Socrates and the Fat Rabbis Daniel Boyarin, 2009-09-28 What kind of literature is the Talmud To answer this question Daniel Boyarin looks to an unlikely source the dialogues of Plato In these ancient texts he finds similarities both in their combination of various genres and topics and in their dialogic structure But Boyarin goes beyond these structural similarities arguing also for a cultural relationship In *Socrates and the Fat Rabbis* Boyarin suggests that both the Platonic and the talmudic dialogues are not dialogic at all Using Michael Bakhtin's notion of represented dialogue and real dialogism Boyarin demonstrates through multiple close readings that the give and take in these texts is actually much closer to a monologue in spirit At the same time he shows that there is a dialogism in both texts on a deeper structural level between a voice of philosophical or religious dead seriousness and a voice from within that mocks that very high solemnity at the same time Boyarin ultimately singles out Menippean satire as the most important genre through which to understand both the Talmud and Plato emphasizing their seriocomic peculiarity An innovative advancement in rabbinic studies as well as a bold and controversial new way of reading Plato *Socrates and the Fat Rabbis* makes a major contribution to scholarship on thought
