Smith, 2012-12-05 This book provides three categories of investigation 1 The Typology and Context of the Greco Roman Banquet 2 Who Was at the Greco Roman Banquets and 3 The Culture of Reclining Together these studies establish festive meals as an essential lens into social formation in the Greco Roman world

Cataloging Policy and Support Office, 2009 **Paul and the Lord's Supper** Panayotis Coutsoumpas, 2005 Most of Paul's letters especially First Corinthians were written in the context of conflict with troublemaking opponents and the social dilemma at the Lord's Supper in Corinth First Corinthians provides a unique glimpse into the social custom of the Christian congregation in a Greco Roman environment during the early years of the Christian Church Much effort has gone into reconstructing what happened at the Lord's Supper and the social issues that were involved More recently attention has focused on the Corinthian congregation itself and how Paul solved the issue of idol food and dining in a pagan temple

**The Gospel of John** Rudolf Bultmann, 2014-08-15 As the first volume in the Johannine Monograph Series The Gospel of John A Commentary by Rudolf Bultmann well deserves this place of pride Indeed this provocative commentary is arguably the most important New Testament monograph in the twentieth century perhaps second only to The Quest of the Historical Jesus by Albert Schweitzer In contrasting Bultmann's and Schweitzer's paradigms however we find that Bultmann's is far more technically argued and original commanding hegemony among other early Christianity paradigms Ernst Haenchen has described Bultmann's commentary as a giant oak tree in whose shade nothing could grow and indeed this reference accurately describes its dominance among Continental Protestant scholarship over the course of several decades

**Fundamentals of Early Christianity** George Luther Clark, 1928 St. Paul and the Mystery-Religions H. A. A. Kennedy, 2017-03-10 Ours is an age of new things In no province is this more apparent than in that of New Testament interpretation And no section of the New Testament continues to stimulate more revolutionary theories than the Pauline Epistles It is true that discussions of authenticity have lost the importance assigned to them by scholars of the earlier time like Baur or by later critical investigators like Van Manen The emphasis has been shifted The primary question at issue is the

essential nature of St Paul's view of the Christian faith From Chapter One **Historical and literary studies** Bruce M. **New Testament in the Twentieth Century** Maurice Jones, 1914 **African Christianity Rises: Eucharistic inculturation in Igbo Catholicism** David Asonye Ihenacho, 2004 It is a terrible irony that notwithstanding what can be described as the miraculous achievements of the Catholic Church in Igbo land especially in numbers and structures Igbo Catholicism as a project has remained largely stalled both in theological reflection and other critical activities associated with it Igbo Catholicism perhaps ranks dead last among its peers in indigenous theological activities With regard to theological reflection the Church in Igbo land looks like a dormant volcano The potential for eruption is there for everybody to see Yet she does not seem to be able to release the first surge of the molten lava Eucharist and Globalization Cláudio Carvalhaes, 2013-10-30 The ritual of eating and drinking together is one of the most important Christian events Often called Eucharist Lord's Supper or Communion this sacrament is about the presence of Christ transforming not only those who participate in it but also the world In this book the author engages this Christian liturgical act with movements of people around our globalized world and checks the sacramental borders of hospitality The author calls our attention to the sacramental practices of Reformed churches and from this liturgical practice challenges Christian churches to expand the borders of hospitality Engaging several critical lenses around the notion of the sacrament namely Greco Roman meals Calvin's theology and feminist and Latin American theologies the author challenges theological and liturgical understandings of the Eucharist He fosters an interreligious dialogue around the table and ends up using ritual theory to expand the circles of traditions vocabularies and practices around the sacrament Proposing a borderless border eucharistic hospitality the author encourages readers to ask who and where we are when we get together to eat and drink and how this liturgical act around Jesus table meal can transform the lives of the poor our communities societies and the world The Mystery-Religions S. Angus, 2012-04-30 Classic study explores the Eleusinian mysteries of ancient Greece Asiatic cults of Cybele the Magna Mater and Attis Dionysian groups Orphics Egyptian devotees of Isis and Osiris Mithraism and others *A Social History of Christian Origins* Simon J. Joseph, 2022-12-30 A Social History of Christian Origins explores how the theme of the Jewish rejection of Jesus embedded in Paul's letters and the New Testament Gospels represents the ethnic social cultural and theological conflicts that facilitated the construction of Christian identity Readers of this book will gain a thorough understanding of how a central theme of early Christianity the Jewish rejection of Jesus facilitated the emergence of

Christian anti Judaism as well as the complex and multi faceted representations of Jesus in the Gospels of the New Testament This study systematically analyzes the theme of social rejection in the Jesus tradition by surveying its historical and chronological development Employing the social psychological study of social rejection social identity theory and social memory theory Joseph sheds new light on the inter relationships between myth history and memory in the study of Christian origins and the contemporary re construction of the historical Jesus A Social History of Christian Origins is primarily intended for academic specialists and students in ancient history biblical studies New Testament studies Religious Studies Classics as well as the general reader interested in the beginnings of Christianity
