Excavations at the Priory of the Order of the Hospital of St John of Jerusalem, Clerkenwell, London Barney Sloane, Gordon Malcolm, 2004 Beyond the ceremonial inner court lay a unique outer precinct filled with the houses and gardens of the English Priory's most important financial officials. This element of the priory previously unrecognised is revealed here through study of the very extensive documentation for the 15th and 16th centuries. Rich architectural evidence includes a very important group of 16th century terracotta mouldings while the faunal and botanical remains from rubbish pits provide important evidence of consumption, the local environment and industry.
