Women, Art and the New Deal Katherine H. Adams, Michael L. Keene, 2016-01-04 In 1935 the United States Congress began employing large numbers of American artists through the Works Progress Administration fiction writers photographers poster artists dramatists painters sculptors muralists wood carvers composers and choreographers as well as journalists historians and researchers Secretary of Commerce and supervisor of the WPA Harry Hopkins hailed it a renaissance of the arts if we can call it a rebirth when it has no precedent in our history Women were eminently involved creating a wide variety of art and craft interweaving their own stories with those of other women whose lives might not otherwise have received attention This book surveys the thousands of women artists who worked for the U S government the historical and social worlds they described and the collaborative depiction of womanhood they created at a pivotal moment in American history **Aaron Copland and His World** Carol J. Oja, Judith Tick, 2018-06-05 Aaron Copland and His World reassesses the legacy of one of America's best loved composers at a pivotal moment as his life and work shift from the realm of personal memory to that of history This collection of seventeen essays by distinguished scholars of American music explores the stages of cultural change on which Copland's long life 1900 to 1990 unfolded from the modernist experiments of

the 1920s through the progressive populism of the Great Depression and the urgencies of World War II to postwar political backlash and the rise of serialism in the 1950s and the cultural turbulence of the 1960s. Continually responding to an ever changing political and cultural panorama, Copland kept a firm focus on both his private muse and the public he served. No self absorbed recluse, he was very much a public figure who devoted his career to building support systems to help composers function productively in America. This book critiques Copland's work in these shifting contexts. The topics include Copland's role in shaping an American school of modern dance, his relationship with Leonard Bernstein, his homosexuality especially as influenced by the writings of Andr  Gide, and explorations of cultural nationalism. Copland's rich correspondence with the composer and critic Arthur Berger, who helped set the parameters of Copland's reception, is published here in its entirety, edited by Wayne Shirley. The contributors include Emily Abrams, Paul Anderson, Elliott Antokoletz, Leon Botstein, Martin Brody, Elizabeth Crist, Morris Dickstein, Lynn Garafola, Melissa de Graaf, Neil Lerner, Gail Levin, Beth Levy, Vivian Perlis, Howard Pollack, and Larry Starr.

Aaron Copland Howard Pollack, 2015-09-01. A candid and fascinating portrait of the American composer. The son of Russian Jewish immigrants, Aaron Copland (1900-1990) became one of America's most beloved and esteemed composers. His work, which includes *Fanfare for the Common Man*, *A Lincoln Portrait*, and *Appalachian Spring*, has been honored by a huge following of devoted listeners. But the full richness of Copland's life and accomplishments has never until now been documented or understood. Howard Pollack's meticulously researched and engrossing biography explores the symphony of Copland's life: his childhood in Brooklyn, his homosexuality, Paris in the early 1920s, the Alfred Stieglitz circle, his experimentation with jazz, the communist witch trials, Hollywood in the forties, public disappointment with his later intellectual work, and his struggle with Alzheimer's disease. Furthermore, Pollack presents informed discussions of Copland's music, explaining and clarifying its newness and originality, its aesthetic and social aspects, its distinctive and enduring personality. Not only a success in its own right, but a valuable model of what biography can and probably should be.

Frankie and Johnny Stacy I. Morgan, 2017-04-18. Winner, Wayland D. Hand Prize, American Folklore Society, 2018. Originating in a homicide in St. Louis in 1899, the ballad of Frankie and Johnny became one of America's most familiar songs during the first half of the twentieth century. It crossed lines of race, class, and artistic genres, taking form in such varied expressions as a folk song performed by Huddie Ledbetter, Lead Belly; a ballet choreographed by Ruth Page and Bentley Stone under New Deal sponsorship; a mural in the Missouri State Capitol by Thomas Hart Benton; a play by John Huston; a motion picture, *She Done Him Wrong*, that made Mae West a national celebrity; and an anti-lynching poem by Sterling Brown. In this innovative book, Stacy I. Morgan explores why African American folklore and *Frankie and Johnny*, in particular, became prized source material for artists of diverse political and aesthetic sensibilities. He looks at a confluence of factors, including the Harlem Renaissance, the Great Depression, and resurgent nationalism, that led those creators to engage with this ubiquitous song. Morgan's research uncovers the wide range of work that artists called upon African American folklore to

perform in the 1930s as it alternately reinforced and challenged norms of race gender and appropriate subjects for artistic expression He demonstrates that the folklorists and creative artists of that generation forged a new national culture in which African American folk songs featured centrally not only in folk and popular culture but in the fine arts as well **Frederic Franklin** Leslie Norton, Frederic Franklin, 2007-07-19 With a ballet career spanning well over eight decades legendary dancer Frederic Franklin was one of the twentieth century s great ballet stars This biography rich with original interviews covers his entire career from young dance student in the early 1920s to his most recent position as choreographer with Britain s Royal Ballet in November 2004 Each chapter covers a different period of Franklin s life including the peak of his performing career as a principal dancer with the Ballet Russe de Monte Carlo his legendary professional partnership with Alexandra Danilova and his role in introducing ballet to millions of Americans during World War II **The Ballets Russes and Its World** Lynn Garafola, Nancy Van Norman Baer, Nancy Baer, 1999-01-01 The dance art music and cultural worlds of the Ballets Russes a dance company which helped define the avant garde in the early part of this century are surveyed in this book which begins with Serge Diaghilev s influence 200 illustrations **African-American Concert Dance** John O. Perpener, 2001 Provides biographical and historical information on a group of African American artists who worked during the 1920s 1930s and 1940s to legitimize dance of the African diaspora as a serious art form *The Composer and Dance Collaboration in the Twentieth Century* Sandra Sedman Yang, 1997 **Biographies of American Women** Patricia E.
