period from 1992 until the present It also analyzes the questions of what within the relationship drew the two countries together in these three disparate periods when in only one January 1959 to December 1991 did the relationship exist between two socialist governments It offers a number of different conclusions including that although each period of the relationship has its own peculiarities and nuances a number of commonalities exist between the three eras Consequently it is posited that due to these commonalities the contemporary bilateral relationship remains important for both countries and is likely to continue in its present form for the short to medium term despite the historic change which occurred in Cuba in April 2018

How Russia Is Not Ruled Allen C. Lynch, 2005-01-10 The state remains as important to Russia's prospects as ever This is so not only because as in any society an effectively functioning state administration is necessary to the proper functioning of a complex economy and legal system but also because in Russian circumstances factors of economic geography tend to increase costs of production compared to the rest of the world These mutually reinforcing factors include the extreme severity of the climate the immense distances to be covered the dislocation between European population centers and Siberian natural resource centers and the inevitable predominance of relatively costly land transportation over sea borne transportation As a result it is questionable whether Russia can exist as a world civilization under predominantly liberal economic circumstances in a unified liberal global capital market large scale private direct capital investment will not be directed to massive outdoor infrastructure projects typical of state investment in the Soviet period

The Politics of HIV/AIDS in Russia Ulla Pape, 2013-10-01 This book studies the role of civil society organisations in the fight against HIV AIDS in Russia It looks at how Russia's HIV AIDS epidemic has developed into a

serious social economic and political problem and how according to the United Nations Programme on HIV AIDS UNAIDS Russia is currently facing the biggest HIV AIDS epidemic in all of Europe with an estimated number of 980 000 people living with HIV in 2009 The book investigates civil society organisations contribution to social change and civil society development in post Soviet Russia and thus situates a specific type of civil society actors into a broader socio political context and questions their ability to represent civic interests particularly in the field of social policy making and health This allows for a better understanding of the dynamics of state society relations in present day Russia and gives insight into the ways HIV AIDS NGOs in Russia have used transnational ties in order to exert influence on domestic policy making in the field of HIV AIDS

The Oxford Handbook of Postwar European History Dan Stone, 2012-05-17 The postwar period is no longer current affairs but is becoming the recent past As such it is increasingly attracting the attentions of historians Whilst the Cold War has long been a mainstay of political science and contemporary history recent research approaches postwar Europe in many different ways all of which are represented in the thirty five chapters of this book As well as diplomatic political institutional economic and social history The Oxford Handbook of Postwar European History contains chapters which approach the past through the lenses of gender espionage art and architecture technology agriculture heritage postcolonialism memory and generational change and shows how the history of postwar Europe can be enriched by looking to disciplines such as anthropology and philosophy The Handbook covers all of Europe with a notable focus on Eastern Europe Including subjects as diverse as the meaning of Europe and European identity southern Europe after dictatorship the cultural meanings of the bomb the 1968 student uprisings immigration Americanization welfare leisure decolonization the Wars of Yugoslav Succession and coming to terms with the Nazi past the essays in this Handbook offer an unparalleled coverage of postwar European history that offers far more than the standard Cold War framework Readers will find self contained state of the art analyses of major subjects each written by an acknowledged expert as well as stimulating and novel approaches to newer topics Combining empirical rigour and adventurous conceptual analysis this Handbook offers in one substantial volume a guide to the numerous ways in which historians are now rewriting the history of postwar Europe

Religious Liberty in Transitional Societies John Anderson, 2003-08-14 It is commonly assumed that the issue of religion declines in political significance as societies modernise However the upheaval associated with the shift from authoritarian to more open regimes can be accompanied by a revitalisation of religion Individuals within these societies are struggling to find meaning in the seeming chaos of political change religious elites are seeking to define their own role within the new order and political elites are looking for new ways of ensuring legitimacy and building national unity In this book John Anderson constructs a theoretical framework where he compares and contrasts the politics of religious liberty in two Southern European countries two Central Eastern European countries and the evolution of the former USSR particularly Russia Exploring these issues of religious recognition and religious diversity Anderson attempts to expose the wider problem

of creating a democratic mentality in such transitional societies through extensive original research and interviews

Whispering the Techniques of Language: An Psychological Journey through **Russias New Politics The Management Of A Postcommunist Society**

In a digitally-driven earth where monitors reign supreme and quick communication drowns out the subtleties of language, the profound strategies and mental nuances hidden within phrases frequently get unheard. Yet, nestled within the pages of **Russias New Politics The Management Of A Postcommunist Society** a fascinating literary prize sporting with fresh thoughts, lies an extraordinary quest waiting to be undertaken. Russias New Politics The Management Of A Postcommunist Society Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Russias New Politics The Management Of A Postcommunist Society PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making

research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Russias New Politics The Management Of A Postcommunist Society PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Russias New Politics The Management Of A Postcommunist Society free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Russias New Politics The Management Of A Postcommunist Society Books

1. Where can I buy Russias New Politics The Management Of A Postcommunist Society books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
