Rwandas Genocide The Politics Of Global Justice:

Rwanda's Genocide K. Moghalu, 2005-11-18 In *Rwanda's Genocide* Kingsley Moghalu provides an engrossing account and analysis of the international political brinkmanship embedded in the quest for international justice for Rwanda's genocide. He takes us behind the scenes to the political and strategic factors that shaped a path-breaking war crimes tribunal and demonstrates why the trials at Arusha like Nuremberg, Tokyo and the Hague are more than just prosecutions of culprits but also politics by other means. This is the first serious book on the politics of justice for Rwanda's genocide. Moghalu tells this gripping story with the authority of an insider, elegant and engaging writing and intellectual mastery of the subject matter.

Global Justice Kingsley Chiedu Moghalu, 2006-10-30 After a controversial war in which he was ousted and captured by United States forces, Saddam Hussein was arraigned before a war crimes tribunal. Slobodan Milosevic died midway through his contentious trial by an international war crimes tribunal at The Hague. Calls for intervention and war crimes trials for the massacres and rapes in Sudan's Darfur region have been loud and clear and the United States remains fiercely opposed to the permanent International Criminal Court. Are war crimes trials impartial, apolitical forums? Has international justice for war crimes become an entrenched aspect of globalization? In *Global Justice*, Moghalu examines the phenomenon of war crimes trials from an unusual political perspective: that of an anarchical international society. Are war crimes trials impartial, apolitical forums? Has international justice for war crimes become an entrenched aspect of globalization? In *Global Justice*, Moghalu examines the phenomenon of war crimes trials from an unusual political perspective: that of an anarchical international society. He argues that contrary to conventional wisdom, war crimes trials are neither motivated nor influenced solely by abstract notions of justice. Instead, war crimes trials are the product of the interplay of political forces that have led to an inevitable clash between globalization and sovereignty on the sensitive question of who should judge war criminals. From Germany's Kaiser Wilhelm to the Japanese Emperor Hirohito, from the trials of Milosevic, Saddam Hussein and Charles Taylor to Belgium's attempts to enforce the contested doctrine of universal jurisdiction, Moghalu renders a compelling tour de force of one of the most controversial subjects in world politics. He argues that necessary though it was, international justice has run into a crisis of legitimacy. While international trials will remain a policy option, local or regional responses to mass atrocities will prove more durable.

International Justice in Rwanda and the Balkans Victor Peskin, 2008-03-03 Today's international war crimes tribunals lack police powers and therefore must prod and persuade defiant states to co-operate in the arrest and prosecution of their own political and military leaders. Victor Peskin's comparative study traces the

development of the capacity to build the political authority necessary to exact compliance from states implicated in war crimes and genocide in the cases of the International War Crimes Tribunals for the former Yugoslavia and Rwanda Drawing on 300 in depth interviews with tribunal officials Balkan and Rwandan politicians and Western diplomats Peskin uncovers the politicized protracted and largely behind the scenes tribunal state struggle over co operation [Encyclopedia of Global Justice](#) Deen K. Transitional Justice in Rwanda Gerald Gahima, 2013-02-15 Transitional Justice in Rwanda Accountability for Atrocity comprehensively analyzes the full range of the transitional justice processes undertaken for the Rwandan genocide Drawing on the author's extensive professional experience as the principal justice policy maker and the leading law enforcement officer in Rwanda from 1996-2003 the book provides an in depth analysis of the social political and legal challenges faced by Rwanda in the aftermath of the genocide and the aspirations and legacy of transitional justice The book explores the role played by the accountability processes not just in pursuing accountability but also in shaping the reconstruction of Rwanda's institutions of democratic governance and political reconciliation Central to this exploration will be the examination of whether or not transitional justice in Rwanda has contributed to a foundational rule of law reform process While recognizing the necessity of pursuing accountability for mass atrocity the book argues that a maximal approach to accountability for genocide may undermine the promotion of core objectives of transitional justice Taking on one of the key questions facing practitioners and scholars of transitional justice today the book suggests that the pursuit of mass accountability particularly where socio economic resources and legal capacity is limited may destabilize the process of rule of law reform endangering core human rights norms Moreover the book suggests that pursuing a strategy of mass accountability may undermine the process of democratic transition particularly in a context where impunity for crimes committed by the victors of armed conflicts persists Highlighting the ongoing democratic deficit in Rwanda and resulting political instability in the Great Lakes region the book argues that the effectiveness of transitional justice ultimately hinges on the nature and success of political transition

Political Theory of Global Justice Luis Cabrera, 2006-02-03 This book offers a moral argument for world government claiming that not only do we have strong obligations to people elsewhere but that accountable integration among nation states will help ensure all persons can lead a decent life

Hiding in Plain Sight Eric Stover, Victor Peskin, Alexa Koenig, 2016-04-12 Hiding in Plain Sight tells the story of the global effort to apprehend the world's most wanted fugitives Beginning with the flight of an estimated thirty thousand Nazi war criminals after the Second World War then moving on to the question of justice following the recent Balkan wars and the Rwandan genocide and ending with the establishment of the International Criminal Court and America's pursuit of suspected terrorists in the aftermath of 9/11 the book explores the range of diplomatic and military strategies both successful and unsuccessful

that states and international courts have adopted to pursue and capture war crimes suspects It is a story fraught with broken promises backroom politics ethical dilemmas and daring escapades all in the name of international justice and human rights In this exhaustively researched and compelling written work of political and judicial history the authors argue that while the legal and operational regimes needed to apprehend and deliver suspected war criminals to justice are largely in place the political will on the part of states to make arrests happen in a consistent and apolitical manner remains elusive And until this situation is rectified murderers will get away with murder and torturers will retire with pensions Provided by publisher

International Criminal Tribunals and Domestic Accountability Patryk I. Labuda, 2023-05-17 In the 1990s the promise of justice for atrocity crimes was associated with the revival of international criminal tribunals ICTs More recently however there has been a renewed emphasis on domestic accountability for international crimes across the globe In identifying a complementarity turn a paradigm shift toward domestic accountability in the field of international criminal justice this book investigates how the shadow of international criminal tribunals influences the treatment of serious crimes at the national level Drawing on research and interviews in Rwanda the Democratic Republic of Congo and Sierra Leone this book develops a tripartite framework to analyse how states and tribunals work with despite or against one another in the fight against impunity While international prosecutors and judges use the principle of complementarity to foster cooperation and decrease tension with government actors Patryk I Labuda argues that too much deference by ICTs toward states reduces the likelihood of accountability and may enable national elites to consolidate authoritarian power By interrogating how international accountability stakeholders relate to their domestic counterparts *International Criminal Tribunals and Domestic Accountability* advocates improvements to ICTs institutional design and more dynamic interactions with states to strengthen the enforcement of international criminal law

International Migration and Global Justice Satvinder Juss, 2016-04-22 How should international law approach the critical issue of movement of peoples in the 21st century This book presents a radical reappraisal of this controversial problem Challenging present day ideas of restrictions on freedom of movement and the international structure that controls entry to states it argues for a new blueprint for international migration policy that eliminates waste aids both developing and developed societies and brings attendant benefits to voluntary migrants and involuntary refugees alike In a world of increasing disorder it is suggested that current policy only adds to international instability and threatens the interests of a functional global community

Breaking the Cycle of Mass Atrocities Marina Aksenova, Elies van Sliedregt, Stephan Parmentier, 2019-05-02 *Breaking the Cycle of Mass Atrocities* investigates the role of international criminal law at different stages of mass atrocities shifting away from its narrow understanding solely as an instrument of punishment of those most responsible The book is premised on the idea that there are distinct phases of collective violence and international criminal law contributes in one way or another to each phase The authors therefore explore various possibilities for international criminal law to be of assistance in breaking the vicious cycle at its different

junctures Comparative, International, and Global Justice Cyndi Banks, James Baker, 2015-09-23 Comparative International and Global Justice Perspectives from Criminology and Criminal Justice presents and critically assesses a wide range of topics relevant to criminology criminal justice and global justice The text is divided into three parts comparative criminal justice international criminology and transnational and global criminology Within each field are located specific topics which the authors regard as contemporary and highly relevant and that will assist students in gaining a fuller appreciation of global justice issues Authors Cyndi Banks and James Baker address these complex global issues using a scholarly but accessible approach often using detailed case studies The discussion of each topic is a comprehensive contextualized account that explains the social context in which law and crime exist and engages with questions of explanation or interpretation The authors challenge students to gain knowledge of international and comparative criminal justice issues and think about them in a critical manner It has become difficult to ignore the global and international dimensions of criminal justice and criminology and this text aims to enhance criminal justice education by focusing on some of the issues engaging criminology worldwide and to prepare students for a future where fields of study like transnational crime are unexceptional **The International Criminal Court in an Effective Global Justice System** Linda E. Carter, Mark S. Ellis, Charles Chernor Jalloh, 2016-11-25 International tribunals need to interface effectively with national jurisdictions which includes coordination with domestic judicial prosecutions as well as an appreciation for other non judicial types of transitional justice In this book the authors analyze the earlier international tribunals established since the 1990s and the parallel national proceedings for each In examining the ways in which the ICC can best coordinate with national processes this book considers the ICC s present interactions with national jurisdictions and the statutory framework of the Rome Statute for interface with national jurisdictions **Genocide and International Justice** Rebecca Joyce Frey, 2009 Presents a guide to the issues of genocide and international justice including global and primary sources important documents research tools organizations and notable persons *Assisting International Justice* Tom Buitelaar, 2023 Although the International Criminal Court as the only permanent international court that addresses crimes against humanity genocide and war crimes has important potential to end impunity and find justice for victims of these atrocities it is dependent on others for almost all aspects of its functioning Member states have often been fair weather friends which is why the Court has frequently relied on the peacekeeping operations that the UN deploys in the field Assisting International Justice improves our understanding of the conditions under which UN peacekeepers address impunity in their mission areas Over the past two decades UN peacekeepers have provided logistical assistance and security to Court investigators shared large amounts of information and have even been involved in the arrest of Court suspects But their track record has been inconsistent Despite the empirical importance of this phenomenon we know precious little about the conditions under which it occurs This book will seek to fill that gap by presenting a first of its kind single country case study of assistance provided by the UN mission in the Democratic Republic

of Congo and a plausibility probe of other peace operations in ICC situation countries It relies on new empirical material including over 130 interviews of key decision makers and comprehensive archival research The book will be of interest to readers interested in UN peacekeeping and international criminal justice as it sheds light on how the UN navigates the terrain of conflict mediation and punitive accountability and the collaborative but contingent relationship between the UN and the ICC
